## **Planning Committee**

**19 August 2020**

### **Late Representations**

Since the last date for the submission of views on applications/matters before the Committee this evening, representations in respect of the under mentioned applications/ matters have been received. The letters, copies of which will be available for inspection by councillors at the meeting, are summarised below.

#### **Item 6 – Planning Applications**

##### **19/P/01003 and 20/P/01011 – (Pages 29 and 121) Land to the north of, Heath Drive, Send, GU23 7EP**

Tree comments:

The Council's tree officer re-visited the site prior to 29 July and confirms opinion that the majority to be felled to facilitate development are multi-stemmed, poor quality Sycamore that have regenerated post the 1997 clear-felling.

The development will allow for woodland enhancements and improved 'legal' access for the public.

Nothing significant in regard to White Poplars.

There is significant opportunity for quality native tree planting to improve the biodiversity and structure of the remaining woodland.

##### **20/P/01011 (Page 121):**

Since writing the report a further 5 letters of objection have been received from residents, total number of objections is 31. These reiterate previous comments made and documented in the existing committee report.
