- (1) That the Council Size Submission, attached at Appendix 1 to the report submitted to the Council, and its stated preference for maintaining a Council size of 48 Councillors, be approved and presented to the Local Government Boundary Commission for England.

Comments:

Councillor Joss Bigmore

Alteration of Motion:

Under Council Procedure Rule 15 (o), Councillor Deborah Seabrook, as the mover of the original motion, has indicated that, with the consent of her seconder and of the meeting, she wishes to alter paragraph (1) of her motion in accordance with the proposed alteration below. The Deputy Mayor will put the proposed alteration to a vote without debate. If approved, Councillor Seabrook's motion, as altered, will become the substantive motion for debate to which amendments may subsequently be moved.

Alter paragraph (1) of the motion so that it reads (*changes shown in italics*):

“(1) That, *subject to the amendments below*, the Council Size Submission, attached at Appendix 1 to the report submitted to the Council, and its stated preference for maintaining a Council size of 48 Councillors, be approved and presented to the Local Government Boundary Commission for England:

- (1) On page 17 of the revised draft Submission (page 30 of the Council agenda), after “*There are no plans to introduce area planning committees.*”, add the following paragraph:

“All councillors are involved in the planning process dealing with enquiries from residents regarding planning applications. Planning Committee members will have a significantly greater involvement as they deal with those applications referred to the committee for determination, most of which are locally sensitive or controversial. Meetings of the Planning Committee often take three hours or more to complete and committee members can expect to need several hours to read and understand the plans, respond to residents’ representations, and visit particular sites. Planning applications in respect of strategic sites identified in the Local Plan, will carry even greater sensitivity and will require a significant time commitment from councillors on the Committee, in addition to the normal business.”

- (2) On page 28 of the revised draft Submission (page 41 of the Council agenda), under “Alternatives”

- (a) amend the first paragraph as follows:

“In considering the appropriate Council size, we have looked at the implications of reducing the number of councillors to 44 fewer than 48 but feel that this would not provide sufficient Councillor capacity to undertake the range of roles set out in this proposal or offer sufficient community leadership. It is also recognised that the Borough will continue to see significant population growth in view of the anticipated housing development, for example at the various strategic sites identified in the Local Plan. and, We therefore believe that a reduction in number of councillors would result in an increase in electorate represented by each councillor and an increase in councillor workload in terms of casework and community leadership.”

(b) substitute the following in place of the second paragraph:

*“We have also looked at a comparable increase in councillor numbers (an increase of three councillors was awarded to Guildford in 1998 and the borough’s population has increased by 25% since then). An increase of, say, four to 52 councillors would still mean each councillor represents 2279 each by 2026 (128 electors per councillor more than present 2151) and more thereafter. **However, the financial implications of a general increase in councillor numbers would be hard to justify in the current difficult financial climate.** As stated above, once the warding review has been undertaken and the need for possible adjustments in councillor numbers taken into account to achieve appropriate revised ward boundaries, we reiterate that this should be by an adjustment by way of an increase in councillor numbers rather than a reduction, for the reasons articulated in this Submission.”*

- (3) On page 29 of the revised draft Submission (page 42 of the Council agenda), add the following paragraph to the “Conclusion” immediately before “*The Council also wishes to continue with all-out elections every four years*”:

“On the basis of the Commission’s expectation (as stated in their guidance) that the Council makes a submission for a council size that we believe is right for our authority and which enables the Council to “represent communities in the future and ensure that governance arrangements reflect our long term ambitions”, and takes into account future trends, we believe that the Council size should be at least 48”.
