30 July 2018

Dear Councillor

Your attendance is requested at a meeting of the **CORPORATE GOVERNANCE AND STANDARDS COMMITTEE** to be held in the Council Chamber, Millmead House, Millmead, Guildford, Surrey GU2 4BB on **TUESDAY 7 AUGUST 2018** at **7.00 pm**.

Yours faithfully

James Whiteman
Managing Director

MEMBERS OF THE COMMITTEE

Chairman: Councillor Richard Billington
Vice-Chairman: Councillor Alexandra Chesterfield

Councillor Nils Christiansen
Councillor Colin Cross
Councillor Andrew Gomm
Councillor Mike Hurdle
Councillor Nigel Kears

Mrs Maria Angel MBE
Mr Charles Hope
Ms Geraldine Reffo
Mr Ian Symes

*Independent member

^ Parish member

Authorised Substitute Members:

Councillor David Goodwin (Substitute)
Councillor Liz Hogger (Substitute)
Councillor Christian Holliday (Substitute)
Councillor Susan Parker (Substitute)

Councillor Dennis Paul (Substitute)
Councillor David Quelch (Substitute)
Councillor David Reeve (Substitute)
Councillor Caroline Reeves (Substitute)

WEBCASTING NOTICE

This meeting will be recorded for live and/or subsequent broadcast on the Council's website in accordance with the Council's capacity in performing a task in the public interest and in line with the Openness of Local Government Bodies Regulations 2014. The whole of the meeting will be recorded, except where there are confidential or exempt items, and the footage will be on the website for six months.

If you have any queries regarding webcasting of meetings, please contact Committee Services.

QUORUM 3

THE COUNCIL'S STRATEGIC FRAMEWORK

Vision – for the borough

For Guildford to be a town and rural borough that is the most desirable place to live, work and visit in South East England. A centre for education, healthcare, innovative cutting-edge businesses, high quality retail and wellbeing. A county town set in a vibrant rural environment, which balances the needs of urban and rural communities alike. Known for our outstanding urban planning and design, and with infrastructure that will properly cope with our needs.

Three fundamental themes and nine strategic priorities that support our vision:

- | | |
|---------------------|--|
| Place-making | Delivering the Guildford Borough Local Plan and providing the range of housing that people need, particularly affordable homes |
| | Making travel in Guildford and across the borough easier |
| | Regenerating and improving Guildford town centre and other urban areas |
| Community | Supporting older, more vulnerable and less advantaged people in our community |
| | Protecting our environment |
| | Enhancing sporting, cultural, community, and recreational facilities |
| Innovation | Encouraging sustainable and proportionate economic growth to help provide the prosperity and employment that people need |
| | Creating smart places infrastructure across Guildford |
| | Using innovation, technology and new ways of working to improve value for money and efficiency in Council services |

Values for our residents

- We will strive to be the best Council.
- We will deliver quality and value for money services.
- We will help the vulnerable members of our community.
- We will be open and accountable.
- We will deliver improvements and enable change across the borough.

AGENDA

ITEM

1 APOLOGIES FOR ABSENCE AND NOTIFICATION OF SUBSTITUTE MEMBERS

2 LOCAL CODE OF CONDUCT - DISCLOSURE OF INTERESTS

In accordance with the local Code of Conduct, a councillor is required to disclose at the meeting any disclosable pecuniary interest (DPI) that they may have in respect of any matter for consideration on this agenda. Any councillor with a DPI must not participate in any discussion or vote regarding that matter and they must also withdraw from the meeting immediately before consideration of the matter.

If that DPI has not been registered, you must notify the Monitoring Officer of the details of the DPI within 28 days of the date of the meeting.

2017-18 Audit Findings Report: Year Ended 31 March 2018

Executive Summary

The audit of the 2017-18 accounts is complete and the independent auditor intends to issue an unqualified opinion on the financial statements, which the CFO will re-certify in accordance with the Accounts and Audit Regulations 2015 immediately after the Committee meeting. The auditors have issued an Audit Findings report, which is included in Appendix 1, along with a management action plan (Audit Findings Report, Appendix A).

The auditors found a one material misstatements which affected the primary financial statements but not the overall financial position of the Council. This was a complex accounting issue that has been amended in the accounts. They also found two omissions one relating to the depreciation on the crematorium not being written back to gross cost at the point of revaluation and £3.414 million of capital assets classified as operational assets but should be assets under construction in note 25. There are also some minor changes that are not individually significant enough to warrant separate disclosure in the findings report.

The auditors propose to give an unqualified Value for Money conclusion. Their recommendations relating to value for money are included in the action plan. The key points relate to the medium term financial plan and the general fund capital programme.

The Chairman of the Corporate Governance and Standards Committee is required to issue a letter of representation on behalf of the Council to the auditors to provide assurance over the management framework operating at the Council and the disclosures in the accounts. A copy of the proposed letter is provided at Appendix 2.

Recommendation to Committee

- (1) That Grant Thornton's Audit Findings report, as set out in Appendix 1 to this report, be noted together with the management responses provided in the action plan, as set out

as Appendix A to Appendix 1.

- (2) That the letter of representation, as set out in Appendix 2 to this report, be approved and that the Chairman be authorised to sign the letter on the Council's behalf.

Reason(s) for Recommendation:

To allow the external auditor to issue his opinion on the 2017-18 accounts.

1. Purpose of Report

- 1.1 The report asks the Committee to consider the external auditor's Audit Findings report (AFR) for the 2017-18 financial year and the issues it raises.

2. Strategic Framework

- 2.1 Good financial management underpins the achievement of the Council's Corporate Plan.

3. Background

- 3.1 Grant Thornton prepares its AFR to meet the requirements of the Local Audit and Accountability Act 2014 and the National Audit Office Code of Audit Practice by reporting on:

- (a) the Council's financial statements; and
- (b) whether the Council has made proper arrangements for securing value for money in its use of resources

- 3.2 The International Standard on Auditing 260 requires "those charged with governance" to consider the report before the external auditor can sign off his opinion on the accounts. The statutory deadline for issuing the audit opinion is 30 July.

- 3.3 Appendix 1 is the draft AFR for 2017-18. The auditors suggested a number of improvements to disclosures for which we amended the notes to the financial statements and found two audit adjustments and some minor omissions.

- 3.4 In relation to the statement of accounts, the auditors concluded that the Council produced a good set of financial statements, supported by comprehensive working papers and met the new statutory deadline for producing the account of 31 May. The Auditors did identify one material misstatement relating to the treatment on a lease in the accounts which required a change to the primary statements, but had no overall impact on the Council's financial position. The auditors also concluded that the Annual Governance Statement and Narrative Report are consistent with the financial statements.

- 3.5 In relation to value for money, the auditors concluded that in all significant respects, the Council had proper arrangements in place to secure economy, efficiency and effectiveness in its use of resources.

- 3.6 The auditor has made some recommendations relating to value for money; the action plan at Appendix A to the AFR gives the management responses. The external auditor will attend the meeting to present the report and answer any questions.
- 3.7 This Committee has authority to approve the accounts on behalf of the Council. A separate report on this agenda considers the final statement of accounts, amended for the disclosure items raised in the AFR and includes an updated Annual Governance Statement.
- 3.8 To enable the auditor to conclude their audit, the Council is required to send a letter of representation to the auditors to provide assurance over the management framework and the disclosures made in the accounts. A copy of the proposed letter of representation is included at Appendix 2.

4. Financial Implications

- 4.1 There are no financial implications because of this report.

5. Legal Implications

- 5.1 The International Standard on Auditing (UK and Ireland) 260 requires the external auditor to report any issues arising from the audit of the Financial Statements to those charged with governance. In the Council's case, this is the Corporate Governance and Standards Committee.
- 5.2 The International Standard on Auditing (UK and Ireland) 580 requires the Chief Financial Officer to send a letter of representation to the external auditor. Appendix 2 is a draft of the 2017-18 letter of representation, which officers recommend that the Committee approves and that the chairman signs the letter of representation on the Council's behalf.

6. Human Resource Implications

- 6.1 There are no human resource implications because of this report.

7. Conclusion

- 7.1 The audit of the 2017-18 accounts is nearly complete and the independent auditor intends to issue an unqualified opinion on the financial statements, which the CFO will re-certify in accordance with the Accounts and Audit Regulations 2015. The auditors did not find any adjustments that affected our reported financial position.
- 7.2 The auditors propose to give an unqualified Value for Money conclusion. Their recommendations relating to value for money are included in the action plan.

Headlines

This table summarises the key issues arising from the statutory audit of Guildford Borough Council ('the Council') and the preparation of the Council's financial statements for the year ended 31 March 2018 for those charged with governance.

<p>Financial Statements</p>	<p>Under the International Standards of Auditing (UK) (ISAs), we are required to report whether, in our opinion:</p> <ul style="list-style-type: none"> • your financial statements give a true and fair view of your financial position and of the group and your expenditure and income for the year, and • have been properly prepared in accordance with the CIPFA/LASAAC code of practice on local authority accounting and prepared in accordance with the Local Audit and Accountability Act 2014. <p>We are also required to report whether other information published together with the audited financial statements (including the Statement of Accounts, Annual Governance Statement (AGS) and Narrative Report), is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.</p>	<p>Our audit work was completed on site June and July. Our findings are summarised on pages 4 to 12. We have not identified any adjustments to the financial statements that have resulted in an adjustment to Surplus on Provision of Services. We identified a material adjustment relating to the accounting treatment of the Onslow Village Park and Ride asset. Due to the complexity of the adjustments, a special meeting of the Corporate Governance and Standards Committee was arranged for 7 August 2018 to approve the accounts. Audit adjustments are detailed in Appendix B. Our follow up of recommendations from the prior year's audit are detailed in Appendix A.</p> <p>Subject to outstanding queries being resolved, we anticipate issuing an unqualified audit opinion following the special meeting of the Corporate Governance and Standards Committee on 7 August 2018, as detailed in Appendix D. These outstanding items include:</p> <ul style="list-style-type: none"> - receipt of signed management representation letter; and - review of the final set of financial statements. <p>We have concluded that the other information published with the financial statements, which includes the Statement of Accounts, Annual Governance Statement and Narrative Report, are consistent our knowledge of your organisation and with the financial statements we have audited.</p>
<p>Value for Money arrangements</p>	<p>Under the National Audit Office (NAO) Code of Audit Practice ('the Code'), we are required to report whether, in our opinion:</p> <ul style="list-style-type: none"> • you have made proper arrangements to secure economy, efficiency and effectiveness in its use of resources ('the value for money (VFM) conclusion') 	<p>We have completed our risk based review of your value for money arrangements. We have concluded that Guildford Borough Council has proper arrangements to secure economy, efficiency and effectiveness in its use of resources.</p> <p>We therefore anticipate issuing an unqualified value for money conclusion, as detailed in Appendix D. Our findings are summarised on pages 13 to 16.</p>
<p>Statutory duties</p>	<p>The Local Audit and Accountability Act 2014 ('the Act') also requires us to:</p> <ul style="list-style-type: none"> • report to you if we have applied any of the additional powers and duties ascribed to us under the Act; and • certify the closure of the audit 	<p>We have not exercised any of our additional statutory powers or duties.</p> <p>We have completed the majority of work under the Code and expect to be able to certify the completion of the audit when we give our audit.</p>

Page 7

Agenda item number: 3 Appendix 1

Acknowledgements

We would like to take this opportunity to record our appreciation for the assistance provided by the finance team and other staff during our audit.

Summary

Overview of the scope of our audit

This Audit Findings presents the observations arising from the audit that are significant to the responsibility of those charged with governance to oversee the financial reporting process, as required by International Standard on Auditing (UK) 260 and the Code of Audit Practice ('the Code'). Its contents have been discussed with management.

As auditor we are responsible for performing the audit, in accordance with International Standards on Auditing (UK), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements.

Audit approach

Our audit approach was based on a thorough understanding of your business and is risk based, and in particular included:

- An evaluation of your internal controls environment including its IT systems and controls;
- Substantive testing on significant transactions and material account balances, including the procedures outlined in this report in relation to the key audit risks; and
- While we have not sought to place direct reliance on the work performed by your internal auditors, their reports and draft Head of Internal Audit opinion have been used to inform our risk assessment process.

Conclusion

We have substantially completed our audit of your financial statements and subject to outstanding queries being resolved, we anticipate issuing an unqualified audit opinion following the Corporate Governance and Standards Committee special meeting on 7 August 2018, as detailed in Appendix D. These outstanding items include:

- receipt of signed management representation letter; and
- review of the final set of financial statements.

Summary

Our approach to materiality

The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. Materiality calculations remain the same as reported in our audit plan.

	Council Amount (£)	Qualitative factors considered
Materiality for the financial statements	2,193,000	This is based on 2.00% of your gross revenue expenditure for the year 2017/18. This benchmark was chosen based on our knowledge of District Councils, your reporting framework and how stakeholders use your accounts.
Performance materiality	1,645,000	This is based on 75% of the materiality benchmark.
Trivial matters	110,000	This is based on 5% of materiality and represents the level above which uncorrected omissions or misstatements are reported to those charged with governance. Items below this are deemed to be 'trivial' for this purpose.

Going concern

Our responsibility

As auditors, we are required to “obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern” (ISA (UK) 570).

Agenda item number: 3
Appendix 1

Going concern commentary

Management's assessment process

Management's assessment is based on the public sector interpretation of going concern as the continuation of the provision of services to support the preparation of the accounts on a going concern basis. Management has considered the Council's financial performance planning documents and cash flow expectations in considering that no material uncertainties need to be disclosed.

Auditor commentary

- We agree with management's assessments on the use of the going concern basis of accounting.
- Management's processes for assessing going concern are adequate.
- The forecasts are produced and reviewed by the finance team and the Director of Finance.

Work performed

We reviewed management's assessment of going concern provided to us, in conjunction with our knowledge and understanding of you.

We reviewed your financial performance and submitted forecasts.

Auditor commentary

- No material uncertainty has been identified.
- We have not requested any enhanced disclosures with respect to going concern.

Concluding comments

Auditor commentary

- As we agree with management's assessment, there is no impact on our audit opinion.

Significant audit risks

Risks identified in our Audit Plan

Commentary

1

Improper revenue recognition

Under ISA 240 (UK) there is a presumed risk that revenue may be misstated due to the improper recognition of revenue.

Auditor commentary

Having considered the risk factors set out in ISA240 and the nature of your revenue streams, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:

- there is little incentive to manipulate revenue recognition
- opportunities to manipulate revenue recognition are very limited
- The culture and ethical frameworks of local authorities, including Guildford Borough Council, mean that all forms of fraud are seen as unacceptable

Therefore we do not consider this to be a significant risk for Guildford Borough Council.

2

Management override of controls

Under ISA (UK) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities.

We identified management override of controls as a risk requiring special audit consideration.

Auditor commentary

- We have performed the following work:
 - review of accounting estimates, judgements and decisions made by management
 - testing of journal entries
 - review of accounting estimates, judgements and decisions made by management
 - review of unusual significant transactions
 - review of significant related party transactions outside the normal course of business

Our audit work has not identified any issues in respect of management override of controls.

Significant audit risks

Risks identified in our Audit Plan

Commentary

3

Valuation of property, plant and equipment

You revalue your land and buildings on a quinquennial basis to ensure that carrying value is not materially different from current value. This represents a significant estimate by management in the financial statements.

We identified the valuation of land and buildings revaluations and impairments as a risk requiring special audit consideration.

Auditor commentary

We have performed the following work:

- Review of management's processes and assumptions for the calculation of the estimate
- Review of the competence, expertise and objectivity of any management experts used.
- Review of the instructions issued to valuation experts and the scope of their work
- Discussions with your valuer about the basis on which the valuation was carried out, challenging the key assumptions.
- Review and challenge of the information used by the valuer to ensure it was robust and consistent with our understanding.
- Testing of revaluations made during the year to ensure they were input correctly into your asset register
- Evaluation of the assumptions made by management for those assets not revalued during the year and how management satisfied themselves that these were not materially different to current value.

Our audit work has identified an issue with the valuation of the Onslow Village Park and Ride asset. During the year, the asset was reclassified as a finance lease and the valuer provided a valuation on this basis which was reflected in the statement of accounts. In response to audit queries on the movement in the valuation of this asset, management determined that the asset was an operating lease and should not have been classified as a finance lease. As a result, the asset (and associated revaluation reserve amount) has been removed from your balance sheet.

Our work has not identified any further issues in respect of the valuation of property, plant and equipment.

4

Valuation of pension fund net liability

Your pension fund asset and liability as reflected in your balance sheet represents a significant estimate in the financial statements.

We identified the valuation of the pension fund net liability as a risk requiring special audit consideration

Auditor commentary

We have performed the following work:

- Identified the controls put in place by management to ensure that the pension fund net liability is not materially misstated and assessed whether those controls were implemented as expected and whether they were sufficient to mitigate the risk of material misstatement.
- Review of the competence, expertise and objectivity of the actuary who carried out your pension fund valuation.
- Gaining an understanding of the basis on which the IAS 19 valuation was carried out, undertaking procedures to confirm the reasonableness of the actuarial assumptions made.
- Review of the consistency of the pension fund net liability disclosures in notes to the financial statements with the actuarial report from your actuary.

Our audit work has not identified any issues in respect of the valuation of pension fund net liability.

Reasonably possible audit risks

Risks identified in our Audit Plan	Commentary
<p>5 Employee remuneration Payroll expenditure represents a significant percentage (24%) of your operating expenses.</p> <p>As the payroll expenditure comes from a number of individual transactions with a number of different sub-systems there is a risk that payroll expenditure in the accounts could be understated. We therefore identified completeness of payroll expenses as a risk requiring particular audit attention</p>	<p>Auditor commentary</p> <p>We have undertaken the following work in relation to this risk:</p> <ul style="list-style-type: none"> documented our understanding of processes and key controls over the transaction cycle; undertaken walkthrough of the key controls to assess the whether those controls were in line with our documented understanding; and reviewed the completeness of payroll expenditure through substantive analytical procedures. <p>We did not identify any issues in respect of this risk.</p>
<p>6 Operating expenses Non-pay expenses on other goods and services also represents a significant percentage (54%) of your operating expenses. Management uses judgement to estimate accruals of un-invoiced costs.</p> <p>We identified completeness of non- pay expenses as a risk requiring particular audit attention:</p>	<p>Auditor commentary</p> <p>We have undertaken the following work in relation to this risk:</p> <ul style="list-style-type: none"> evaluated your accounting policy for recognition of non-pay expenditure for appropriateness; gained an understanding of your system for accounting for non-pay expenditure and evaluate the design of the associated controls; and Considered the completeness of liabilities through a review of post year-end bank statements and other sources. <p>We did not identify any issues in respect of this risk.</p>

Accounting policies

Accounting area	Summary of policy	Comments	Assessment
<p>Revenue recognition</p>	<ul style="list-style-type: none"> Revenue from the sale of goods is recognised when the Council transfers the risks and rewards of ownership to the purchaser and it is probable that the economic benefits of the service potential of the transaction will flow to the Council. Revenue from the provision of services is recognised when the Council can reliably measure the percentage of completion of the transaction and it is probable that the economic benefits or service potential of the transaction will flow to the Council. Revenue relating to non-contractual, non-exchange transactions such as council tax, business rates and housing rents are measured at the full amount receivable when it is probable that the economic benefits of the transaction will flow to the Council. 	<p>Your accounting policy for revenue recognition covers all major revenue streams and is appropriate under the CIPFA Code. There is limited judgement involved in revenue recognition other than around the impairment of receivables, which is disclosed in the note on assumptions and sources of estimation uncertainty. The disclosure of the accounting policy is sufficiently clear.</p>	<p> Green</p>
<p>Judgements and estimates</p>	<ul style="list-style-type: none"> Key estimates and judgements include: <ul style="list-style-type: none"> Useful life of PPE Revaluations Impairments Accruals Valuation of pension fund et liability Provision for NNDR appeals Other provisions 	<p>The critical areas of judgement applied in compiling your financial statements have been explained in the statement of accounts.</p> <p>You are advised by external experts in relation to property and pension fund valuations. We have reviewed the work of experts and we have not identified concerns regarding the independence or skills of your experts. Where estimates and judgements have been applied by officers we are satisfied that they are free from material bias.</p> <p>Your accounting policy on the treatment of leases was appropriate, the adjustment related to the application of the policy.</p>	<p> Green</p>
<p>Other critical policies</p>		<p>We have reviewed your policies against the requirements of the CIPFA Code of Practice. Your accounting policies are appropriate and consistent with previous years.</p>	<p> Green</p>

Assessment
 Marginal accounting policy which could potentially be open to challenge by regulators
 Accounting policy appropriate but scope for improved disclosure
 Accounting policy appropriate and disclosures sufficient

Agenda item number: 3
Appendix 1

Other communication requirements

We set out below details of other matters which we, as auditors, are required by auditing standards and the Code to communicate to those charged with governance.

	Issue	Commentary
①	Matters in relation to fraud	<ul style="list-style-type: none"> We have previously discussed the risk of fraud with the Corporate Governance and Standards Committee. We have not been made aware of any incidents in the period and no other issues have been identified during the course of our audit procedures.
②	Matters in relation to related parties	<ul style="list-style-type: none"> We are not aware of any related parties or related party transactions which have not been disclosed.
③	Matters in relation to laws and regulations	<ul style="list-style-type: none"> You have not made us aware of any significant incidences of non-compliance with relevant laws and regulations and we have not identified any incidences from our audit work.
④	Written representations	<ul style="list-style-type: none"> A standard letter of representation has been requested from you.
⑤	Confirmation requests from third parties	<ul style="list-style-type: none"> We requested from management permission to send confirmation requests to your banks and investment institutions. This permission was granted and the requests were sent and provided.
⑥	Disclosures	<ul style="list-style-type: none"> Our review found no material omissions in the financial statements.
⑦	Significant difficulties	<ul style="list-style-type: none"> All information and explanations requested from management were provided; no significant difficulties encountered.

Page 15

Agenda item number: 3
Appendix 1

Other responsibilities under the Code

We set out below details of other matters which we, as auditors, are required by the Code to communicate to those charged with governance.

Issue	Commentary
① Other information	<ul style="list-style-type: none"> We are required to give an opinion on whether the other information published together with the audited financial statements (including the Statement of Accounts, Annual Governance Statement (AGS) and Narrative Report), is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. <p>No material inconsistencies have been identified. We plan to issue an unqualified opinion in this respect – refer to appendix D</p>
② Matters on which we report by exception	<p>We are required to report on a number of matters by exception in a numbers of areas:</p> <ul style="list-style-type: none"> If the Annual Governance Statement does not meet the disclosure requirements set out in the CIPFA/SOLACE guidance or is misleading or inconsistent with the other information of which we are aware from our audit If we have applied any of our statutory powers or duties <p>We have nothing to report on these matters.</p>
③ Specified procedures for Whole of Government Accounts	<p>We are required to carry out specified procedures (on behalf of the NAO) on the Whole of Government Accounts (WGA) consolidation pack under WGA group audit instructions.</p> <ul style="list-style-type: none"> Note that work is not required as you do not exceed the threshold.
④ Certification of the closure of the audit	<p>We intend to certify the closure of the 2017/18 audit of Guildford Borough Council in the audit opinion, as detailed in Appendix D</p>

Agenda item number: 3
Appendix 1

Page 16

Value for Money

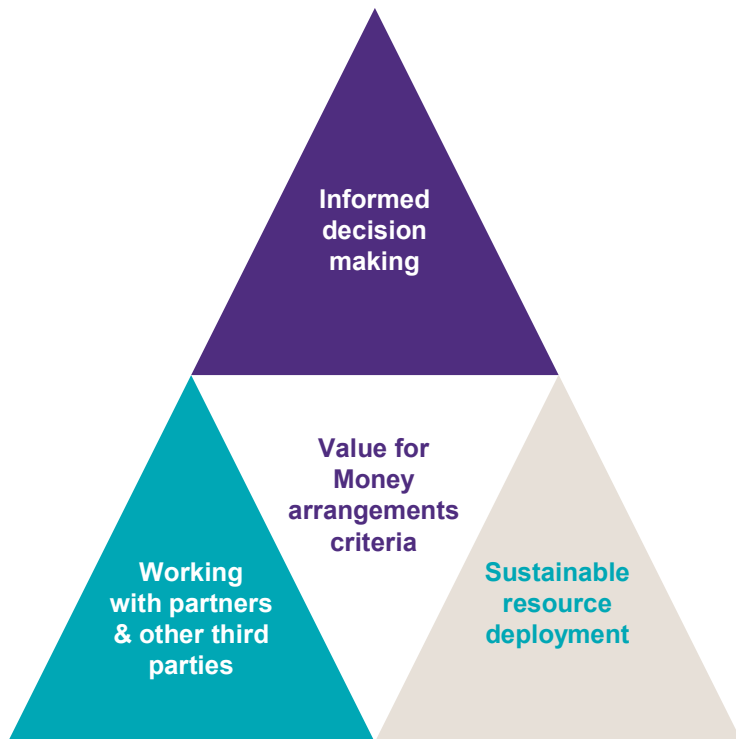

Background to our VFM approach

The NAO issued its guidance for auditors on Value for Money work for 2017/18 in November 2017. The guidance states that for local government bodies, auditors are required to give a conclusion on whether the Council has proper arrangements in place.

The guidance identifies one single criterion for auditors to evaluate:

“In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.”

This is supported by three sub-criteria, as set out below:

Page 17

Risk assessment

We carried out an initial risk assessment in February 2018 and identified a number of significant risks in respect of specific areas of proper arrangements using the guidance contained in AGN03. We communicated these risks to you in our Audit Plan dated 29 March 2018.

We have continued our review of relevant documents up to the date of giving our report, and have not identified any further significant risks where we need to perform further work.

We carried out further work only in respect of the significant risks we identified from our initial and ongoing risk assessment. Where our consideration of the significant risks determined that arrangements were not operating effectively, we have used the examples of proper arrangements from AGN 03 to explain the gaps in proper arrangements that we have reported in our VFM conclusion.

Agenda item number: 3
Appendix 1

Value for Money

Our work

AGN 03 requires us to disclose our views on significant qualitative aspects of your arrangements for delivering economy, efficiency and effectiveness.

We have focused our work on the significant risks that we identified in your arrangements. In arriving at our conclusion, our main considerations were:

- You identified a £8.5 million budget gap for the four years from 2019/20 to 2022/23 and, along side pursuing income generation streams, you have commissioned an external specialist to review the potential for alternative operational modes.
- Your capital programme and treasury management strategies have been combined in line with best practice under the revised CIPFA Prudential Code 2018, although there remains a considerable underspend against the approved plan.

We have set out more detail on the risks we identified, the results of the work we performed and the conclusions we drew from this work on pages 15 to 16.

Overall conclusion

Based on the work we performed to address the significant risks, we concluded that:

- the Council had proper arrangements in all significant respects to ensure it delivered value for money in its use of resources.

The text of our report, which confirms this can be found at Appendix D.

Recommendations for improvement

We did not identify any recommendations for improvement.

Significant difficulties in undertaking our work

We did not identify any significant difficulties in undertaking our work on your arrangements which we wish to draw to your attention.

Significant matters discussed with management

There were no matters where no other evidence was available or matters of such significance to our conclusion or that we required written representation from management or those charged with governance.

Key findings

We set out below our key findings against the significant risks we identified through our initial risk assessment and further risks identified through our ongoing review of documents.

Significant risk	Findings	Conclusion
<p>1 Medium Term Financial Planning</p> <ul style="list-style-type: none"> You have identified a cumulative gap of some £3.4 million between projected resources and budgeted expenditure over the four years to 2021/22 [updated to £8.5 million to the four years to 2022/23]. In part, this relies on continuing to deliver the budgeted level of savings from existing projects. You have identified a need for longer term transformation of service delivery to be able to deliver sustainable services in the period covered by the medium term financial strategy. 	<ul style="list-style-type: none"> Since the time of our risk assessment (February 2018) a revised Medium Term Financial Strategy (MTFS) has been prepared, due for submission to Executive on 17 July. This identifies a cumulative gap of £8.5 million for the four years to 2022/23. This represents a £5.1 million increase on the previously identified gap and is due primarily to the inclusion of an estimated £5.674 million from the impact of negative Revenue Support Grant (RSG). Negative RSG had been included in the previous iteration of the MTFS, but at a lower overall total (£2.671 million). You have adapted your MTFS to address feedback you received from a Local Government Association peer review, performed in December 2017, as well as to reflect updated guidance and government legislation on capital expenditure and investments. The Local Government Finance Settlement in December 2017 stated that it would consult on the removal of 'negative RSG', so far, no consultation has been issued. You have forecast the impact of negative RSG as being £0.674 million in 2019/20 and a further cumulative £5.0 million in the subsequent three years and have amended your MTFS to reflect this. You have undertaken a sensitivity analysis on the potential gap in your MTFS and have commissioned external consultants <i>Ignite</i> to assist in developing a cross-cutting transformation programme entitled 'Future Guildford' to explore alternative organisational models. The consultants have performed similar reviews at other comparable local authorities. The exact scope of this review is under development, you have indicated you would like to review areas such as a 'customer-first' approach, procurement, ICT investment and process automation. The aim of this transformation is to deliver savings in the medium term. The impact of the transformation has not yet been quantified in your MTFS as the project is in an early stage and the timings and nature of potential savings remain uncertain. You are also exploring ongoing income generation opportunities including: <ul style="list-style-type: none"> - the expansion of North Downs Housing Ltd. as a vehicle to enable you to provide homes across a range of tenures other than social rent - the approval and continued expansion of your capital programmes - the development or expansion of commercial services where you may benefit from local opportunities and synergies with local partnerships Part of your response to the constraints in public sector funding has been to set aside underspends in previous years to fund future budget pressures, anticipated gaps in business rates income and to put aside monies to enable you to invest in schemes to deliver savings in future years. Your earmarked reserves at 31 March 2018 are just over £41 million which is considerably higher than the current gap in your MTFS. It was also noted that the Council has not fully achieved all of the savings target identified in the 2017-18 budget. £0.22 million of unachieved savings have been carried forward into the 2018/19 budget, which already includes a £0.5 million target; the combined transformation budget for 2018/19 is therefore £0.72 million. 	<p>Auditor view</p> <ul style="list-style-type: none"> A proposed revision to the MTFS has been made, which would see an increase in the cumulative gap from £3.4 million to £8.5 million. This is a significant increase and has been driven primarily by the adoption of prudent assumptions over the future impact of Negative RSG, to the value of £5.674 million. (A lower value of £2.671 million had been previously included). To mitigate this, the Council are engaging external consultants with a view to identifying opportunities for organisational transformation. On this basis we concluded that the risk was sufficiently mitigated and the Council has proper arrangements in place for planning finances effectively to support the sustainable delivery of strategic priorities. <p>Management response</p> <ul style="list-style-type: none"> Corporate Management team recognise the need to generate significant savings in the Council's on-going general fund revenue budget to enable the council to remain financially sustainable in the future. We recognise that the achievement of planned savings in the past year has not been on target leaving us with a greater issue for 2018-19. As a result we have engaged external support to both help address the scale and pace at which savings need to be achieved.

Key findings

We set out below our key findings against the significant risks we identified through our initial risk assessment and further risks identified through our ongoing review of documents.

Agenda item number: 3
Appendix 1

2

Significant risk

Findings

Conclusion

General Fund capital programme

- You approved a General Fund Capital Programme for the five years to 2022/23. This is an area of considerable spend, with a net cost to you of £96 million, and involves decision-making against a backdrop of many variables. The execution and timing of capital expenditure may also have revenue implications.

- In February 2018, the Capital and Investment Strategy was released, being a new requirement under the revised CIPFA Prudential Code 2018. This formally brings together your capital programme and your treasury management annual strategy into a single report. This is designed to strengthen the link between capital spending and treasury management, both of which are administered and reported by the Financial Services Manager.
- Your capital programme is re-profiled on a rolling basis; the results of this re-profiling are reported to the Corporate Governance & Standards Committee 3-4 times a year.
- Your general capital programme was approved for £100 million expenditure in 2017/18 and only £14 million was incurred. Within the overall capital plan, £64 million was for 'Development: Income Generating' and only £11 million was incurred. For reasons of commercial sensitivity the reasons for slippage in the capital programme are generally not reported in public forums, although internal monitoring takes place on a project by project basis. (N.B. the £96 million quoted in the risk refers to the net financing requirement over the five-year period, being the additional external financing the Council will require during this time.)
- Underspending against capital budgets is not uncommon in Local Authorities. At Guildford, the key reason for slippage is due to difficulties in profiling the length of the project for budget and completion purposes. In some cases, capital project owners are optimistic in their profiling. This was noted as an issue in our prior year VfM review. As detailed in response to a prior year-recommendation (see page 18) with respect to expenditure profiling, the Council have introduced training for service leaders on business case preparation.
- Your Capital and Investment Strategy is governed in a way that seeks to align to your Corporate Plan and social agenda, a key aim of your strategy is to develop commercial returns on the your investments. Within this, identifying investment opportunities is a key element and governance structures are in place to support this as well as arrangements to divest investments with poor returns (in the case of investment properties) or identifying alternative uses for operational assets. Both types of assets are reviewed against your *Asset Management Framework*. Investment Properties are reviewed by a specific Group (Investment Property Fund Management Group) with representation from Finance and Asset Development staff and senior officers. Examples were provided of recent divestments / reallocations of use amongst both Investments and Operational property. Although the primary focus has tended to be on Investment Properties, the ongoing use of Operational property will fall within the scope of the 'Future Guildford' review noted in slide 15.

Auditor view

- While we have assessed that you have governance arrangements for the approval of bids and monitoring of performance, you continue to experience significant underspend against your approved programme of expenditure indicating the opportunity to strengthen your profiling. Delayed implementation of your capital programme may prevent you fully achieving your medium and long term financial and strategic objectives.
- On this basis, we concluded that the risk was sufficiently mitigated and you have proper arrangements in place for capital programme forecasting and monitoring effectively to support the sustainable delivery of strategic priorities, but that a continued focus on the accuracy of capital profiling is required.

Management response

- Finance are continuing to work with managers to facilitate the realistic profiling of schemes.

Page 20

Independence and ethics

Independence and ethics

- We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Financial Reporting Council's Ethical Standard and confirm that we, as a firm, and each covered person, are independent and are able to express an objective opinion on the financial statements

We confirm that we have implemented policies and procedures to meet the requirements of the Financial Reporting Council's Ethical Standard and we as a firm, and each covered person, confirm that we are independent and are able to express an objective opinion on the financial statements.

Further, we have complied with the requirements of the National Audit Office's Auditor Guidance Note 01 issued in December 2017 which sets out supplementary guidance on ethical requirements for auditors of local public bodies.

Details of fees charged are detailed in Appendix D

Audit and Non-audit services

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to you. The following non-audit services were identified.

Service	£	Threats	Safeguards
Audit related			
Certification of Housing capital receipts grant	1,500	Self-Interest (because this is a recurring fee)	The level of this recurring fee taken on its own is not considered a significant threat to independence as the fee for this work is £1,500 in comparison to the total fee for the audit of £57,533 and in particular relative to Grant Thornton UK LLP's turnover overall. Further, it is a fixed fee and there is no contingent element to it. These factors all mitigate the perceived self-interest threat to an acceptable level.
Non-audit related			
Place Analytics and CFO Insights License	14,500	Self-interest (because this is a recurring fee). Familiarity, advocacy, self-review.	The non-audit service is being provided by a completely separate team to minimise the threat of familiarity. Grant Thornton will provide training but not any analysis so there is no threat of advocacy or self-review. Citizens will be trained to use the system and have the skills to use the service and will then exercise their own judgement. The annual fee is only 25% of the annual statutory audit fee (£57,533).

The amounts detailed are fees agreed to-date for audit related and non-audit services to be undertaken by Grant Thornton UK LLP in the current financial year. These services are consistent with the Council's policy on the allotment of non-audit work to your auditors. All services have been approved by the Corporate Governance and Standards Committee. Any changes and full details of all fees charged for audit related and non-audit related services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit.

None of the services provided are subject to contingent fees.

Follow up of prior year recommendations

We identified the following issues in the audit of Guildford Borough Council's 2016/17 financial statements, which resulted in 3 recommendations being reported in our 2016/17 Audit Findings report. *We are pleased to report that management have implemented all of our recommendations.*

	Assessment	Source, Issue and risk previously communicated [Implementation Date and Responsibility]	Update on actions taken to address the issue
①	✓	2016/17 Value for Money. We recommend that the newly established Transformation Board consider ways in which its work can be more explicitly aligned to existing Risk reporting and that progress on existing savings plans is monitored in greater detail. Priority: Medium [Director of Resources, November 2017]	<ul style="list-style-type: none"> Sep 2017: The Transformation Board will introduce a RAG rated savings risk register and monitor the register at each meeting. July 2018: Following this recommendation, the Transformation Board have now introduced a RAG rated savings risk register, which is a standing item at its meetings.
②	✓	2016/17 Value for Money. We recommend that the Council consider ways in which the timing of expenditure can be predicted more effectively. Priority: Medium. [Head of Financial Services, February 2018].	<ul style="list-style-type: none"> Sep 2017: The Council will continue to train and raise awareness of service managers regarding the importance of project expenditure profiling and the impact on the council's general fund revenue budget. July 2018: We have introduced training for service leaders on business case preparation. In addition, the Director of Finance provides regular update to CMT and Service leaders regarding the financial position of the council and its budget.
③	✓	2016/17 Accounts. We recommend that the Council implements a process to ensure all disposals are communicated to finance and updated in the asset register. Priority: Medium. [Head of Financial Services, March 2018]	<ul style="list-style-type: none"> Sep 2017: Agreed. We will review the procedures in place around disposals to ensure that we capture this information completely as part of disposal and closedown procedures July 2018: A system of in-year information updates, supplemented by year-end completeness checks, has now been introduced and applied. <i>Audit note: we have not identified any instances of uncommunicated or uncaptured disposals in our audit procedures over the 2017/18 statement of accounts.</i>

Follow up of prior year recommendations

We identified the following issues in the audit of Guildford Borough Council's 2015/16 financial statements, which resulted in 2 recommendations being reported in our 2015/16 Audit Findings report. *We have followed up on the implementation of our recommendations and note that both of these remain in progress; management have provided updates below.*

Assessment	Source, Issue and risk previously communicated [Implementation Date and Responsibility]	Update on actions taken to address the issue
4 In progress	<p>2015/16 Accounts. The Council's Acceptable Use Policy and ICT Security Policy have not been reviewed or updated since 2008 and 2013 respectively.</p> <p>Without regular review, there is a risk that the policies and related procedures are no longer applicable to the needs and security of the business, which may compromise the company's IT computing environment.</p> <p>Recommendation: Review IT policies at least annually or when significant changes occur to ensure their continuing suitability, adequacy, and effectiveness. Once reviewed and approved by management, the policy should be published and communicated to all employees and relevant third parties.</p> <p>Priority: Medium [ICT Manager, March 2017]</p>	<ul style="list-style-type: none"> Sep 2016: ICT is currently undergoing a structure review under the leadership of a new ICT Manager. ICT policies will be looked at and regular maintenance schedules will be reviewed as part of this restructure. Sep 2017: Key policies are now being reviewed and published. Following the completion of the ICT restructure and the appointment of a new Dev/Ops Manager (anticipated Q4 2017) the on-going review and publication cycle will be fully implemented by this individual using the document and knowledge management function in the new service desk product, NetHelpDesk. July 2018: Key policies were approved in July by the Corporate Management Team. On this basis we regard this recommendation as in progress, and implemented subject to appraisal at the Executive Committee (expected for the 25th September agenda) and, where required, full Council.

5

Assessment	Source, Issue and risk previously communicated	Update on actions taken to address the issue
[Implementation Date and Responsibility]		
<p>In Progress</p>	<p>2015/16 Accounts. Security administrators for ICT systems rely on the line managers and HR to notify them when users leave the Council. We noted that HR only sends reports of leavers on a quarterly basis.</p> <p>The eFinancials teams performs a weekly access review by checking the users against Windows Active Directory list to ensure users not on this have access rights disabled promptly.</p> <p>However, there is a risk that the windows user list may not be up to date because of delays in leavers being notified. There is a potential risk that accounts belonging to leavers remain enabled within these systems. These accounts could be subject to misuse by other employees.</p> <p>Recommendation: All logical access within financially critical systems belonging to leavers should be revoked in a timely manner upon their departure from the Council.</p> <p>Security/System administrators should be provided with (a) timely, proactive notifications from HR of leaver activity for anticipated terminations and (b) timely, per-occurrence notifications for unanticipated terminations (e.g. monthly rather than quarterly). Security/system administrators should then use these notifications to either (a) end-date user accounts associated with anticipated leaver's date or (b) immediately disable user accounts associated with unanticipated leavers.</p> <p>Priority: Medium [ICT Manager & HR Systems Administrator, December 2016].</p>	<ul style="list-style-type: none"> Sep 2016: The majority of new pc users at Guildford Borough Council are not paid through the Selima system. A large number of staff who are paid through Selima do not have access to a pc and have no contact with ICT. HR are not usually informed when agency or casual staff leave (the managers simply stop paying their timesheets/invoices) and HR have no involvement with consultants, who are paid directly by Financial Services. <p>Guildford Borough Council is unusual in that we use an exceptionally high number of agency, casual and consultants. HR did set up an automated email function in April 2013, which emails nominated users when leavers are put through the HR system. ICT do not receive these emails because the majority of the affected staff do not have system access. This is therefore an extremely inefficient way to manage users with a significantly increased risk of genuine leaver records being lost in the high volume of casual staff notifications.</p> <p>HR and IT have continually reviewed the situation and are aware of the residual risk. It is therefore proposed to commission a full review of the processes for starters, movers and leavers. This review will need to involve key stakeholders including hiring managers, HR, payroll, ICT and Financial Services.</p> <p>The outcome of this HR lead review will be to deliver a single policy and supporting processes for GBC to reduce the identified risks and support accurate reporting of all employees including permanent staff, casuals, agency works and consultants for consideration by CMT.</p> <ul style="list-style-type: none"> Sep 2017: This remains in progress. Management contend that a large number of staff (Casual, Agency, Consultants) are not given IT access due to the nature of their role, and that a leaver capture system based solely on IT access risks not capturing complete leaver information. <p>Therefore methods are being explored by which line managers' reports can be tailored to ensure that the leaver reporting appropriately captures all types of staff (Permanent, Casual, Agency). This process is currently in development and also covers movers and starters.</p> <ul style="list-style-type: none"> July 2018: As part of the Future Guildford transformation project, the Council will consider changing its HR policies on recording employees regardless of the route for engagement and the use of Selima as the authoritative identity source which can be automatically linked to account provisioning and management.

Audit Adjustments

We are required to report all non trivial misstatements to those charged with governance, whether or not the accounts have been adjusted by management.

Impact of adjusted misstatements

The table below provides details of misstatements that have been identified during the course of the audit which have been made in the final set of financial statements.

Area of account	Detail	Auditor commentary	Adjusted?
Note 13 – Property, Plant and Equipment	As communicated to the Corporate Governance and Standards Committee on 26 July, Onslow Park and Ride asset value had originally been included on the Council's balance sheet as it was deemed to be held on a finance lease. A value of £5.365 million for the site had been reflected in Property, Plant and Equipment balance and a corresponding value of £5.365 million was reflected in the Council's revaluation reserve on the balance sheet. In resolving audit queries on the increase in valuation of the site during 2017/18, the Director of Finance has now determined that the lease is an operating lease of land only and that the value of the asset should be written out of the Council's 2017/18 accounts. This matter relates to accounting book values only and is not a cash transaction, so there is no impact of this transaction on Council tax Payers. The park and ride itself was originally constructed and paid for by Surrey County Council with funding from a government grant.	<ul style="list-style-type: none"> • The underlying nature of this error was the classification of a park and ride lease as a finance lease in year. The criteria to recognise the finance lease as your asset were not met and as a result the asset has been removed from your balance sheet. The following amendments have been required: <ul style="list-style-type: none"> • Dr Revaluation Reserve £5.365 million • Cr Property, Plant and Equipment £5.365 million • This adjustment requires further amendments to the Movement in Reserves Statement, Other Comprehensive Income, other notes and the Narrative Report • No finance lease liability had been accounted for and therefore no adjustment is required. • The classification of all leases should be reviewed to determine whether the underlying transaction is a finance or an operating lease. Management has reviewed the treatment of all remaining Park and Ride leases and no issues have been identified. • The error was identified through audit queries on unusual movements in valuations but the underlying issue related to the classification of a lease. Therefore management should ensure that the classification of leases are monitored on an ongoing basis. See appendix E for Action Plan. <p>Management response</p> <p>These have been adjusted, with the following specific amendments made:</p> <ul style="list-style-type: none"> • Change to corresponding entries in Narrative Report and Other Comprehensive Income • Movement in Reserves updated to remove £5.365 million from Revaluation Reserve. • Balance sheet updated to remove £5.365 million from Property, Plant and Equipment and £5.365 million from Unusable Reserves. • Note 13 Property, Plant and Equipment table updated to remove £5.365 million from gross valuation of Other land and buildings (and a corresponding reduction to the total net book value); table showing rolling programme of asset revaluation has also been updated. • Note 24 Unusable reserves updated to remove £5.365 million from Revaluation Reserve • Note 33 Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty – narrative disclosure that cited total value of PPE has been updated. • The Council have reviewed lease agreements with respect to Artington and Merrow Park and Ride sites and confirmed that these are not materially impacted by this issue 	✓

Audit Adjustments

We are required to report all non trivial misstatements to those charged with governance, whether or not the accounts have been adjusted by management. .

Misclassification and disclosure changes

The table below provides details of misclassification and disclosure changes identified during the audit which have been made in the final set of financial statements.

Disclosure omission	Detail	Auditor recommendations	Adjusted
Note 10 – External Audit Cost	<p>With respect to 2016/17 comparatives, £25,000 has been disclosed under ‘certification of grant claims and returns’. However, this should be £19,000, reflecting a reduction to the fee that was communicated in the 2016/17 Audit Findings Report.</p> <p>In addition, the values for 2017/18 do not include the fee for Place Analytics and CFO Insights License, which has a value of £14,500 (see appendix C below).</p>	<ul style="list-style-type: none"> The Note 10 comparative disclosure should be amended to reflect the final fee. The Note 13 disclosure should be amended to £16,000 reflecting the fees paid with respect to Place Analytics and CFO Insights License. <p>Management response</p> <ul style="list-style-type: none"> These have been adjusted 	✓
Note 13 – Property, Plant and Equipment	<p>Accumulated depreciation on the revaluation of the crematorium was not written back to gross cost at the point of revaluation. As a result, the gross cost and accumulated depreciation on the crematorium are both overstated by £0.505m. The underlying net book value of the asset however is correct, and so this finding has no impact on the overall Balance Sheet position.</p>	<ul style="list-style-type: none"> The Note 13 disclosure should be amended to reflect this finding. <p>Management response</p> <ul style="list-style-type: none"> These have been adjusted. 	✓
Note 13 – Property, Plant and Equipment	<p>The table showing the progress of the Council’s rolling programme for the revaluation of PPE assets is not calculated correctly.</p> <p>(Note that this adjustment was identified separately to the ‘adjusted error’ with respect to Onslow Park & Ride, although the change in the balance sheet valuation for that adjustment has also had a follow on impact on this table as well).</p>	<ul style="list-style-type: none"> The Note 13 disclosure should be amended to reflect this finding. <p>Management response</p> <ul style="list-style-type: none"> These have been adjusted. 	✓

Audit Adjustments

Misclassification and disclosure changes (continued)

Disclosure omission	Detail	Auditor recommendations	Adjusted?
Note 24 – Unusable Reserves	-£6.310m has been entered as the “Collection Fund Adjustment Account” value. This is at variance with the corresponding value in the section ‘Collection Fund Adjustment Account’ (also within Note 24) which is -£4.918m and should be corrected.	<ul style="list-style-type: none"> The Note 24 disclosure should be amended to reflect this finding. Management response <ul style="list-style-type: none"> This has been adjusted. 	✓
Note 25 – Capital Expenditure and Financing	£3.414m of capital assets incorrectly classified as operational assets whereas they are assets under construction (and therefore non-operational assets). Note that this finding only impacts Note 25; the underlying Property, Plant and Equipment classifications in Note 13 are correct.	<ul style="list-style-type: none"> The Note 25 disclosure should be amended to reflect this finding. Management response <ul style="list-style-type: none"> This has been adjusted. 	✓
Note 31 – Nature and Extent of Risk Arising from Financial Instruments	<p>Aging of borrowing is incorrectly mapped.</p> <p>Borrowing over 2 but not over 5 years should be shown as 45,230 not 55,230.</p> <p>Borrowing over 5 but not over 10 years should be shown as 40,000 not 80,000.</p> <p>Borrowing over 10 but not over 15 years should be shown as 50,000 not 25,000.</p> <p>Borrowing over 15 but not over 20 years should be shown as 25,000, not 32,435.</p> <p>Borrowing over 20 but not over 30 years should be shown as 32,435, not 0.</p> <p>The value of total borrowings is correct; the total of these disclosure adjustments nets to nil.</p>	<ul style="list-style-type: none"> The Note 31 disclosure should be amended to reflect this finding. Management response <ul style="list-style-type: none"> These have been adjusted. 	✓

Audit Adjustments

Impact of unadjusted misstatements

We have not identified or proposed any adjustments aside from misclassification and disclosure changes – see above.

Disclosure omission	Detail	Auditor recommendations	Adjusted
Note 27 – Defined Pension Benefit	<p>The auditor identified a difference between the total value of pensionable pay incurred by the Council during the twelve months of 2017/18 (£21.791 million) and the value used in the pension fund valuation (£19.09 million). This lower value was based on eleven months of payroll data ; this reflects the fact that pension liabilities are initially calculated based on in-year estimates, with scope for being updated if any significant variations occur between then and year end, and is a standard procedure in estimating pension liabilities.</p> <p>While in most cases the eleven month figure would be ‘extrapolated’ across a twelve month period, as an estimate of a full year value, the pension fund accountant did not perform such an extrapolation, meaning only 11 months of payroll were considered in the calculation.</p> <p>On audit identifying this difference, management raised this issue with the Pensions Accountant Advisor at Surrey County Council who confirmed that the 11 month value had indeed been used, and in turn raised the issue with the pension fund actuary. In response to our query it was determined that the impact of this, if corrected, would be to have an impact on the current service cost and the final closing liability value, estimating that the closing liability would be “about 0.2% higher than stated”.</p> <p>The total value of Guildford Borough Council’s closing liabilities is £277.874 million. 0.2% of this recalculates as £0.556 million.</p> <p>Note that the £0.556 million represents an estimate, calculated to determine whether there is a material uncertainty present; we would not propose amendments based on estimates.</p>	<ul style="list-style-type: none"> We do not propose an adjustment based on an estimated figure. However, the issue arose due to an incorrect amount being used We would recommend that, as part of the closedown procedures for the 2018/19 financial year, management explicitly confirm with the pension fund accountants that the correct pension pay value has been used. See action plan in appendix E. <p>Management response</p> <ul style="list-style-type: none"> A response has been provided in the action plan below. 	N/A

Agenda item number: 3
Appendix 1

Impact of prior year unadjusted misstatements

There are no unadjusted misstatements from prior year.

Fees

We confirm below our final fees charged for the audit and provision of non-audit services.

Audit Fees

	Proposed fee	Final fee
Council Audit	57,533	57,533
Grant Certification (Housing Benefit subsidy certification)	19,993	TBC
Total audit fees (excluding VAT)	£77,526	TBC

The proposed fees for the year were in line with the scale fee set by Public Sector Audit Appointments Ltd (PSAA)

Our fees for Grant Certification (Housing Benefit subsidy certification) falls under the remit of Public Sector Audit Appointments Limited. Fees in respect of other grant work, such as reasonable assurance reports, are shown under 'Fees for other services'.

Non Audit Fees

Fees for other services	Fees £'000
Audit related services:	1,500
• Grant Certification (Housing Capital Receipts)	
Non-audit services [list]	14,500
• Place Analytics and CFO Insights License	
	£16,000

DRAFT Audit opinion

We anticipate we will provide the Council with an unmodified audit report

DRAFT Independent auditor's report to the members of Guildford Borough Council

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Guildford Borough Council (the 'Authority') for the year ended 31 March 2018 which comprise the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account Income and Expenditure Statement, the Movement on the Housing Revenue Account Statement, the Collection Fund Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18.

Our opinion on the financial statements:

- give a true and fair view of the financial position of the Authority as at 31 March 2018 and of its expenditure and income for the year then ended;
- have been prepared properly in accordance with the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Who we are reporting to

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the Chief Financial Officer's use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the Chief Financial Officer has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Authority's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The Chief Financial Officer is responsible for the other information. The other information comprises the information included in the Statement of Accounts set out on pages **[**xx to xx**]** the Chief Financial Officer's Narrative Report and the Annual Governance Statement, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge of the Authority obtained in the course of our work including that gained through work in relation to the Authority's arrangements for securing value for money through economy, efficiency and effectiveness in the use of its resources or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Other information we are required to report on by exception under the Code of Audit Practice

Under the Code of Audit Practice published by the National Audit Office on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with the 'Delivering Good Governance in Local Government: Framework (2016)' published by CIPFA and SOLACE or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

Opinion on other matter required by the Code of Audit Practice

In our opinion, based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Authority gained through our work in relation to the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources, the other information published together with the financial statements in the Statement of Accounts, the Chief Financial Officer's Narrative Report and the Annual Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

Under the Code of Audit Practice we are required to report to you if:

- we have reported a matter in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we have made a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we have exercised any other special powers of the auditor under the Local Audit and Accountability Act 2014.

We have nothing to report in respect of the above matters.

Responsibilities of the Authority, the Chief Financial Officer and Those Charged with Governance for the financial statements

As explained more fully in the Statement Of Responsibilities [set out on page(s) x to x], the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Chief Financial Officer. The Chief Financial Officer is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC code of practice on local authority accounting in the United Kingdom 2017/18, which give a true and fair view, and for such internal control as the Chief Financial Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Financial Officer is responsible for assessing the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Authority lacks funding for its continued existence or when policy decisions have been made that affect the services provided by the Authority.

The Corporate Governance and Standards Committee is Those Charged with Governance.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Report on other legal and regulatory requirements - Conclusion on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

Conclusion

On the basis of our work, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in November 2017, we are satisfied that *the Authority* put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

Responsibilities of the Authority

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our review in accordance with the Code of Audit Practice, having regard to the guidance on the specified criterion issued by the Comptroller and Auditor General in November 2017, as to whether in all significant respects the Authority had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people. The Comptroller and Auditor General determined this criterion as that necessary for us to consider under the Code of Audit Practice in satisfying ourselves whether the Authority put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2018.

We planned our work in accordance with the Code of Audit Practice. Based on our risk assessment, we undertook such work as we considered necessary to be satisfied that the Authority has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

Report on other legal and regulatory requirements - Certificate

We certify that we have completed the audit of the financial statements of the Authority in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice.

Action plan

We have identified two recommendations for the Council as a result of issues identified during the course of our audit. We have agreed our recommendations with management and we will report on progress on these recommendations during the course of the 2018/19 audit. The matters reported here are limited to those deficiencies that we have identified during the course of our audit and that we have concluded are of sufficient importance to merit being reported to you in accordance with auditing standards.

	Priority	Issue and risk	Recommendations
1	 High	<ul style="list-style-type: none"> Onslow Park and Ride had originally been recorded as an asset (£5.365 million), but subsequent review by the Council and audit team has identified that the lease had been classified incorrectly. The error was identified through audit queries on unusual movements in valuations, but the underlying issue related to the classification of a lease. Therefore management should ensure that the classification of leases are monitored on an ongoing basis. 	<ul style="list-style-type: none"> We recommend that management ensure that the classification of leases are monitored on an ongoing basis and that the classification and subsequent financial reporting treatment is consistent with the underlying nature of the transaction. This will be particularly relevant given the adoption of a new accounting standard IFRS 16, which will apply to public sector bodies for periods starting on or after 1 April 2019 (in the case of Guildford, financial year 2019/20) <p>Management response</p> <ul style="list-style-type: none"> Officers will review the lease treatment of assets held on the asset register by the end of February 2019. Finance will consider this in their preparation for IFRS 16. [Asset Development Manager / Financial Services Manager, February 2019.]
2	 Low	<ul style="list-style-type: none"> As part of the provision of information to Surrey County Council (as pension fund administrator) a pensionable pay value of £19.09 million (representing 11 months of data) was used by the pension fund administrator rather than a 12 month comparative of £21.791 million. Although the impact of this error was not material, and the incorrect application was not down to an error on Guildford Borough Council's part, it may be worth confirming with the pension fund administrator, as at the time of the next valuation (effective 31 March 2019), that they are using the correct inputs, as this would help give assurance that the correct values are being used in Guildford's net pension liability valuation. 	<ul style="list-style-type: none"> We recommend that, as part of the closedown procedures for 2018/19, management explicitly confirm with the pension fund accountants that the correct inputs have been used in that year. <p>Management response</p> <ul style="list-style-type: none"> We will review the information provided to SCC and check the correct information has been included and interpreted correctly. [Senior Accountant, March 2019]

26 July 2018

Dear Sirs

[Guildford Borough Council](#)

Financial Statements for the year ended 31 March 2018

This representation letter is provided in connection with the audit of the financial statements of Guildford Borough Council for the year ended 31 March 2018 for the purpose of expressing an opinion as to whether the financial statements give a true and fair view in accordance with International Financial Reporting Standards and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 and applicable law.

We confirm that to the best of our knowledge and belief having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

Financial Statements

- i We have fulfilled our responsibilities for the preparation of the financial statements in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2017/18 ("the Code") which give a true and fair view in accordance therewith.
- ii We have complied with the requirements of all statutory directions affecting the Council and these matters have been appropriately reflected and disclosed in the financial statements.
- iii The Council has complied with all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance. There has been no non-compliance with requirements of regulatory authorities that could have a material effect on the financial statements in the event of non-compliance.
- iv We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

- v Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- vi We are satisfied that the material judgements used in the preparation of the financial statements are soundly based, in accordance with the Code and adequately disclosed in the financial statements. There are no other material judgements that need to be disclosed.
- vii Except as disclosed in the financial statements:
 - a there are no unrecorded liabilities, actual or contingent
 - b none of the assets of the Council has been assigned, pledged or mortgaged
 - c there are no material prior year charges or credits, nor exceptional or non-recurring items requiring separate disclosure.
- viii We confirm that we are satisfied that the actuarial assumptions underlying the valuation of pension scheme assets and liabilities for IAS19 Employee Benefits disclosures are consistent with our knowledge. We confirm that all settlements and curtailments have been identified and properly accounted for. We also confirm that all significant post-employment benefits have been identified and properly accounted for.
- ix Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of the Code.
- x All events subsequent to the date of the financial statements and for which the Code requires adjustment or disclosure have been adjusted or disclosed.
- xi Actual or possible litigation and claims have been accounted for and disclosed in accordance with the requirements of the Code.
- xii We have considered the adjusted misstatements, and misclassification and disclosures changes schedules included in your Audit Findings Report. The financial statements have been amended for these misstatements, misclassifications and disclosure changes and are free of material misstatements, including omissions.

The financial statements are free of material misstatements, including omissions.
- xiii We have no plans or intentions that may materially alter the carrying value or classification of assets and liabilities reflected in the financial statements.
- xiv We believe that the Council's financial statements should be prepared on a going concern basis on the grounds that current and future sources of funding or support will be more than adequate for the Council's needs. We believe that no further disclosures relating to the Council's ability to continue as a going concern need to be made in the financial statements.

Information Provided

- xv We have provided you with:
 - a access to all information of which we are aware that is relevant to the preparation of the financial statements such as records, documentation and other matters;

- b additional information that you have requested from us for the purpose of your audit; and
 - c unrestricted access to persons within the Council from whom you determined it necessary to obtain audit evidence.
- xvi We have communicated to you all deficiencies in internal control of which management is aware.
- xvii All transactions have been recorded in the accounting records and are reflected in the financial statements.
- xviii We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
- xix We have disclosed to you all our knowledge of fraud or suspected fraud affecting the Council involving:
- a management;
 - b employees who have significant roles in internal control; or
 - c others where the fraud could have a material effect on the financial statements.
- xx We have disclosed to you all our knowledge of any allegations of fraud, or suspected fraud, affecting the Council's financial statements communicated by employees, former employees, regulators or others.
- xxi We have disclosed to you all known instances of non-compliance or suspected non-compliance with laws and regulations whose effects should be considered when preparing financial statements.
- xxii We have disclosed to you the identity of all the Council's related parties and all the related party relationships and transactions of which we are aware.
- xxiii We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.

Annual Governance Statement

- xxiv We are satisfied that the Annual Governance Statement (AGS) fairly reflects the Council's risk assurance and governance framework and we confirm that we are not aware of any significant risks that are not disclosed within the AGS.

Narrative Report

- xxv The disclosures within the Narrative Report fairly reflect our understanding of the Council's financial and operating performance over the period covered by the financial statements.

Approval

The approval of this letter of representation was minuted by the Council's Corporate Governance and Standards Committee at its meeting on 26 July 2018.

Yours faithfully

2017-18 Audited Statement of Accounts

Executive Summary

The terms of reference of the Corporate Governance and Standards Committee include approval of the statutory Statement of Accounts on behalf of the Council. The audited Statement of Accounts are attached at Appendix 1. The Audit Findings report, presented elsewhere on this agenda, covers the changes made to the accounts between the draft accounts, issued on 31 May 2018 and presented to Corporate Governance and Standards Committee on 14 June 2018, and the audited accounts.

Recommendation to Committee

It is recommended that

1. the Committee approves the audited Statement of Accounts 2017-18, as set out in Appendix 1, and
2. the Chairman of the Committee signs the official copy of the accounts to state they are approved.

Reason for Recommendation:

To approve the Statement of Accounts for 2017-18.

In order to comply with the Accounts and Audit Regulations 2015 the statutory Statement of Accounts requires approval by 31 July. This is two months earlier than in previous years. A complex technical accounting issue arose towards the end of the audit in respect of the accounting treatment of the lease for Onslow Park and Ride and its subsequent valuation in the Council's accounts. The Director of Finance and the Associate Audit Director (Grant Thornton) agreed a resolution to the matter, but the tight deadline meant it was not possible to make the required adjustments in time for the Corporate Governance and Standards Committee meeting of the 26 July 2018 to approve the accounts. Consequently, this special meeting of the committee has been convened to approve the revised Statement of Accounts for 2017-18.

1. Purpose of Report

- 1.1 This report presents the audited statutory Statement of Accounts 2017-18 for approval by the Committee.

2. Strategic Framework

- 2.1 Good financial management underpins the achievement of the Council's Corporate Plan.

3. Background

- 3.1 The terms of reference of the Corporate Governance and Standards Committee include approval of the statutory Statement of Accounts on behalf of the Council.
- 3.2 The Committee received the draft statement of accounts for 2017-18 at its meeting on 14 June 2018.
- 3.3 The external auditor, Grant Thornton UK LLP, has completed the audit and the Chief Financial Officer (CFO) has re-certified the Statement of Accounts.
- 3.4 The Audit Findings report, presented elsewhere on this agenda, covers the changes made to the accounts between the draft accounts, issued on 31 May 2018 and presented to Corporate Governance and Standards Committee on 14 June 2018, and the audited accounts. The audited accounts attached at Appendix 1 include the changes.
- 3.5 The external auditor intends to issue an unqualified opinion on the financial statements.

4. Financial Implications

- 4.1 There are no financial implications arising from this report.

5. Legal Implications

- 5.1 The Accounts and Audit Regulations 2015 require that the Council or a committee must consider and approve the statement of accounts no later than 31 July. The Council has delegated this responsibility to the Corporate Governance and Standards committee.
- 5.2 The Accounts and Audit regulations also require the person presiding at the meeting to sign and date the statements that we must then publish, accompanied

by the auditor's report, no later than 31 July. The identification of a complex technical accounting issue late in the audit meant there was not sufficient time to make the required accounting adjustments to the accounts, in order to present the Statement of Accounts for 2017-18 to the scheduled meeting of the Corporate Governance and Standards Committee on the 26 July. This special meeting of the committee has been convened to approve the accounts.

6. Human Resource Implications

6.1 There are no human resource implications arising from of this report.

7. Conclusion

7.1 The audit of the 2017-18 accounts is complete and the independent auditor intends to issue an unqualified opinion on the financial statements, which the CFO has re-certified in accordance with the Accounts and Audit Regulations 2015.

8. Background Papers

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Statement Of Responsibilities

The Council's Responsibilities

The Council is required to:

- Make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Chief Financial Officer.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

The Chief Financial Officer's Responsibilities

The Chief Financial Officer is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

In preparing this Statement of Accounts, the Chief Financial Officer has:

- selected suitable accounting policies and then applied them consistently
- made judgements and estimates that were reasonable and prudent
- complied with the local authority Code.

The Chief Financial Officer has also:

- kept proper accounting records which were up to date
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

I certify that the Statement of Accounts presents a true and fair view of the financial position of Guildford Borough Council at 31 March 2018 and of its income and expenditure for the year ended 31 March 2018.

Claire Williams Morris, BEng (Hons), FCPFA, Cert IPSFR

31 May 2018

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Independent Auditor's Report To The Members of Guildford Borough Council

Report to follow

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Chief Financial Officer's Narrative Report

Financial Performance during the year – General Fund Revenue

I have pleasure in presenting the Council's Statement of Accounts for the financial year 2017-18.

The overall financial climate continues to be difficult and is likely to remain so for a number of years. Local Government will continue to play its part in helping to address the national funding deficit, and each Council will be required to contribute accordingly by continuing to deliver services with fewer resources. Guildford Borough Council (the Council) has continued to maintain its focus on robust planning and monitoring of the budget and identification of efficiency savings for the future.

The reduction in the Council's settlement funding assessment for 2016-17 from Central Government was 20.3% (£960,000). This followed grant reductions of:

- 15.2% in 2011-12,
- 12.6% in 2012-13,
- 6.6% in 2013-14,
- 13% in 2014-15,
- 15% in 2015-16 and
- 20.3% in 2016-17

The budget for 2017-18 included investment in services of £1.859 million to support the delivery of the Corporate Plan, of which £904,000 non-recurring expenditure on projects was funded from reserves in order to pump prime investment in the borough.

Given the cuts in central government funding, we identified £1.304 million savings through our business planning process in order to finance the service improvements and £2.1 million additional income. £920,000 of the additional income was due from asset acquisitions relating to the Council's Bedford Wharf redevelopment project, this proved unachievable during the year due to the purchase of the property not proceeding.

The net budget requirement for the year 2017-18 was set in February 2017 at £44,201,199 an increase of £2.7 million from the Council's 2016-17 net budget requirement of £41,532,915. The net budget requirement is the amount the Council expects to spend after allowing for income from sources such as direct grants, fees, charges and rents but excludes income from revenue support grant, business rates and adjustments relating to the collection fund balance.

The net budget figure above excludes the precept requirements of the Parish Councils, which was £1,576,106 (2016-17 precept requirements were £1,469,802 an increase of 7.2%).

The Borough Council's band D council tax was set at £161.82, an increase of £5 (3.19%) from 2016-17. The report to Council on 8 February 2017, (<http://www2.guildford.gov.uk/councilmeetings/ieListDocuments.aspx?CId=159&MId=598&Ver=4>) available on the Council's website provides further details about the Council's budget for 2017-18.

We monitored performance against the budget closely through the year with particular attention paid to our key services (Development Control, Planning Policy, Industrial Estates, Investment Property, Leisure Management, Off Street Parking, Parks and Countryside and Refuse and Recycling), control of salaries and achievement of the efficiency savings included in the budget. Because of this strong financial management net expenditure at service unit level was £795,000 lower than originally budgeted, after allowing for accounting adjustments and other items that do not impact on the level of council tax. This is around 0.9% of the total relevant gross expenditure budgets.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The Final Accounts report will be presented to the Executive on 19 June 2018

(<http://www2.guildford.gov.uk/councilmeetings/ieListDocuments.aspx?CId=132&MId=743&Ver=4>) available on the Council's website, gives a detailed analysis of the variances in service expenditure.

The Council receives investment income from our cash backed reserves. As at 31 March 2018, we had around £133.6 million invested. Overall, net interest returns in the year were approximately £380,000 more than anticipated at £1.474 million. The Treasury Management Annual Report will be reported to Executive on 19 June 2018

(<http://www2.guildford.gov.uk/councilmeetings/ieListDocuments.aspx?CId=132&MId=743&Ver=4>), available on the Council's website provides further information about the Council's investment and borrowing activity during the year and our performance against our prudential indicators.

In setting the 2017-18 budget, a minimum revenue provision of £1.228 million was assumed, based on the expected General Fund Capital Financing Requirement (CFR) at 31 March 2017 of £84.16 million. The actual General Fund CFR at March 2017 was £70.18 million, generating a minimum revenue provision of £573,852, which is approximately £654,000 less than budgeted.

Overall the net expenditure on the General Fund was lower than the original estimate to the value of £1.14 million. This has been utilised by the following contributions to reserve:

Item	Description	£000
1.	Capital programme reserve. The Council has an ambitious capital programme and a significant borrowing requirement in future years. We have therefore transferred £1.12 million to the reserve to reduce the need for external borrowing and delay the point at which we will need to take on borrowing. This in turn will reduce the minimum revenue provision payment from the general fund revenue account	1,120
2.	Donation to the Mayors Distress Fund. The fund is a charitable trust, which helps support people in financial distress within the borough.	20
		1,140

Financial Performance during the year – General Funds Capital Expenditure

Capital expenditure in the year totalled £13.944 million. The major areas of capital spend are shown in the table below:

	Updated estimate (£m)	Actual (£m)	Variance (£m)
Non-housing approved programme	14.717	9.885	(4.832)
Non-housing provisional programme	0.019	0.019	(0)
Schemes financed from reserves	4.442	3.305	(1.137)
Projects financed from s106 receipts	0.439	0.09	(0.349)
Private sector and affordable housing grants	0.665	0.645	(0.02)
Total	20.282	13.944	(6.338)

The main areas of capital expenditure during the year were:

- £2.1 million investment in North Downs Housing Limited,
- £1.998 million on major refurbishment of the roof and steelwork at spectrum leisure centre,

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- £1.4 million on the redevelopment of Woodbridge Road Sports ground
- £1.2 million on preliminary works for the Guildford Park redevelopment
- £1.0 million on preliminary works for the Slyfield Area Regeneration Project.

The capital expenditure was financed by utilising the following resources:

We only financed £6.8 million of our capital expenditure from existing resources, resulting in an increase to our Capital Financing Requirement, funded by internal borrowing, of £7.1 million.

Internal sources of funds available at 31 March 2018 to meet future capital expenditure are:

- General Fund capital schemes reserve £1.6 million
- HRA usable capital receipts £24.1 million
- HRA future capital programme reserve £30.8 million
- HRA new build reserve £44.9 million
- HRA Major Repairs Reserve £7.99 million

Financial Performance during the year - Treasury Management

Our treasury management annual report was presented to Executive on 19 June 2018, (item EX13) and is available on our website. The principle value of Investments at 31 March 2018 totalled £133.64 million made up as follows:

Investment details	Book cost of Investments at 31-03-18 £m
Internally Managed Investments	
Fixed Investments < 1 year to cover cash flow	29.0
Corporate bonds	2.0
Certificates of deposit	3.0
Notice Accounts	11.0
Revolving Credit Facility	2.5
Call Accounts	0.44
Money Market Funds	8.32
Long term investments > 1 year	57.13
Externally Managed Funds	

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Payden & Rygel	5.01
Funding circle	0.49
CCLA	6.65
M&G	2.57
Schroders	0.88
UBS	2.34
City Financials	2.30
TOTAL	133.63

The book cost of investments is the amount of cash receivable if the investments were to be sold on 31 March 2018. The book cost is different to the amounts shown in note 30 of the financial statements where the investments are shown in accordance with IFRS 13 Fair Value Measurement. Gross interest received in the year from investments was £1.853 million against a budget of £1.473 million.

During the year we increased the value of temporary borrowing by £13.5 million taken out for cash-flow purposes. The principal balance outstanding on our external loans at 31 March 2018 was £241.625 million.

The investment markets remained extremely challenging although the Bank of England increased base rate to 0.5% and the Council continued its focus on preserving capital whilst optimising interest earnings.

Explanation of Key Information contained in the Financial Statements

Local Authorities are required to prepare their accounts in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code). International Financial Reporting Standards (IFRS) form the basis for the Code, which has been developed by the Local Authority Accounting Code Board comprising members from the Chartered Institute of Public Finance and Accountancy (CIPFA) and Local Authority of Scotland Accounts Advisory Committee (LASAAC), under the oversight of the Financial Reporting Advisory Board (FRAB). The Code constitutes a proper accounting practice under the terms of section 21(2) of the Local Government Act 2003.

The complete set of financial statements is set out on the following pages. The Code prescribes the order of presentation of the financial statements and the Statement of Accounting Policies supports the accounts by explaining the policies used in their preparation. In summary, the financial statements comprise the:

- **Expenditure and Funding Analysis (EFA)**: showing how the Council’s annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) in comparison with those resources the Council consumes or earns in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the Council’s Directorates.
- **Comprehensive Income and Expenditure Statement (CIES)**: showing the accounting cost in the year of providing services in accordance with generally accepted accounting practices. This Statement provides the detail behind the surplus or deficit on provision of services figure included in the Movement in Reserves Statement. The Statement shows the total expenditure and income in the year for all services.
- **Movement in Reserves Statement (MIRS)**: showing the movement in the year on the different reserves held by the Council, analysed into usable reserves (i.e. those that we can use to finance expenditure or reduce local taxation) and other reserves. This Statement shows how the movements in year of the Council’s reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return the amounts chargeable to council tax or rents for the year.
- **Balance Sheet**: showing the value of the Council’s assets and liabilities at 31 March 2017. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- Cash Flow Statement: showing the changes in the amount of cash and cash equivalents during the financial year. The Statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities
- Notes to the above Statements: giving a summary of significant accounting policies and other explanatory information. We have split these notes into normal and accounting technical notes to aid the readability of the financial statements for users.
- Housing Revenue Account (HRA) Income and Expenditure Statement: covering income and expenditure relating to the provision of council housing in accordance with Part 6 of the Local Government and Housing Act 1989. The HRA is ring-fenced from the rest of the General Fund. Its primary purpose is to ensure that the expenditure on managing tenancies and maintaining dwellings is balanced by rents charged to tenants so that rents cannot be subsidised from council tax, or vice versa
- Notes to the HRA: giving explanatory information to the HRA Income and Expenditure statement
- Collection Fund Revenue Account: showing the transactions of the Council as a billing authority in relation to non-domestic rates and council tax. The Fund shows the way in which these have been distributed to local authorities and the Government on whose behalf Guildford Borough Council collects the amounts due
- Notes to the Collection Fund: giving explanatory information to the Collection Fund Revenue Account

Expenditure and Funding Analysis (EFA)

The net expenditure chargeable to the General Fund and HRA balances was a surplus of £16 million. £12 million adjustments between funding and accounting bases resulted in a surplus reported in the CIES of £4 million.

Income and Expenditure Statement (CIES)

The surplus on provision of services was £4.082 million. This was the net total of a surplus on the HRA of £10.286 million, and a deficit on the General Fund of £6.204 million.

Total comprehensive income and expenditure was £33 million, compared to £58 million in 2016-17. The reduction was primarily due to smaller gains from the increase in value of the Council's property portfolio, partly offset by a gain from the re-measurement of the pension liability.

Movement in Reserves Statement

The MIRS shows that a surplus of £10.286 million is added to the HRA and a deficit of £6.204 million taken off the General Fund and HRA balance, and that £12.189 million is added to the General Fund and £225,000 taken from the HRA as a result of adjustments made under statutory regulations.

£41.382 million of the GF balance of £45.49 million as at 31 March 2018 is held in reserves earmarked for specific purposes. The remaining £3.7 million is held as unallocated funds. In the case of the HRA, £75.7 million of the balance of £78.2 million is held in earmarked reserves, leaving an unallocated balance of £2.5 million.

Balance Sheet

The Balance Sheet shows that our long term assets have increased in value during the year by 1.09% from £918 million to £928 million. This is due to a £14.2 million increase in value of the Council's property portfolio on revaluation during the year, £4.3 million additions to the Council's operational property, £4.1 million additions to assets under construction and £1.4 million revaluation of investment property, offset by a reduction in long-term investments of £11.4 million.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Current assets have increased by 33% from £91 million to £121 million, mainly due to an increase in short-term investments (including those classified as cash equivalents) from £83 million to £103 million, an increase in short term debtors from £7.3 million to £15.77 million and £2 million of property assets transferred to assets held for sale. After our liabilities are taken into account, our net assets have increased by 4.96% from £655 million to £687 million.

This is matched by an increase in our unusable reserves of £18 million, and an increase in our usable earmarked reserves of £14 million.

Pension liability

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. The Council participates in the Local Government Pension Scheme administered by Surrey County Council – this is a funded scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets.

Hymans Robertson LLP, completed a triennial review of the fund at 31 March 2016 which set the employer contribution rates for 2017-18 to 2019-20. The results of the actuarial valuation as at 31 March 2016, were reported to the Corporate Governance and Standards Committee in March 2017 and the report is available as part of the committee papers on the Council's website

(<http://www2.guildford.gov.uk/councilmeetings/ieListDocuments.aspx?CId=145&MId=511&Ver=4>).

Employer contributions into the fund are 15.1% of payroll costs.

The Council accounts for pension costs, in its financial statements, based on International Accounting Standard (IAS) 19; Employee Benefits. This standard requires that the cost of retirement benefits are reported when they are earned by employees rather than when the benefits are paid as pension.

Legislation prevents this cost affecting council tax and housing rent levels, which are based on the cash payable in the year. The accounts include an adjustment for the difference in the form of a transfer to or from a statutory pensions reserve.

The accounts, based on IAS 19, show a total pension fund liability of £90.2 million (£93.4 million in 2016-17) which has a substantial impact on the net worth of the authority as recorded in the balance sheet. The position, as valued by IAS 19 differs to that reported as part of the triennial valuation principally because the accounting standard requires that the discount rate is set with reference to the yields on high quality corporate bonds irrespective of the actual investment strategy of the Fund. As such the IAS 19 valuation of the Fund is unlikely to reflect the eventual cost of providing the benefits and does not affect the level of contributions to the fund from either the employees or the Council. Statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy; the deficit will be made good by contributions over the remaining working life of employees as assessed by the scheme actuary. It is important to remember that pensions are long term assets and liabilities and the IAS 19 figures disclose the position at a point in time based on the actuaries' financial assumptions.

Reserves, Balances and Provisions

We are not required to include a full list of reserves and balances in the Statement of Accounts, however we included one the Final Accounts report to the Executive on 19 June 2018

(<http://www2.guildford.gov.uk/councilmeetings/ieListDocuments.aspx?CId=132&MId=743&Ver=4>).

Transfers to and from the reserves have been made during the year as appropriate and can be seen at Note 12 to the accounts. We have set up a small number of new reserves in the year for accounting purposes in relation to specific grants.

We increased the provision in respect of the Council's share of the estimated reduction in business rates collectable due to rating appeals by £12 million, and £5.1 million of appeals were charged to the provision in year (see below).

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

We maintain a bad debt provision at a suitable level including sufficient provision to meet all likely non-collectable local taxation.

Calculation of Key Ratio's

The financial statements show the following measures of the Council's financial position:

Indicator	Definition	2016-17	2017-18
Liquidity Ratio	Current Assets / Current Liabilities	1.46	1.54
Gearing %	Total borrowing / Long Term Assets	25%	26%
Borrowing as a % Gross Income	Long Term Borrowing / (Gross Income + Taxation and Non-specific Grant Income)	171%	177%
General Fund Reserves as % Net Expenditure chargeable to the General Fund	level of GF & GF earmarked reserves / net expenditure chargeable to the general fund	222%	243%
HRA Reserves as % Net Expenditure chargeable to the HRA	level of HRA & HRA earmarked reserves / net income chargeable to the HRA	313%	375%

The above table shows that the Council has a reasonable level of liquidity and sufficient reserves to meet future expenditure requirements. Its overall gearing level is good. On this basis I feel that the Council is in a strong financial position and a going concern.

Collection Fund

We maintained a high level of collection performance for both Council Tax and Business Rates in the year. The council tax collectable debit for 2017-18 was approximately £99 million and 99.12% had been collected by 31 March 2018. At the same time, 99.38% of the collectable debit for non-domestic rates (£88 million) had been collected.

We had anticipated a reduction in collection rates following the introduction of the Local Council Tax Support Scheme (LCTSS) however, this has not happened and collection rates have remained high.

Business Rates Retention Scheme

The Business Rates Retention Scheme (BRRS) allows the Council to benefit financially from any above inflation growth achieved in the level of business rates in our area, but the Government also transferred the risk of a fall in business rates to us and the rate in the pound levied is still controlled by the Government.

The BRRS starts with the Government's assumption of the level of Business Rates nationally and sets an amount known as the NDR Baseline. For Guildford the NDR Baseline was set at £32.4million. The Government assessed our baseline funding level at £2.7 million, the difference (£29.7 million) was paid to the Government as a tariff. If Guildford's actual business rate income is higher than the NDR Baseline then normally the Council would be required to pay a levy of 50% of the additional income to central Government. However, for 2017-18 we have continued to be part of the Surrey-Croydon business rates pool, which means that we keep approximately 75% of the additional income and pay the remaining 25% to the pool. The system is far more volatile than the old one (where the amount of grant was fixed and known in advance of the budget being set) and carries more risk for the Council.

When setting the budget we expected our business rate income to be higher than the baseline funding level and therefore budgeted to pay a levy to the pool of 25% of the additional income (£652,892). We also

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

decided that we would put our original 50% share of the additional income (£1,305,784) in the Business Rates Equalisation reserve along with the 25% additional retained levy from pooling (£652,892). This is in line with our medium term financial strategy, to help mitigate the volatility in funding caused by the new scheme and the Council’s redevelopment plans for the town centre.

When we set our 2017-18 budget, we projected the business rate income we would receive (£88.1 million of which the Council’s 40% share is £35.3 million) and provided this estimate to the government in our NNDR 1 return. At the end of the year, we update the data based on actual income (£77.2 million of which the Council’s share is £30.9 million) and inform the government in our NNDR 3 return. The significant reduction in income between estimate and actual for 2017-18 means that the Council is due to receive a safety net payment of £475,757 from the Surrey-Croydon Business Rates pool, rather than paying a 25% levy on the additional income above baseline into the pool.

The amount we recognise in the Income and Expenditure Statement for business rate income for 2017-18 is the amount we projected on the NNDR1 return, i.e., our budgeted amount; however, the amount we actually received (and reported on our NNDR3 return) is recognised in the Collection Fund. The government, has legislated that local authorities reverse the impact on the general fund of any difference in business rate income through the surplus/deficit on the Collection Fund and an adjustment to the Collection Fund Adjustment Account on the Movement in Reserves Statement. The difference between what we estimated and received therefore forms part of the surplus or deficit on the Collection Fund and will be taken into account in setting the budget for 2019-20.

The reason for the reduction in business rates income between the estimated amount and the actual for 2017-18 is due to a significant increase in the provision for appeals of £12 million. The provision is an allowance for reductions in business rates payable because of appeals made by the rate payer to the Valuation Office (VO) in 2017-18. During 2017, the VO carried out a full revaluation and as a result, many businesses experienced a significant increase in their rateable value. We have no control over these appeals or the timescale within which they are heard. When setting the business rates multiplier, government estimate an allowance of 4.7% for appeals, we have therefore set aside a provision of 4.7% of net rates payable in 2017-18 for future appeals relating to the 2017 rateable value list. In addition, we have provided in full for a large appeal for mandatory relief backdated to 2010 from two NHS bodies. The NHS mandatory relief claim is currently the subject of legal action through the courts

The Council has calculated a total provision of £15 million for appeals is required as at 31 March 2018, of which the Council’s share is £6 million (40%). The inclusion of the appeals provision in our Collection Fund has resulted in a total deficit on the Collection Fund in relation to Business Rates of £12.1 million, of which the Council’s 40% share is £4.8 million.

The table below shows the difference between the actual and estimated income from business rates and the resulting impact on the levy payment:

<u>Business Rates Retention Final Summary</u>	2017-18 Budget £000	2017-18 Actual £000	2017-18 Variance £000
BRRS - tariff	30,213	29,738	(475)
BRRS – Levy / (safety net) payment	653	(476)	(1,129)
BRRS - equalisation reserve transfer	1,000	3,153	2,153
	31,866	32,415	549
BRRS - s31 grant	(634)	(1,183)	(549)
BRRS - retained income	(35,251)	(35,251)	0
BRRS - net position	(4,019)	(4,019)	0

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

We have accrued for the safety net payment in our CIES for 2017-18. The Council's current policy is to transfer its share of the levy or safety net payment to the business rates equalisation reserve to help smooth the volatility in income from business rates under the BRRS and to help us manage the fluctuations in our business rate income that will occur as we carry out our development plans for the town centre. If the appeals mentioned above are successful, they will fall as a cost to the General Fund revenue account in future years. We will use the business rates reserve to mitigate any costs that fall in future years.

Housing Revenue Account (HRA)

The Statement of Accounts contains details of the HRA income and expenditure, which is ring-fenced from the General Fund. We reported the HRA outturn to the Executive on 19 June 2018 and the report is available on the Council's web site, www.guildford.gov.uk at (<http://www2.guildford.gov.uk/councilmeetings/ielistdocuments.aspx?CId=132&MId=743&Ver=4>).

The table below shows the main variances between the budgeted and actual operating surplus for 2017-18 under the key headings.

Housing Revenue Account	2017-18 Budget	2017-18 Actual	Variance
	£000	£000	£000
Rental Income	(30,177)	(30,686)	(509)
Other Income	(1,573)	(1,561)	12
Total income	(31,750)	(32,247)	(497)
Expenditure on Housing Services	10,118	10,387	269
Depreciation	5,000	5,529	529
Revaluation	0	(72)	(72)
Other expenditure	1,047	1,496	449
Interest payable and receivable	4,779	4,619	(160)
Surplus for the year	(10,806)	(10,288)	(518)
HRA balance brought forward	(2,500)	(2,500)	0
Surplus for the year	(10,806)	(10,288)	(518)
Transfers to other reserves	10,806	10,288	518
HRA balance carried forward	(2,500)	(2,500)	0

At year end we transferred £2.5 million to the reserve for future capital programmes and £7.66 million to the new build reserve. The surplus on revaluation was transferred to the capital adjustment account in line with the CIPFA code of practice. The HRA working balance at year-end remains at £2.5 million.

The income budget was prepared using the Government's stated policy of reducing social housing rents by 1% per annum for 4 years from 1 April 2016. This resulted in an average actual rent of £111.26 per week.

Rental income from dwellings was £517,000 (1.78%) higher than estimated. This is the result of a combination of factors, which include the profiling of new build units coming on stream, reductions in void periods and Right to Buy (RTB) assumptions. In total 16 properties were sold in 2016-17 as a result of RTB applications, with a further interest in 2.4 equity share properties sold.

Employee related expenditure was £254,000 lower than estimated. Expenditure on repairs and maintenance was £356,000 above the estimate. In addition, a lower than anticipated interest rate on the variable rate element of the loan portfolio financing the HRA has resulted in a saving of £160,000.

The Council has clearly stated its ambition to increase the number of affordable homes in the borough and work is underway to bring forward a number of development opportunities. A combination of useable one-

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

for-one receipts and capital receipts have been used to finance capital expenditure on the new build programme, including Guildford park car park, appletree pub site, Slyfield green (corporation club), Willow way and various former garage sites.

Other Performance during the year

Performance management is a key part of delivering successful services and performance indicators help the Council define and measure progress towards our strategic priorities. Individual service and project managers collect and monitor key performance information. In addition, 17 key corporate performance indicators are collected by the authority each year and benchmarked across the Surrey District Council's. The benchmarking reports are presented to the Surrey Chief Executives group each year. Guildford's performance against the 17 key performance indicators is as follows:

Indicator	2017-18	2016-17
1. Council Tax Collected	99.11%	99.27%
2. NNDR Collected	99.38%	99.29%
3. Invoices paid on time	93.67%	91.75%
4. Benefit Overpayments recovered	£1.153 million	£1.398 million
5. Processing of 'major' planning applications within 13 weeks	96.66%	97%
6. Processing of 'minor' planning applications within 8 weeks	91.83%	91%
7. Processing of 'other' applications within 8 weeks	89.06%	88%
8. Appeals dismissed against the Council's refusal of planning permission	62.14%	68%
9. Number of Households living in temporary accommodation	57	61
10. Housing Advice – homelessness prevented (cases resolved)	464	393
11. Days taken to process Housing Benefit / Council Tax support claims	29.87 for new claims 9.65 for changes	24.77 for new claims 7.07 for changes
12. Number of affordable homes completed	111	32
13. Food businesses with 'scores on the door' of 3 or over	96.31%	94.8%
14. % Household waste recycled and composted	60.3%	59.7%
15. Staff sickness absence		
Office	7.7 days	6.9 days
Manual	11 days	12.6 days
16. Staff turnover	10.8%	12.8%
17. Calls answered by customer services within 20 seconds	89.3%	91.3%

The Council approved a Corporate Plan for the period 2015-2020 and has published it on our website, <http://www.guildford.gov.uk/corporateplan>. The Corporate Plan informs the more detailed service and project plans. The priorities set out in the plan are the basis and drivers for our performance indicators.

The five themes provide a focus for Council activities and there is a clear link between service delivery and the Council's corporate objectives. We monitor progress against the objectives in the service plans through regular performance monitoring meetings and reports.

The progress made against the 2015-2016 Corporate Plan is reported monthly to the Council's officer Corporate Management Team. The chart below shows the status of the progress so far, against the main themes, after 2 years of the corporate plan.

This chart shows progress against the Council's main themes

Issues affecting the Council's Future

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

My Chief Finance Officer’s report on the 2018-19 Budget, presented to Council on 7 February 2018, is on our website (www.guildford.gov.uk), (<http://www2.guildford.gov.uk/councilmeetings/ieListDocuments.aspx?CId=159&MId=598&Ver=4>). This report contains an overview of local government funding, the economic outlook and their impact on the Council.

The economic situation continues to pose a significant risk. The level of Central Government support to the Council has been reducing as the Government addresses the national deficit. The chart below shows the change in Central Government funding since 2013-14 projected through to 2019-20.

During 2016-17, the Council accepted the central government’s offer of a multi-year finance settlement for the 4 year period 2016-17 to 2019-20. The multi-year settlement requires local authorities to make efficiency savings but in return offers some stability for financial planning purposes. In addition, the draft local government finance bill, introduced in early 2017 introduces the legislation required to enable local government to retain 100% of business rate revenues from 2020. However, under the new legislation, the system of top-up and tariffs, which re-distributes revenues between local authorities nationally, will be retained. As part of the reforms, the government will phase out Revenue Support Grant (RSG) and devolve additional responsibilities to local government such as responsibility for funding public health and housing benefit to pensioners.

The multi-year settlement for the 4 years 2016-17 to 2019-20 shows that central government support (i.e., retained business rates, RSG and new homes bonus (NHB)) has reduced by 49% since 2013-14.

The majority of the reduction falls on the RSG which will be nil for the Council by 2018-19. To enable the government to still have a mechanism for controlling/reducing our ability to raise funding locally, it has introduced an adjustment to the tariff the Council pays to central government under the business rates retention scheme, which has the impact of, further reducing resources in 2019-20.

Many of the priorities within the corporate plan involve significant investment in services, infrastructure and housing to deliver the outcomes.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

A new capital strategy has been developed with the aims of realising the Council's Corporate Plan, raising the quality of life for residents and improving the long-term financial planning process. The capital strategy demonstrates that the Council takes capital expenditure and investment decisions in line with the corporate plan and takes account of stewardship, value for money, prudence, sustainability and affordability in the decision making process. The first five years of the capital strategy are the capital programme. The capital programme (both general fund and HRA) is significant and includes potential investment in key projects to support our corporate plan such as:

- Investment in new affordable housing at sites such as Guildford Park, Bright Hill, Ladymead, Apple Tree Pub (Park Barn), Slyfield and various garage sites
- Investment in residential accommodation for rent (through the Council's subsidiary company, North Downs Housing Limited)
- Regeneration of North Street
- Investment in purpose built student accommodation in the borough
- Potential regeneration of Council owned sites in the town centre e.g., Bedford road / cinema area
- Slyfield regeneration/Clay Lane link road
- Provision of a new railway station at Guildford West (Park Barn)
- Investment in additional car park capacity in the town centre
- Investment in transport infrastructure & sustainable transport routes (town centre, west guildford & cycling)
- Westfield Road / Moorfield Road (Slyfield) resurfacing
- Redevelopment of Midleton Industrial Estate
- Infrastructure improvements to the A331/A31 and A331/A323 junctions (blackwater valley bypass)
- New Walnut Bridge
- Rebuilding the crematorium
- New burial ground
- Introduction of a bicycle sharing scheme in the town centre
- Design work to support the potential relocation of the bus station
- Producing a masterplan for stoke park
- Investment in the museum
- Investment in the ICT of the Council

To finance the capital strategy, a variety of funding sources, such as capital receipts, capital reserves, revenue contributions, S106 contributions and borrowing will be required. Unless the Council is able to generate capital receipts it will need to borrow from its own internal resources, or the market. Any borrowing will have a direct impact on the revenue budget, as there is a requirement to charge a minimum revenue provision (MRP) for the use of borrowing as well as interest payments. Whilst the 5-year capital programme is ambitious, the capital strategy assumes that there will be some capital receipts or revenue income arising, particularly from the redevelopment schemes that will offset some of the expenditure in the long-term.

Growth included within the revenue budget for 2018-19 also supports the delivery of the Corporate Plan. The growth arising from investment in services to meet the Corporate Plan for 2019-20 to 2021-22 has been included in the medium term financial plan. The main areas of investment in 2018-19 to support our corporate plan include:

- Feasibility study into decking of Millbrook Car Park
- Development of a plan and programme to replace the spectrum leisure centre in the long term
- Producing a development brief for Guildford Railway Station Development of a planning application for the installation of a bridge over the railway line on the A323 in Ash

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- Production of supplementary planning documentation and design framework to support the local plan
- Feasibility study for the introduction of a bicycle sharing scheme in Guildford
- Further design work for a new railway station at Guildford West (Park Barn)

Our projections show that there is a significant gap between projected income and expenditure over the period 2019-20 to 2021-22. We estimate that the funding gap totals approximately £3.4 million over the plan period (to 2021-22). However, sensitivity analysis shows this could be within the range £3 million to £5 million.

The medium term budget gap already assumes that £184,000 million savings and £6.1 million additional income proposals (put forward as part of the 2017-18 and 2018-19 business planning processes) identified for 2019-20 to 2021-22 can be achieved. In addition, the 2018-19 budget includes a total transformation target of £720,000 which is a £500,000 savings proposal put forward for the 2018-19 budget and an amount of £220,000 savings carried forward from 2017-18 that have yet to be achieved. There is a risk that if the savings and income proposals are not achieved then the budget gap will be higher. Councillors and Senior Officers are acutely aware of the need to retain a firm grasp on controlling expenditure, efficiency programmes and budget monitoring. To address the shortfall, we continue to pursue a programme of transformation to ensure a financially sustainable future.

Financial Risks

The Council faces many financial risks, which are identified in the financial risk register published as part of the 2018-19 Budget, presented to Council on 7 February 2018. The Financial Risk Register quantifies the risks and demonstrates that the general reserves and those held for risk management purposes are adequate to cover the risks. The major risks are explained in more detail below.

1. **The economic situation.** The financial consequences of leaving the EU and the terms on which the UK leaves pose a significant risk to the UK economy, which is still in a period of austerity following the 2008 recession. In particular the need for, and length of, any further government spending reductions pose a significant risk to the medium term financial plan of the Council. The impact of continued economic uncertainty could affect the Council's income streams as follows:
 - Loss of rental income on investment properties
 - Loss of interest from investments arising from bank base rates remaining at a low level for longer than expected
 - Increase in housing benefit claimants and bad debts
 - Potential increase in homelessness
 - Loss of income from Fees and Charges
2. **Delivery of savings and income.** The Council has embarked on transformation programme to deliver savings and income generation required to balance the budget over the medium term. If the programme is not be delivered on target it will affect the Council's ability to contain expenditure within budget in year, thus potentially reducing reserves and will increase the budget gap in future years of the medium term financial plan.
3. **Welfare Reform.** The roll out of Universal Credit (which replaces housing benefit) has been delayed a number of times. The latest postponement for Guildford moves the rollout of new benefit claims from July 2018 to October 2018. The final stage (converting the stock of existing housing benefit claims to Universal Credit) is expected to be complete by 2022. The pace of roll-out will be dictated by the number of new claims, which will either be brand new claims or those coming back on to benefit having previously been a recipient. We will be closely monitoring the pace of change, as it will significantly influence our use of human and financial resources during this time. Some staff may choose to leave in advance of the final transfer of work to the Department for Work and Pensions (DWP), which could affect the speed of our processing and the level of customer service we can provide. The welfare changes may also affect the Council

through vulnerable people placing an increase in demand for services such as homelessness and housing advice.

4. **Regeneration.** The Council is likely to promote regeneration of parts of the town centre where we are a landowner, in order to promote better use of our assets and better transportation links. All will necessitate the identification and acceptance of an appropriate level of risk. There are three major capital regeneration schemes during the medium term budget period; North Street, Slyfield and parts of the town centre along the river corridor. These schemes are schemes that only happen once in a generation and we would not normally expect the Council's on-going capital programme to include schemes of this size under normal operating cycles. Taking these schemes forward will have significant financial risks for the Council. Officers are currently looking at alternative legal structures and delivery mechanisms to help us manage those risks. In particular, Slyfield Area Regeneration Scheme will carry significant financial risk to the Council. The scheme is likely to require the Council to undertake significant upfront investment and the time lag between the investment and the eventual sale of properties will be a number of years. The Council will seek to understand the level of risk and mitigate wherever possible.
5. **Capital Programme.** As a consequence of the corporate plan, the Council has an ambitious capital programme, in order to invest in the Borough, and Council services, to deliver the targets within the corporate plan. The decision on how each individual scheme is funded will be taken as part of a further, more detailed, business case for each scheme. The capital programme for 2018-19 to 2022-23 shows the Council has an underlying need to borrow of £419 million. The revenue impact of borrowing includes:
 - borrowing costs
 - interest
 - on-going operating costs and
 - where known, income associated with each scheme.

The revenue implications of the capital programme are included within the Council's general fund revenue budget and contribute towards its medium term financial plan budget gap. As part of the new Capital and Investment Strategy we have introduced a number of new local indicators. The new indicators will help assess the financial sustainability of the Council and its investment decisions. We have also introduced a limit on the amount of capital expenditure that can be funded for 'essential capital schemes' and investment return targets for those regeneration and other capital schemes on the 'capital investment programme'. The impact of each individual scheme on the new indicators, limits and targets will be reported to the Council's Executive prior to approval of each scheme. To meet its medium to long-term financial aspirations, the Council will need to generate further capital receipts, service and transformation efficiencies, additional revenue income and capital grant income and contributions.

6. **Business rates retention scheme.** There continues to be volatility in our business rate income due to voids, appeals, revaluations and bad debts. This uncertainty makes it difficult to accurately budget for business rate income and close monitoring through the year is crucial to identify any shortfalls at an early stage.
7. **Fair Funding Review.** The government are proposing to introduce significant changes to local government finance on 1st April 2020 which adds considerable uncertainty in projecting the medium term financial position for the Council. I expect that the Council's relative need to spend will be reduced by government as part of the fair funding review, as government will look to re-allocate resources into high demand services such as social care and will continue to expect local authorities to contribute towards meeting national austerity targets. This is likely to mean that the baseline need to spend for the Council will reduce and the business rates tariff payable by the Council under the business rates retention scheme could increase from 2020 onwards. The

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

impact of increasing the tariff adjustment is that Guildford will retain less business rates locally than it does now. The Council currently keeps approximately 5% of the business rates collected.

- 8. **Surrey County Council (SCC).** The Council is aware of the significant financial pressure faced by our partner, SCC because of demand and cost pressures on statutory services such as social care. The financial sustainability of the social care system is a nationally recognised problem however, the impact it is having at a local level within Surrey is severe. We are aware that SCC has received advice through the CIPFA financial resilience review, undertaken in November 2016, that SCC could not manage until 2019-20 through reliance wholly on reserves, which are already somewhat depleted. The Surrey Business Rates Retention pilot will provide additional resources for the authority during 2018-19 but uncertainty still surrounds the financial sustainability of Surrey County Council for 2019-20 onwards. The unprecedented scale of service transformation that SCC will need to deliver to become sustainable involves a level of risk to Guildford Borough Council's budget.

Auditors remuneration

Details relating to the remuneration of Auditors of the Council are shown in note 10 to the Statement of Accounts.

Conclusion

The Council has been able to maintain a high level of performance in the delivery of its services during 2017-18, and at the same time maintain its reserves and provisions to a level adequate to meet all known liabilities and invest in transformational change.

There are significant challenges for us in the future. The Government continues to reduce local authority funding as part of its austerity programme and we are starting to prepare for the fair funding review and implementation of 75% business rates retention. The broader welfare reform agenda is also likely to put pressure on Council services, particularly in the area of housing and homelessness. At the same time the Council has exciting but challenging plans for the regeneration of the town and borough.

The Council is well placed to meet these challenges and has a programme of transformational changes and fundamental service reviews in place to deliver savings for future years.

Accounting Policies

1. General Principles

The Statement of Accounts summarises the Council's transactions for the 2017-18 financial year and its position at the year-end of 31 March 2018. The Accounts and Audit (England) Regulations 2015 require the Council to prepare its annual Statement of Accounts in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2017-18, supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments.

2. Accruals of Income and Expenditure (debtors and creditors)

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council
- revenue from the provision of services is recognised when the Council can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council
- revenue from rents on Housing Revenue Account (HRA) properties, and General Fund (GF) operational and investment property, is recognised as it becomes due under the rental agreement with the tenant
- supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet
- expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made
- interest payable on borrowings and receivable on investments is accounted for respectively as expenditure and income to the Comprehensive Income and Expenditure Statement (CIES) on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract
- where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

3. Accounting practice for Council Tax and Business Rates

Revenue relating to council tax and business rates is measured at the full amount receivable (net of any impairment losses) as they are non-contractual, non-exchange transactions. Revenue is recognised when it is probable that the economic benefits of the transaction will flow to the Council and the amount of revenue can be measured reliably.

The council tax and business rate income included in the CIES is the accrued income for the year, which consists of:

- the Council's council tax precept and business rate share from the Collection Fund i.e. the amount billed for the year; and
- the Council's share of the actual council tax and business rate surplus or deficit on the Collection Fund at the end of the current year, adjusted for the Council's share of the surplus

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

or deficit on the fund at the preceding year end that has not been distributed or recovered in the current year.

The latter is not required by regulation to be credited to the GF and so is taken to the Collection Fund Adjustment Account and included as a reconciling item in the (Movement in Reserves Statement (MIRS) on the GF balance.

The Council as billing authority recognises a creditor in its Balance Sheet for cash collected from taxpayers and businesses on behalf of major preceptors but not yet paid to them, or a debtor for cash paid to major preceptors in advance of receiving the cash from council tax payers and business rate payers.

4. Material Items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the CIES or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

5. Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are charged with the following amounts to record the cost of holding non-current assets during the year:

- depreciation attributable to the assets used by the relevant service
- revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off
- amortisation of intangible assets attributable to the service.

The Council is not required to raise council tax to fund depreciation, revaluation and impairment losses or amortisation. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated by the Council on a prudent basis and determined in accordance with statutory guidance. Depreciation, revaluation and impairment losses and amortisation are therefore replaced by the contribution in the GF Balance, called a Minimum Revenue Provision (MRP), by way of an adjusting transaction with the Capital Adjustment Account in the MIRS for the difference between the two.

6. Events after the Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

7. Jointly Controlled Operations and Jointly Controlled Assets

Jointly controlled operations are activities undertaken by the Council in conjunction with other venturers that involve the use of the assets and resources of the venturers rather than the establishment of a separate entity. The Council recognises on its Balance Sheet the assets that it controls and the liabilities that it incurs and debits and credits the CIES with the expenditure it incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of property, plant or equipment that are jointly controlled by the Council and other venturers, with the assets used to obtain benefits for the venturers. The joint venture does not involve the establishment of a separate entity. The Council accounts for its share of the jointly controlled assets, the liabilities and expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

8. Overheads and Support Services

The costs of overheads and support services are charged to service segments in accordance with the Council's arrangements for accountability and financial performance.

9. VAT

Income and expenditure excludes any amounts related to VAT, as all VAT collected is payable to HM Revenue & Customs and all VAT paid is recoverable from it.

10. Fair Value Measurement

The Council measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The Council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the value of a non-financial asset, the Council takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Council uses valuation techniques that are appropriate to the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the Council's financial statements are categorised within the fair value hierarchy, as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Council can access at the measurement date
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly
- Level 3 – unobservable inputs for the asset or liability.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Comprehensive Income and Expenditure Statement (CIES)

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation or rents. Authorities raise taxation and rents to cover expenditure in accordance with statutory requirements; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis (EFA) and the Movement in Reserves Statement (MIRS).

2016-17					2017-18

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Movement In Reserves (MIRS)

This statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (that is those that can be applied to finance expenditure or reduce local taxation) and other 'unusable reserves'. The Statement shows how the movements in year of the Council's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices and the statutory adjustments required to return to the amounts chargeable council tax or rents for the year. The net increase / (decrease) line shows the statutory General Fund (GF) Balance and Housing Revenue Account (HRA) Balance movements in the year following those adjustments.

2017-18	General Fund Balance £000	Housing Revenue Account £000	Capital Receipts Reserve £000	Major Repairs Reserve £000	Capital Contributions Unapplied £000	Total Useable Reserves £000	Unusable Reserves £000	Total Reserves £000

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Balance Sheet

The Balance Sheet shows the value as at 31 March of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) match the reserves held by the Council. Reserves are reported in two categories:

- usable reserves - which the Council may use these to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt), and
- unusable reserves - which the Council is not able to use these to provide services. This category includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the MIRS line 'Adjustments between accounting basis and funding basis under regulations'.

Chief Financial Officer, 31 May 2018

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**Cash Flow Statement**

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources that are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (that is borrowing) to the Council.

Cash represents cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours; for example call accounts. Cash equivalents are highly liquid investments that are convertible to known amounts of cash within 24 hours and with insignificant risk of change in value, and include money market funds.

The cash flow statement shows cash and cash equivalents net of bank overdrafts that are repayable on demand and form an integral part of the Councils cash management.

2016-17		2017-18
£000		£000
	OPERATING ACTIVITIES	
9,746	Net surplus on the provision of services	4,082
21,490	Adjustments for non-cash movements (Note 22)	13,754
(9,435)	Adjustments for items included in the net surplus that are investing and financing activities (Note 22)	(2,324)
21,801	Net cash flows from Operating Activities	15,512
	INVESTING ACTIVITIES	
(37,511)	Payments for additions to long term assets	(15,952)
(96,378)	Payments for purchase of investments	(65,773)
(961)	Other payments for investing activities	(843)
6,417	Proceeds from the disposal of long term assets	4,323
102,399	Proceeds from disposal of investments	60,840
1,687	Other receipts from investing activities	2,489
(24,347)	Net cash flows from Investing Activities	(14,916)
	FINANCING ACTIVITIES	
65,300	Cash receipts of short and long-term borrowing	105,000
(3,747)	Other receipts from financing activities	(993)
(70,042)	Repayments of short and long-term borrowing	(96,736)
(8,489)	Net cash flows from financing activities	7,271
(11,035)	Net increase/(decrease) in cash and cash equivalents	7,867
12,223	Cash and cash equivalents at the beginning of the reporting period	1,188
1,188	Cash and cash equivalents at the end of the reporting period (Note 19)	9,055

The other receipts from financing activities relate to council tax and business rates adjustments for billing authorities.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**Notes To The Accounts****1a). Expenditure And Funding Analysis**

The EFA shows how the Council's annual expenditure is used and funded from resources (government grants, rents, council tax and business rates) in comparison with those resources the Council consumes or earns in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision-making purposes between the Council's Directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the CIES.

2016-17			2017-18

(4,021)	20,341	16,320	Cost of Services	(2,116)	17,576	15,460
(10,680)	(15,386)	(26,066)	Other income and expenditure	(13,931)	(5,611)	(19,542)
(14,701)	4,955	(9,746)	Surplus	(16,047)	11,965	(4,082)
(92,989)			Opening GF and HRA Balance at 31 March	(107,690)		
(14,701)			Add Surplus on GF and HRA Balance in Year	(16,047)		
(107,690)			Closing GF and HRA Balance at 31 March	(123,737)		

The GF and HRA Balance includes earmarked reserves, which are analysed in Note 12 to the accounts. For a split of the balance between the GF and the HRA – see the MIRS.

Net Expenditure Chargeable to the GF and HRA balances is as reported to Management throughout the year except that:

- it excludes depreciation, which is included as an adjustment between funding and accounting basis
- net income relating to investment property £5.945 million, which is reported to Development Directorate, is included in Other income and expenditure in accordance with generally accepted accounting practices

The other adjustments between accounting and funding basis are not reported to Management during the year, but are included in the final year-end outturn report to Corporate Management Team and the Executive.

1b). **Note To The Expenditure and Funding Analysis**

	Adjustments between Funding and Accounting Basis			
				2017-18
Adjustments from GF to arrive at the CIES amounts	Adjustments for Capital Purposes (Note 1)	Net change for the Pensions Adjustments (Note 2)	Other differences (Note 3)	Total Adjustments
	£000	£000	£000	£000
Community Services	130	114	646	890
Corporate Services	9	52	24	85
Development	1,352	81	2,345	3,778
Environment	6,159	175	1,492	7,826
Managing Director	-	7	-	7
Resources	781	(2,007)	399	(827)

Difference between General Fund surplus and CIES surplus on the Provision of Services	6,409	2,477	(3,931)	4,955

Note 1 - Adjustments for Capital Purposes

This column adds in depreciation and revaluation gains and losses in the services line, and for:

- **Other operating expenditure** – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- **Financing and investment income and expenditure** – the statutory charges for capital financing i.e. Minimum Revenue Provision and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- **Taxation and non-specific grant income and expenditure** – capital grants and contributions are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants and contributions are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non Specific Grant Income and Expenditure line is credited with capital grants and contributions receivable in the year without conditions or for which conditions were satisfied in the year.

Note 2 – Net change for the Pensions adjustments

This column shows the net change for the removal of pension contributions and the addition of IAS 19 Employee Benefits pension related expenditure and income:

- **For services** this represents the removal of the employer pension contributions made by the Council as allowed by statute and the replacement with current service costs and past service costs.
- **For Financing and investment income and expenditure** – the net interest on the defined benefit liability is charged to the CIES.

Note 3 – Other differences

This column adds in the amortisation of intangible software assets and revenue expenditure funded from capital under statute in the services line, and for:

- **Other operating expenditure** – adds in the payment to the government Housing Capital Receipts Pool
- **Financing and investment income and expenditure** – the statutory transfer of the amount equal to the total depreciation charge for all HRA assets to the Major Repairs Reserve is deducted from other income and expenditure as this is not chargeable under generally accepted accounting practices.
- **Taxation and non-specific grant income and expenditure** – the charge represents the difference between what is chargeable under statutory regulations for council tax and NDR that was projected to be received at the start of the year and the income recognised under generally accepted accounting practices in the Code. This is a timing difference as any difference will be brought forward in future Surpluses or Deficits on the Collection Fund.

1c). Segmental Income

Revenues received from external customers on a segmental basis is analysed below:

2016-17		2017-18
£000	Services	£000
1,411	Community Services	1,418
175	Corporate Services	156
10,769	Development	11,183
20,621	Environment	20,303
832	Resources	1,183
31,242	Housing Revenue Account	31,062
65,051	Total Income from services	65,305

2. Events After The Balance Sheet Date

The Statement of Accounts was authorised for issue by the Chief Financial Officer on 31 May 2018. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2018, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

3. Expenditure And Income Analysed By Nature

The Council's expenditure and income is analysed as follows:

2016-17		2017-18
£000	Expenditure/Income	£000
	Expenditure	
33,361	Employee benefits expenses	32,751
76,000	Other services expenses	76,214
9,732	Support service recharges	10,681
11,599	Depreciation, amortisation, revaluation gains and losses	12,733
7,977	Interest payments	7,665
1,470	Precepts and levies	1,576
698	Payments to Housing Capital Receipts Pool	692
(54)	Gain on the disposal of assets	(275)
140,783	Total Expenditure	142,037
	Income	
117,411	Fees, charges and other service income	117,175
10,395	Interest and investment income	11,009
15,581	Income from council tax and non-domestic rates	12,307
7,142	Government grants and contributions	5,628
150,529	Total Income	146,119
(9,746)	Surplus on the Provision of Services	(4,082)

4. Other Operating Expenditure

2016-17		2017-18
£000		£000
1,470	Parish council precepts	1,576
698	Payments to the government Housing Capital Receipts Pool	692
(54)	Gains on the disposal of non-current assets	(275)
2,114		1,993

5. Financing And Investment Income and Expenditure

2016-17		2017-18
£000		£000
5,310	Interest payable and similar charges	5,261
2,667	Net interest on the net defined benefit liability (Note 27)	2,404
(1,792)	Interest receivable and similar income	(1,852)
(11,642)	Income and expenditure in relation to investment properties and changes in their fair value	(9,413)
(5,457)		(3,600)

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

More detail in relation to investment property is provided in note 15.

6. Taxation and Non-Specific Income Grant

2016-17		2017-18
£000		£000
(10,263)	Council tax income	(10,702)
(5,318)	Non domestic rates income and expenditure	(1,605)
(4,124)	Non-ringfenced government grants	(3,720)
(3,018)	Capital grants and contributions	(1,908)
(22,723)		(17,935)

The non-domestic rates income and expenditure line above includes the following:

2016-17		2017-18
£000		£000
28,293	Tariff	29,738
962	Levy	(476)
(34,573)	Retained income	(30,867)
(5,318)		(1,605)

7. Related Parties

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council.

UK Central Government

UK Central Government has significant influence over the general operations of the Council – it is responsible for providing the statutory framework, within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (for example council tax bills, housing benefits). Grants received from Government departments are set out in note 11.

Councillors and Officers

Councillors have direct control over the Council's financial and operating policies.

- The total of councillors' allowances paid in 2017-18 is shown in Note 8.
- The Council paid grants totalling £63,080 (£60,310 in 2016-17) to voluntary organisations in which a number of elected councillors and two officers had an interest.
- In addition, the Council paid grants totalling £467,901 (£531,515 in 2016-17) to voluntary organisations in which a number of councillors were acting as a Borough Council nominee.
- The Council gave support totalling £320,951 (£283,922 in 2016-17) to the Citizens Advice Bureaux in which two councillors had an interest and four councillors were acting as Borough Council nominees. In all instances, the grants were made with proper consideration of declarations of interest and the relevant councillors, although able to take part in any discussion relating to these grants, were excluded from voting.

Agenda item number: 4
GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- The Council paid a grant of £22,840, included in the total above (£22,840 in 2016-17) to a voluntary organisation in which one senior officer and one councillor declared an interest, and had no part in the decision to award the grant.

The Council purchased £50,000 deferred shares in a credit union in which one councillor (Chairman) and one officer (Non-executive Director and Treasurer) declared an interest.

The Council made a donation of £20,000 to a charitable trust, which helps support people in financial distress within the borough. Two councillors and one officer declared an interest, all as trustees of the charity.

The Council controls North Downs Housing Limited and its parent company Guildford Borough Council Holdings Limited through its ownership of 100% of the shares in each company. An initial investment in North Downs Housing Limited of £2.4 million was made in 2016-17 through a mixture of share equity (£0.96 million) and a 25-year secure variable rate loan of £1.447 million at initial interest rate of Bank of England base rate plus 5%. The finance would be used to purchase residential property within the borough. In July 2017, the Council agreed a further £22 million investment in North Downs Housing Limited, maintaining the funding ratio of loan to equity investment of 60:40 and a borrowing rate of Bank of England base rate plus 5%, to be drawn down as needed.

The Council provides property management and administrative services to North Downs Housing Limited. During 2017-18, these services totalled £58,211.68, all of which was unpaid at 31 March 2018.

8. Councillors' Allowances

2016-17		2017-18
£		£
315,302	Basic Allowance	318,340
104,216	Special Responsibility Allowance	106,636
6,642	Mileage and Subsistence	5,037
426,160		430,013

The amount paid to each councillor is published annually on the Council's website, at <https://www.guildford.gov.uk/article/18872/Councillors-allowances>

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**9. Officers' Remuneration**

The following table sets out the Senior Officers' emoluments for 2017-18, where the salary is between £50,000 and £150,000 per year.

Postholder	Note		Salaries, fees and Allowances	Other non salary payments	Lump sum in respect of car mileage, telephone etc.	Termination payments	Pension contribution	Car lease / other benefits	Total
Managing Director (to 31/5/17)	1	2017-18	22,302	5,245	289	-	-	1,235	29,071

		2016-17	32,653	-	3,814	-	4,767	-	41,234
Director of Finance (wef 1/3/18) Head of Financial Services (s151 officer) - (to 28/2/18)	5	2017-18	79,588	429	2,194	-	12,017	505	94,733
		2016-17	69,295	-	71	-	9,856	-	79,222
Audit and Performance Manager		2017-18	61,287	350	498	-	9,254	9,565	80,954
		2016-17	59,782	-	291	-	8,651	8,951	77,675
Policy and Partnerships Officer		2017-18	56,321	912	-	-	8,464	-	65,697
		2016-17	55,090	-	6	-	7,876	-	62,972
Organisational Development Manager	6	2017-18	32,719	150	-	-	4,940	631	38,440
		2016-17	50,456	-	-	-	7,604	-	58,060
Human Resources Manager	6	2017-18	55,374	264	1,330	-	8,362	631	65,961
		2016-17	47,280	-	1,348	-	6,203	-	54,831

1. The other non-salary payment in 2016-17 relates to payments made in respect of the Police and Crime Commissioner election, European Referendum and Mayoral Referendum. The amounts in respect of the Police and Crime Commissioner (PCC) election and European Referendum were reimbursed by the PCC and Treasury.
2. The Managing Director retired on 31 May 2017, and was replaced by the Director of Environment at an annualised salary of £122,691
3. The Director of Corporate Services post has been deleted
4. The Director of Environment started on 1 July 2017 on an annualised salary of £93,935
5. The Director of Resources retired on 28 February 2018 and following a restructure, the Director of Finance post (also the s151 / Chief Financial Officer) was created on an annualised salary of £81,753
6. As a result of this restructure, two posts (Organisational Development Manager and Human Resources manager) now fall within the remit of this note as they report directly to the Managing Director. The Organisations Development Manager post has an annualised salary of £50,189.

The Council's other employees receiving more than £50,000 remuneration for the year, which includes termination payments but excludes employer's pension contributions, were paid the following amounts:

Remuneration Band	2017-18	2016-17
	Number of Employees	Number of Employees
£50,000 - £54,999	20	19
£55,000 - £59,999	21	16
£60,000 - £64,999	13	7
£65,000 - £69,999	4	4
£70,000 - £74,999	4	2
£75,000 - £79,999	2	1
£80,000 - £84,999	1	1
£85,000 - £89,999	1	0
£90,000 - £94,999	0	0
£95,000 - £99,999	1	0
<£100,000	1	0

Benefits Payable during Employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits (for example cars) for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements earned by employees but not taken before the year-end and which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus or Deficit on the Provision of Services, but then reversed out through the MIRS so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy. They are charged on an accruals basis to the appropriate service in the CIES at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the GF Balance to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the MIRS, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

The numbers of exit packages with total cost per band and total cost of the compulsory and other redundancies are set out in the following table:

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Exit Package cost band (incl special payments)	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band		Total cost of exit packages in each band	
	2017-18	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18	2016-17
							£	£
£0 - £20,000	3	5	1	3	4	8	64,385	66,440
£20,001 - £40,000	0	1	6	0	6	1	163,545	20,800

£80,001 - £100,000	1	0	1	0	2	0	288,775	-
£100,001 - £150,000	1	0	0	0	1	0	134,036	-
	7	7	11	4	18	11	991,396	206,922
Less: amounts included above provided for in previous years							(169,101)	-
Add: Amounts provided for in CIES not included in bandings							220,640	169,101
Total cost included in CIES							1,042,935	376,023

Payments shown in respect of redundancies include both redundancy payments and additional amounts paid to the Pension Fund, where applicable.

Payments made in respect of other departures agreed include voluntary redundancies, contractual obligations and discretionary payments, relating to people who have left the Council's employment in the interests of efficiency of the service.

10. External Audit Cost

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and to non-audit services provided by the Council's external auditors:

2016-17		2017-18
£'000		£'000
58	Fees payable to Grant Thornton UK LLP with regard to external audit services carried out by the appointed	57
19	Fees payable to Grant Thornton UK LLP in respect of certification of grant claims and returns	20
2	Fees payable to Grant Thornton UK LLP for other services	16
79	Total	93

11. Grant Income

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when it is reasonable to conclude that:

- the Council will comply with the conditions attached to the payments, and
- the grants or contributions will be received

Amounts recognised as due to the Council are not credited to the CIES until conditions attaching to the grant or contribution have been satisfied. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset in the form of the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions have not been satisfied are carried in the Balance Sheet as creditors. When conditions are satisfied, attributable revenue grants and contributions are credited to the relevant service line and non-ring-fenced revenue grants and all capital grants are credited to Taxation and Non-Specific Grant Income in the CIES.

Where capital grants or contributions are credited to the CIES, they are reversed out of the GF Balance in the MIRS. Where a contribution has yet to be used to finance capital expenditure, it is posted to the Capital Contributions Unapplied reserve. Where a grant or contribution has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Contributions Unapplied Reserve are transferred to the Capital Adjustment Account once they have been applied to fund capital expenditure.

Where it is uncertain whether a grant or contribution will be used for capital or revenue purposes, the grant will be credited to an earmarked reserve.

The Council credited the following grants, contributions and donations to the CIES.

2016-17		2017-18
£'000		£'000
	Credited to Taxation and Non Specific Grant Income	
5,318	Non domestic rates	1,605
	<u>Non-ringfenced government grants</u>	
1,097	Revenue Support Grant	421
2,362	New Homes Bonus	2,075
665	s31 grant - Business Rates Retention Scheme & Council Tax	1,203

12,460	Total	7,212
	Credited to Services	
20,114	Housing Benefit Rent Allowance subsidy	18,629
14,198	Housing Benefit Rent Rebate subsidy	13,867
565	Housing Benefit Administration	480
510	Supporting People Grant	487
492	Day care and other social services	487
235	Business Rate Collection	232
112	Contributions to grants to voluntary organisations	60
113	Social Care prevention partnership fund	0
136	Recycling	75
474	Other	887
36,949	Total	35,204

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**12. Transfers To/From Earmarked Reserves**

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the GF Balance in the MIRS. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year in the CIES. The reserve is then appropriated back into the GF Balance in the MIRS so that there is no net charge against council tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Council (titled 'unusable reserves') – these reserves are explained in the relevant policies.

This note sets out the amounts set aside from the GF and HRA balances in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet GF and HRA expenditure.

- **Budget Pressures:** set up to allow us to manage the budget reduction required over the next five years
- **Business Rates Equalisation:** To be used as appropriate to smooth out the effects of the Business Rates Retention Scheme, including those related to regeneration projects
- **Capital Schemes:** available to fund GF capital expenditure in future years
- **Car Parks Maintenance:** used to fund repairs, maintenance and improvements in the Council's off street car parks
- **Invest to Save:** this reserve funds investment opportunities that will allow us to achieve ongoing savings, and short term increases in revenue costs during periods of transition
- **IT Renewals:** receives repayments from services to fund expenditure as set out in the Council's Information and Communication Technology (ICT) strategy
- **New Homes Bonus:** New Homes Bonus is a general grant that we receive from the UK government. It is not ring-fenced for any specific purpose
- **Park and Ride:** this reserve will be used to fund future park and ride sites
- **Special Protection Area (SPA) Sites:** set up to hold s106 income received in relation to various SPA sites
- **Spectrum:** this reserve is available to finance structural repairs and improvements to

Spectrum Leisure Centre

- **Other:** consists of 38 reserves with balances of less than £1 million, which have been earmarked for a range of different purposes e.g. insurance, pensions, protection from interest rate movements, legal actions, and energy management schemes.
- **HRA Capital Programme:** available to fund HRA capital expenditure in future years
- **HRA New Build:** to fund the building and acquisition of new Council homes

13. **Property, Plant And Equipment**

Assets that have physical substance and are held for use in the production or supply of goods or services or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment (PPE).

Recognition

Expenditure (including any amounts owed to third parties) on the acquisition, creation or enhancement of PPE is capitalised if it is probable that the item of PPE will generate future economic benefits and/or service potential and the cost of the item can be measured reliably. Expenditure that does not enhance an asset such as repairs and maintenance expenditure is not capitalised and is charged to the CIES as an expense when it is incurred.

Measurement

PPE assets are initially measured at cost, comprising:

- the purchase price
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management
- the initial estimate of any future decommissioning costs that will be necessary such as dismantling an item or restoring a site upon which the asset it is located.

Assets are then carried in the Balance Sheet using the following measurement bases:

- infrastructure, community assets and assets under construction - historical cost (depreciated as appropriate)
- dwellings - current value, determined using the basis of existing use value for social housing
- surplus assets – the current value measurement base is fair value, estimated at highest and best use from a market participant's perspective
- all other assets – current value, determined as the amount that would be paid for the asset in its existing use.

Where there is no market-based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of fair value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure that their carrying amount is not materially different from their fair value at the year-end, but as a minimum every five years. Increases in valuations are credited to the Revaluation reserve unless there has been a previous reduction in valuation that has been charged to the CIES in which case it is credited to the CIES.

Where decreases in value are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- where there is no balance in the Revaluation reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the CIES.

The Revaluation reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains and losses that arose prior to 1 April 2007 have been transferred to the Capital Adjustment Account.

Revaluations

The Council carries out a rolling programme that ensures that all Property, Plant and Equipment required to be measured at current value is revalued at least every five years. All of our council dwellings and a proportion of our other operational properties were revalued by the Valuation Office Agency and Bruton Knowles Limited, chartered surveyors, in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. Council dwellings were revalued as at January 2017 and other property as at November 2016. The assets were inspected between April 2016 and March 2017 and the valuer assumed, where relevant, that the properties valued will continue to be in the occupation of the Council for the foreseeable future having regard to the prospect and viability of the continuance of that occupation.

Properties regarded by the Council as operational were valued on the basis of open market value for the existing use or, where this could not be assessed because there was no market for the subject asset, the depreciated replacement cost.

The property, regarded by the Council as surplus and therefore non-operational, was valued at fair value, based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local area. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the property being categorised at Level 2 in the fair value hierarchy.

All assets of the same type, e.g. car parks, are generally revalued together in one year. We check that there are no material trends in the revaluations that should be applied to any of our other assets.

The sources of information and assumptions made in producing the various valuations are set out in a valuation certificate and report, which also provides assurance that the valuer has reviewed the balance sheet values of the remainder of the Council's property portfolio to give assurance that no class of assets is materially misstated.

The valuation figures incorporated in the accounts are the aggregate of separate valuations of parts of the portfolio, not an apportioned valuation of the portfolio valued as a whole.

Impairment

Assets are assessed at each year-end as to whether there is any indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, they are accounted for by:

- where there is a balance of revaluation gains for the asset in the Revaluation reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains)

- where there is no balance in the Revaluation reserve or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the CIES.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the CIES, up to the amount of the original loss, adjusted for depreciation that would have been charged if the loss had not been recognised.

Disposals and Non-current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less costs to sell, and is no longer subject to a depreciation charge. Gains in fair value are recognised only up to the amount of any previously recognised losses.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of:

- their carrying amount before they were classified as held for sale; adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as held for sale, and
- their recoverable amount at the date of the decision not to sell.

When an asset is disposed of (or decommissioned), the carrying amount of the asset in the Balance Sheet (whether PPE or Assets Held for Sale) is written off to the CIES as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the CIES also as part of the gain or loss on disposal (that is netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation reserve are transferred to the Capital Adjustment Account.

Disposal proceeds in excess of £10,000 are categorised as capital receipts. A proportion of receipts relating to housing disposals, net of statutory deductions and allowances, is payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's underlying need to borrow (the capital financing requirement). Receipts are appropriated to the reserve from the GF Balance in the MIRS.

The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the GF Balance in the MIRS.

Depreciation

Depreciation is provided for on PPE assets that are available for use by the systematic allocation of their depreciable amounts over their useful lives. However, assets that do not have a determinable finite useful life such as freehold land are not depreciated. In addition, assets that are in the course of construction and therefore not yet available for use are also not depreciated.

Depreciation is calculated on the following bases:

- dwellings and other buildings – straight-line allocation over the useful life of the property, as estimated by the valuer
- vehicles, plant and equipment – straight-line allocation over the useful life of the

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

- asset, as advised by a suitably qualified officer
- infrastructure – straight-line allocation over 10 years.

Where an item of PPE has major components where the cost is significant in relation to the total cost of the item, and where it is necessary to ensure materially correct depreciation charges, the components are depreciated separately. The Council's policy is to consider for componentisation all assets (excluding land) with a value greater than £1 million and where the component(s) comprise more than 20% of the value of the asset.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation reserve to the Capital Adjustment Account.

Depreciation is charged on a straight-line basis over the useful life of the asset. The following useful lives and depreciation rates have been used in the calculation of depreciation:

- Council Dwellings – 60 years
- Other Land and Buildings – 5 to 60 years
- Vehicles, Plant, Furniture and Equipment – 3 to 30 years
- Infrastructure – 10 years

The transfer of £9.1 million from assets under construction to council dwellings represents housing schemes at Lakeside Close, Ash and New Road, Gomshall, that were completed in 2015-16.

Capital Commitments

At 31 March 2018, the Council has entered into a number of contracts for the construction or enhancement of PPE in 2017-18 and future years budgeted to cost £4.85 million. Similar commitments at 31 March 2017 were £2.43 million.

The major commitments are:

- new housing developments at former garage sites £1.44 million;
- phase 3 enabling works at Guildford park car park £1.44 million; and
- provision of new cremators £1.97 million.

The following statement shows the progress of the Council's rolling programme for the revaluation of PPE assets:

	Council Dwellings	Other Land and Buildings	Vehicles, Plant, Furniture & Equipment	Surplus Assets	Total
	£000	£000	£000	£000	£000
Carried at historical cost	-	-	25,814	-	25,814
Valued at current value as at:					
31-Mar-18	499,098	160,012	-	1,380	660,490
31-Mar-17	-	17,727	-	-	17,727

Total Cost or Valuation	499,098	214,716	25,814	1,380	741,008

14. Heritage Assets

The Council holds various heritage assets, which are held and maintained principally for their contribution to knowledge and culture. Heritage assets are recognised and measured (including the treatment of revaluation gains and losses) in accordance with the Council's accounting policies on PPE. However, some of the measurement rules are relaxed in relation to heritage assets. The Council's heritage assets are accounted for as follows:

- Monuments, including Guildford Castle and Chilworth Gunpowder Mills

These assets are ruins for which it is not possible to obtain a current valuation. They are held on the balance sheet at historical cost, i.e. the cost of capitalised works carried out to preserve the buildings, and are not subject to depreciation as they have indefinite lives.

- the art collection held at Guildford House Gallery, and civic regalia held at the Guildhall

Insurance values have been used as a proxy for fair value. The assets are not depreciated because they have indeterminable lives.

- various sculptures and pieces of artwork around the Borough

These assets are held on the balance sheet at historical cost and are not subject to depreciation as they have indeterminable lives.

- the museum collection held at Guildford Museum

The Council does not consider that reliable cost or valuation information can be obtained for the museum collection because of the diverse nature of the assets held and lack of comparable market values. Consequently, the Council does not recognise these assets on the balance sheet.

The carrying amounts of heritage assets are reviewed where there is evidence of impairment for heritage assets, for example when an item has suffered physical deterioration or breakage or where doubts arise as to its authenticity. Any impairment is recognised and measured in accordance with the Council's general policies on impairment – see note 13 in this summary of significant accounting policies.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**Reconciliation of the carrying value of Heritage Assets held by the Council**

	Monuments £000	Civic Regalia etc £000	Art Collection £000	Total Assets £000

At 31 March 2018	966	1,759	805	3,530

Civic Regalia

The Council's collection of civic regalia is held at the Guildhall, and includes such items as the mayor's badge, small and large mace and the civic plate.

Art Collection

The collection comprises more than 550 pieces and small collections. Many objects consist of multiple parts so the number of works comes close to 800. They span more than 250 years and include a plethora of media - oil paintings, watercolours, pastels, etchings, engravings, prints, textiles, ceramics, sculpture and glass.

The Heritage Services Collections Development Policy is available from the Council's Heritage Manager.

The civic regalia and art collection were valued as at March 2012 by Bonhams 1793 Limited, international auctioneers and valuers. The basis of the valuation was for insurance purposes and was based on estimated price of the items if purchased on retail premises.

Museum Collections

Guildford Museum works with local people and other partners to collect, record and care for the Borough's heritage and to promote understanding, enjoyment, and engagement with that heritage through access and learning for all. Its collections contain material of local, regional, national and international importance and form a unique cultural asset and resource for Guildford Borough, its people and its visitors.

The Council does not consider that reliable cost or valuation information can be obtained for the museum collection because of the diverse nature of the assets held and lack of comparable market values.

The heritage asset acquisitions and disposals policies are set out in the published Heritage Service's collections development policy, which the Council reviews every five years. This is a requirement of the national standards scheme for museums, which is managed by Arts Council England. A copy is lodged with other appropriate museums and regional organisations in Surrey and the South East. It is also available on the Council's website.

15. Investment Property

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale.

The value of an investment property is initially measured at cost. Thereafter, it is measured at fair value, being the price that would be received to sell such an asset in an orderly transaction between market participants at the measurement date. As a non-financial asset, investment properties are measured at highest and best use. Investment properties are not depreciated but are revalued annually according to market conditions at the year-end. Gains and losses on revaluation are posted to the Financing and Investment Income and Expenditure (FIE) line in the CIES as are any gains or losses on disposal.

Rentals received in relation to investment properties are credited to the Financing and Investment Income line and result in a gain for the GF Balance. However, revaluation and disposal gains and losses are not permitted by statutory arrangements to have an impact on the GF Balance. Accordingly, any gains or losses are reversed out of the GF Balance in the MIRS and posted to the Capital Adjustment Account (revaluations and value of assets disposed of) and the Capital Receipts Reserve (proceeds of disposals greater than £10,000).

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the CIES:

2016-17		2017-18
£000		£000
8,421	Rental income from investment property	8,944
(899)	Direct operating expenses arising from investment property	(1,147)
7,522	Net gain	7,797

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property or for repairs, maintenance or enhancement.

The fair value of the majority of the Council's investment property has been based on the market approach using current market conditions and recent sales prices and other relevant information for similar assets in the local area. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs are significant, leading to the properties being categorised at Level 2 in the fair value hierarchy. The inputs used took the form of analysed and weighted market evidence such as sales, rentals and yields in respect of comparable properties in the same or similar locations at or around the valuation date.

In estimating the fair value of the Council's investment properties, the highest and best use of the properties is their current use.

Level 3 disclosure:

Two of the Council's investment properties have been revalued at Level 3 in fair value hierarchy (unobservable inputs), having changed from level 2 in 2015-16.

- **Bellfields Service Station:**
 This has been valued at level 3 due to a lack of specific comparable evidence available for service stations and specific information regarding operator income on the asset. There are no similar assets of this class in the portfolio therefore the impact of the level of input does not impact on any other asset. There was a rent review due 01/04/2017 and going forwards the outcome of this rent review will remove the

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

uncertainty in the levels of input. Therefore, once the review is settled, the valuer would anticipate this asset becoming a level 2 at the next revaluation.

Valuation methodology

The property has been valued based on the existing rent passing until the end of the lease, upward only reviews, i.e. £45,200 per annum.

The property was last revalued in 2012, where there was little market evidence to support an increase based on falling petrol sales and accordingly the rent review was documented at “nil” increase. During this revaluation there has been little change in circumstances given the ever increasing pressure on petrol sales margins from supermarket and other competing operators. In this regard, the valuers assumed the Council would struggle to find market evidence to support a rent increase upon review.

In terms of estimating the rack rental value for the current valuation, it is clear that without the ability to expand the retail sales by expanding the current shop, without compromising the current number of petrol pumps on the forecourt (and therefore petrol sales), any increase in rent will be difficult to support. The site is just under one fifth of a hectre (just under 0.5 acre) and the valuers assumed that expansion of the current shop to increase retail sales without compromising petrol sales would not be possible. In order to increase retail revenues, the shop might be better served with a Tesco or other supermarket “one stop” operator, however it is probably likely that a supermarket chain would require a larger store to make the investment viable.

Given these factors, therefore, in arriving at the estimate of rental value (in the absence of trading figures from the current tenant), the valuers have assumed that the current rent passing represents the current Estimated Rental Value (ERV) for the property.

Whilst such an investment of this type (being in a good location and let to a strong covenant on an upward only review basis) would normally attract an investment yield of 6.5% in the current market, given the uncertainties of rental growth and the fact that the review has not been triggered by the Council they valued the current income at 6.75%.

In terms of reversionary income, they assumed that the full ERV of the property (i.e. £226,000 per annum) can be regarded as “very risky”. This is on the basis that there is currently a long-term downward trend of petrol sale margins as a result of increased competition. In this regard the reversionary income is valued based on an 8% yield when the lease reverts to the Council in 2054.

- Shalford Water Works

This has been valued at level 3 due to a lack of specific comparable evidence and information regarding operator income/profits on the subject. There are no similar assets of this class in the portfolio therefore the impact of the level of input does not affect any other asset. The sensitivity of the inputs is somewhat lessened by the current income being certain until rent review 2033.

The income is in place until the next rent review in 2033, assumed currently to be market rent. However, there is no direct comparable evidence as the last review settled pre arbitration and not in accordance with lease rent review but rather with reference to profits as agreed between the parties.

Valuation methodology

The property has been valued on the basis of the existing rent passing despite the fact that the rent was agreed without direct reference to the lease. The valuers assumed that the current tenant will renew their lease at the end of the term because of their statutory duty, however, any new lease would be based on more modern terms and it is possible that the rent may be reduced. They valued the reversionary rent at a slightly higher yield to reflect this risk. However, the valuation is also minded to look at an alternative valuation, given that the reversion of the lease is not until 2066, where the current rent is valued into perpetuity. Both figures are similar.

The total value included in level 3 for 2017-18 is £2.74 million, the value in 2016-17 was £2.72 million

The following table summarises the movement in the fair value of investment properties over the year:

2016-17		2017-18
£000		£000
117,284	Balance at start of the year	145,899
24,405	Additions	20
4,210	Net gains/(losses) from fair value adjustments	1,493
145,899	Balance at end of the year	147,412

16. Intangible Assets

Expenditure on assets that do not have a physical substance are capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Intangible assets are initially measured at cost and carried at amortised cost. It is amortised over its useful life to the relevant service line(s) in the CIES.

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of PPE. The intangible assets only include purchased licences as the Council does not have any significant internally generated software.

All software is given a finite useful life of 5 years based on an assessment of the period that the software is expected to be of use to the Council. The carrying amount of intangible assets is amortised on a straight-line basis. £295,000 of the amortisation of £322,000 charged to revenue in 2017-18 was charged to the IT renewals revenue account where it offsets the income to the account which is based on repayment of the expenditure incurred on the software. The remainder of the amortisation was charged to the HRA.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The movement on the Intangible Asset balance during the year is as follows:

<u>2016-17</u>		<u>2017-18</u>
<u>£000</u>		<u>£000</u>
	Balance at start of the year:	
3,939	Gross carrying amount	4,310
<u>(3,018)</u>	Accumulated amortisation	<u>(3,300)</u>
921	Net carrying amount at start of year	1,010
371	Purchases	438
<u>(282)</u>	Amortisation for the period	<u>(322)</u>
<u>1,010</u>	Net carrying amount at end of year	<u>1,126</u>
Comprising:		
4,310	Gross carrying amount	4,748
<u>(3,300)</u>	Accumulated amortisation	<u>(3,622)</u>

17. Assets Held For Sale

Two assets (Mead cottage and Tyting Farm) were transferred to assets held for sale in the year from PPE.

<u>2016-17</u>		<u>2017-18</u>
<u>£000</u>		<u>£000</u>
-	Balance at start of the year	-
-	Assets purchased	-
	Assets newly classified as held for sale:	
-	Property, Plant and Equipment	2,077
-	Assets sold	-
<u>-</u>	Balance at end of the year	<u>2,077</u>

18. Short Term Debtors

<u>31 March 2017</u>		<u>31 March 2018</u>
<u>£000</u>		<u>£000</u>
453	Central government bodies	1,236
1,484	Other local authorities	3,148
5,373	Other entities and individuals	11,386
<u>7,310</u>	Total	<u>15,770</u>

19. Cash And Cash Equivalents

Cash comprises cash in hand and demand deposits. Cash will also include bank overdrafts that are repayable on demand and that are integral to the Council's cash management.

Balances classified as 'Cash Equivalents' fit the definition of being short term, highly liquid (that is callable) investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

The net balance of Cash and Cash Equivalents consists of the following elements:

Agenda item number: 4
GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

31 March 2017	31 March 2018
£000	£000
6 Cash held by the Council	5
(615) Bank current accounts	281
1,797 Callable deposits	8,764
1,188 Total Cash and Cash Equivalents	9,050

20. Short Term Creditors

31 March 2017		31 March 2018
£000		£000
5,502	Central government bodies	4,594
7,439	Other local authorities	7,749
9,971	Other entities and individuals	10,904
22,912	Total	23,247

21. Provisions

Provisions are created when the Council has an obligation, such as a legal claim against it that has arisen from a past event and it is probable that the Council will need to settle that obligation. In addition, it is necessary that the obligation can be reliably estimated.

Provisions are charged as an expense to the appropriate service line in the CIES in the year that the Council becomes aware of the obligation. They are estimated at the Balance Sheet date, taking into account relevant risks and uncertainties. When payments are made to clear the obligation, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year and where necessary revised. If there is a need to increase the provision, the additional amount is charged to the relevant service in the CIES. If, however, the obligation is estimated or ultimately proves to be less than the value of the provision, the excess amount is credited to the relevant service in the CIES.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (for example from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

	Outstanding legal cases £000	NDR appeals £000	Other provisions £000	Total £000
Balance at 31 March 2016	77	5,482	351	5,910
Additional provisions made	-	-	169	169
Amounts used	(25)	(1,088)	(70)	(1,183)
Unused amounts reversed	-	(1,120)	-	(1,120)
Balance at 31 March 2017	52	3,274	450	3,776
Additional provisions made	-	4,800	201	5,001
Amounts used	-	(2,072)	(149)	(2,221)
Unused amounts reversed	-	-	(7)	(7)
Balance at 31 March 2018	52	6,002	495	6,549

The Council's provisions consist of six items totalling £6,549,203 (£3,776,467 in 2016-17).

Outstanding Legal Cases

This relates to search fees, which, subject to legal action, may have to be repaid.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

NDR Appeals

The NDR appeals provision was set up to cover the Council's share of the estimated reduction in business rates collectable due to rating appeals. It was calculated using information provided by the Valuation Office Agency about outstanding appeals, and our historical knowledge of the likely success rate of these appeals. £12 million was transferred to the provision for appeals, and £5.2 million of revaluation list amendments were charged against the provision, but only the Council's 40% share is shown here. The remainder is shared between central government (50%) and Surrey County Council (10%) and is reflected in the balance sheet in the Council's net creditors with them.

A firm of commercial property agents has made an application for 80% mandatory charitable relief from business rates on behalf of two local NHS trusts. The application demands a discount for the 2017-18 financial year and also a rebate covering the previous seven years which, if approved would amount to a cost of approximately £7.4 million, of which the Council's share is 40%. In the past NHS trusts have been considered as public sector-funded organisations rather than charities, partly because they have boards of directors rather than trustees and on these grounds the application has been rejected. Over 100 Councils have received claims and the Local Government Association is currently defending a test case on behalf of all Councils in the courts. The test case relates to Derby City Council and following an initial hearing in March 2018, it is likely the case will come to court early 2018-19.

Other provisions

All other provisions are individually insignificant.

22. Cash Flow Statement – Operating Activities

The cash flows for operating activities include the following items:

2016-17		2017-18
£000		£000
1,939	Interest received	1,822
(5,325)	Interest paid	(5,251)

The surplus on the provision of services has been adjusted for the following non-cash movements:

2016-17		2017-18
£000		£000
13,369	Depreciation	13,654
2,158	Revaluation gains on Property, Plant & Equipment	250
282	Amortisation of intangible assets	322
1,624	Increase / (decrease) in creditors	2,579
1,151	(Increase) / decrease in debtors	(9,156)
8	(Increase) / decrease in inventories	62
2,476	Movement in pension liability	517
6,386	Carrying amount of non-current assets sold	4,074
(5,964)	Other adjustments	1,452
21,490		13,754

The surplus on the provision of services has been adjusted for the following items that are

investing and financing activities:

2016-17		2017-18
£000		£000
(3,018)	Capital grants and contributions credited to surplus on the provision of services	(1,908)
0	Net adjustment from sale of investments	3,907
(6,417)	Proceeds from the sale of non-current assets	(4,323)
(9,435)		(2,324)

Technical Notes To The Accounts

The following notes are more technical in nature and provide additional accounting detail supporting the primary statements and notes.

- 23. Adjustments Between Accounting And Funding Basis Under Regulations**
 This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

2017-18	Usable Reserves					Capital Contributions Unapplied £000	Movement in Unusable Reserves £000
	General Fund Balance £000	Housing Revenue Account £000	Capital Receipts reserve £000	Major Repairs Reserve £000	Capital Contributions Unapplied £000

General Fund balance – this is a statutory fund into which all the receipts and expenditure of the Council are accounted for. It summarises the resources the Council has to spend on its services or on capital investment at the end of the financial year.

Housing Revenue Account – this reflects the statutory obligation to maintain a revenue account for local authority council housing provision. It contains the balance on income and expenditure that is available to fund future expenditure in connection with the landlord's function.

Capital receipts reserve – this holds the proceeds from the disposal of fixed assets which can only be used to fund new capital expenditure or be set aside to fund financial historical capital expenditure. The balance is the resources yet to be applied at the end of the year.

Major repairs reserve – the Council is required to maintain a major repairs reserve, which controls an element of the capital resources limited to being used on capital expenditure on HRA assets or the financing of historical capital expenditure by the HRA. The balance is

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

the resources yet to be applied at the end of the year.

Capital contributions unapplied – this holds the grants and contributions received towards capital projects where the Council has met the conditions that would otherwise require repayment but the money has not yet been spent. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and /or the financial year in which this can take place.

24. Unusable Reserves

The following table summarises the unusable reserves (i.e. non-cash reserves) held by the council, with more detail for each reserve below.

31 March 2017		31 March 2018
£000		£000
216,896	Revaluation Reserve	236,864
1,668	Available for Sale Financial Instruments Reserve	1,560
389,251	Capital Adjustment Account	388,227
(93,449)	Pensions Reserve	(90,217)
(1,029)	Collection Fund Adjustment Account	(4,918)
(239)	Accumulated Absences Account	(239)
513,098		531,277

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its PPE. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised

The reserve contains only revaluation gains accumulated since 1 April 2007, the date that the reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2016-17			2017-18
£000			£000
159,839	Balance at 1 April		216,896
63,952	Upward revaluation of assets	27,364	
(2,217)	Downward revaluation of assets not charged to the Surplus on Provision of Services	(2,581)	
61,735	Surplus on revaluation of non-current assets not posted to the Surplus on Provision of Services		24,783
(2,837)	Difference between fair value depreciation and historical cost depreciation	(3,540)	
(1,841)	Accumulated gains on assets sold or scrapped	(1,275)	
(4,678)	Amounts written off to the Capital Adjustment Account		(4,815)
216,896	Balance at 31 March		236,864

Available for Sale Financial Instruments Reserve

The Available for Sale Financial Instruments Reserve contains the gains made by the Council arising from increases in the value of its investments that have quoted market prices

or otherwise to not have fixed or determinable payments. The balance is reduced when investments with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- disposed of and the gains are realised

2016-17	2017-18
£000	£000
859 Balance at 1 April	1,668
809 Upward/(downward) revaluation of investments	(108)
1,668 Balance at 31 March	1,560

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the CIES (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The account contains accumulated gains and losses on investment properties and gains recognised on donated assets that have yet to be consumed by the Council.

The account also contains revaluation gains accumulated on PPE before 1 April 2007, the date that the Revaluation reserve was created to hold such gains.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

2016-17 £000		2017-18 £000
392,936	Balance at 1 April	389,251
	<u>Reversal of items debited or credited to the CIES:</u>	
(13,369)	Charge for depreciation of non-current assets	(13,654)
(2,158)	Revaluation gains on PPE	(250)
(282)	Amortisation of intangible assets	(322)
(4,723)	Revenue expenditure funded from capital under statute	(5,237)
(6,386)	Amounts of non-current assets written off on disposal or sale as part of the gain on disposal to the CIES	(4,074)
(26,918)		(23,537)
4,678	Adjusting amounts written out of the Revaluation reserve	4,815
(22,240)	Net written out amount of the cost of non-current assets consumed in the year	(18,722)
	<u>Capital financing applied in the year:</u>	
5,515	Use of the Capital Receipts Reserve to finance new capital expenditure	6,927
3,843	Use of the Major Repairs Reserve to finance new capital expenditure	3,934
3,128	Use of capital grants and contributions to finance new capital expenditure	1,926
336	Provision for the financing of capital investment charged against the GF and HRA balances	1,214
1,523	Capital expenditure charged against the GF and HRA balances	2,204
14,345		16,205
4,210	Movements in the market value of Investment Properties debited or credited to the CIES	1,493
389,251	Balance at 31 March	388,227

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the CIES as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

2016-17 £000		2017-18 £000
(76,350)	Balance at 1 April	(93,449)
(14,623)	Remeasurements of the net defined benefit liability	3,749
(8,024)	Reversal of items relating to retirement benefits debited or credited to the Deficit on the Provision of Services in the CIES	(10,380)
5,548	Employer's pensions contributions and direct payments to pensioners payable in the year	9,863
(93,449)	Balance at 31 March	(90,217)

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of council tax and non-domestic rates income in the CIES as it falls due from council tax payers and business rates payers compared with the statutory arrangements for paying across amounts to the GF from the Collection Fund.

2016-17		2017-18
£000		£000
(3,959)	Balance at 1 April	(1,029)
2,930	Amount by which council tax and non-domestic rates income credited to the CIES is different from income calculated for the year in accordance with statutory requirements	(3,889)
(1,029)	Balance at 31 March	(4,918)

25. Capital Expenditure And Capital Financing

The table below shows the total amount of capital expenditure incurred in the year together with the resources that have been used to finance it.

Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR). The CFR is a measure of the capital expenditure incurred historically by the Council that has yet to be financed.

Expenditure incurred during the year that may be capitalised under statutory provisions but does not result in the creation of a non-current asset has been charged as expenditure to the relevant service in the CIES in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the MIRS from the GF Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of council tax.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Capital expenditure and financing			
2016-17			2017-18
£'000			£'000
236,449	<i>Opening Capital Financing Requirement</i>		266,849
	<i>Capital Investment</i>		
12,846	Operational assets		8,555
24,405	Non-operational assets		5,821
371	Intangible assets		438
1,440	Long Term Investments		893
960	Long term debtors		1,258

(5,515)	Capital Receipts		(6,927)
(963)	Contributions		(382)
(1,859)	Direct Revenue Financing and MRP / VRP		(3,418)
(3,843)	HRA Major Repairs Reserve		(3,934)
266,849	<i>Closing Capital Financing Requirement</i>		272,806
30,400	<i>Movement during the year</i>		5,957
	Increase in underlying need to borrow (unsupported by government financial assistance)		

26. Leases

Leases are classified as finance leases where the terms of the lease transfer substantially all the risks and rewards incidental to ownership of the property from the lessor to the lessee. All other leases are classified as operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

Council as Lessee*Finance leases*

PPE held under finance leases is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception. There are no further liabilities on any of the leased assets because premia were paid at the inception of the leases.

PPE recognised under a finance lease is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life.

The Council is not required to raise council tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual provision is made from revenue towards the deemed capital investment in accordance with statutory requirements. Depreciation and impairment losses are therefore replaced by revenue provision in the GF Balance, by way of an adjusting transaction with the Capital Adjustment Account in the MIRS for the difference between the two.

Agenda item number: 4
GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The Council has acquired a number of assets under finance leases. They are included on the Balance Sheet at the following net amounts:

2016-17		2017-18
£'000		£'000
2,955	Council Dwellings	2,955
10,919	Other Land & Buildings	12,414
13,874		15,369

The Council paid premiums at the start of the property leases and there are no more payments due.

Operating leases

Rentals paid under operating leases are charged to the CIES as an expense to the services benefitting from use of the leased property, plant or equipment. Charges are made on a straight-line basis over the life of the lease; even if this does not match the pattern of payments (for example there is a rent-free period at the commencement of the lease).

Council as Lessor

Finance leases

Where the Council grants a finance lease for an item of PPE, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet (whether PPE or Assets Held for Sale) is written off to the CIES, and any premium received is credited to the CIES, as part of the gain or loss on disposal.

The accounting treatment is the same as for PPE disposals described in note 13.

The Council has leased out a number of investment properties on finance leases with remaining lease terms of 60 years or more. In each case a premium was paid to the Council by the lessee in order to enter into the lease and there are no future minimum lease payments due.

Operating leases

Where the Council grants an operating lease for an item of PPE or an investment property, the asset is retained in the Balance Sheet. Rental income is credited to the CIES on a straight-line basis over the life of the lease, even if this does not match the pattern of payments (for example, there is a premium paid at the commencement of the lease).

The Council leases out operational property under operating leases primarily for the provision of social housing and community services such as sports facilities. It also leases out investment property under operating leases.

The future lease payments receivable under non-cancellable leases in future years are:

2016-17		2017-18
£'000		£'000
7,522	Not later than one year	7,934
26,741	Later than one year and not later than five years	27,291
314,696	Later than five years	320,990
348,959		356,215

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The lease payments receivable in 2017-18 were £9,768,390 (£9,343,111 in 2016-17).

27. Defined Pension Benefit**Participation in Pension Schemes**

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments that need to be disclosed at the time that employees earn their future entitlement.

The Council participates in the Local Government Pension Scheme administered by Surrey County Council – this is a funded defined benefit scheme, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with investment assets in the long term.

The scheme is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the Pension Board of Surrey County Council. Policy is determined in accordance with the Pension Fund Regulations. The investment managers of the Fund are appointed by the Board and consist of eleven investment fund managers plus private equity fund managers.

The principal risks to the Council of the scheme are the longevity of members, statutory changes to the scheme, structural changes to the scheme (i.e. large scale withdrawals from the scheme), changes to inflation, bond yields and the performance of equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge to the GF the amounts required by statute as described in the accounting policies note.

The scheme is a multi-employer plan. Employers are required by regulation to meet the minimum contributions as set out in the Rate and Adjustments Certificate for the relevant actuarial valuation. For 2017-18 this would be the valuation carried out as at March 2016.

If another entity was to be unable to meet required funding commitments to the Fund and no suitable guarantee was available, either in the form of a bond or a charge on assets or a parent organisation, then any deficit would be spread across existing fund employers.

If the Council were to withdraw from the scheme, the fund actuary would carry out a cessation valuation to calculate its plan liabilities and assets. Any deficit on this valuation would need to be recovered through a final contribution to the fund. Any surplus would not be recoverable.

Transactions Relating to Post-employment Benefits

Most of the Council's employees are members of the Local Government Pension Scheme administered by Surrey County Council. The scheme provides defined benefits earned as Council employees (retirement lump sums and pensions) to members and is accounted for as a defined benefits scheme where:

- the liabilities of the pension scheme attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – that is an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees

- liabilities are discounted to their value at current prices, using a discount rate of 2.7% (based on the indicative rate of return on high quality corporate bond over a range of periods)
- the assets of the pension fund attributable to the Council are included in the Balance Sheet at their fair value using the following bases:
 - quoted securities – current bid price
 - unquoted securities – professional estimate
 - unitised securities – current bid price
 - property – market value

The change in the net pensions liability is analysed into the following components:

- Service cost comprising:
 - current service cost - the increase in liabilities as result of years of service earned this year – allocated in the CIES to the services for which the employees worked
 - past service cost – the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years - debited to the Surplus or Deficit on the Provision of Services in the CIES, within the Resources Directorate.
 - net interest on the net defined benefit liability, i.e. net interest expense for the Council – the change during the period in the net defined benefit liability that arises from the passage of time charged to the FIIE line in the CIES – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability at the beginning of the period – taking into account any changes in the net defined benefit liability during the period as a result of contribution and benefit payments
- Re-measurements comprising:
 - the return on plan assets (excluding amounts included in the net interest on the net defined benefit liability) – the annual investment return on the fund assets attributable to the Council, based on an average of the expected long-term return – credited to Other Comprehensive Income and Expenditure
 - actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure
- Contributions paid to the Surrey County Council Pension Fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the GF Balance to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the MIRS, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the GF of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Discretionary Benefits

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise because of an award to any member of staff are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

We recognise the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge we are required to make against council tax is based on the cash payable in the year, so the real cost of retirement benefits is reversed out of the GF via the MIRS.

The following transactions have been made in the CIES and the GF Balance via the MIRS during the year:

2016-17	Pension Costs	2017-18
£000		£000
Comprehensive Income & Expenditure Statement		
Service Cost		
5,329	Current service cost	7,789
28	Past service cost (including curtailments)	187
5,357	Total Service Cost	7,976
Financing and Investment Income and Expenditure:		
(5,332)	Interest income on plan assets	(4,737)
7,999	Interest cost on defined benefit obligation	7,141
2,667	Total Net Interest	2,404
8,024	Total Post Employment Benefits charged to the Surplus or Deficit on the Provision of Services	10,380
Remeasurement of the Net Defined Liability comprising:		
(22,306)	Return on plan assets excluding amounts included in net interest	1,603
(3,149)	Actuarial losses arising from changes in demographic assumptions	-
42,153	Actuarial (gains)/losses arising from changes in financial assumptions	(5,302)
(2,075)	Other experience	(50)
14,623	Total remeasurements recognised in Other Comprehensive Income (OCI)	(3,749)
22,647	Total Post Employment Benefits charged to the Comprehensive Income and Expenditure Statement	6,631

Pension Assets and Liabilities Recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the authority's obligation in respect of its defined benefit plan is as follows:

Movement in Reserves Statement

(8,024)	Reversal of net charges made to the Surplus or Deficit on the provision of services for post employment benefits in accordance with the code	(10,380)
Actual amount charged against the General Fund Balance for pensions in the year:		
5,548	Employers' contributions payable to scheme	9,863

Reconciliation of the Movements in the Fair Value of the Scheme Assets:

2016-17		2017-18
£000		£000
180,159	Fair value of plan assets	187,657
(270,115)	Present value of funded liabilities	(274,561)
(3,493)	Present value of unfunded liabilities	(3,313)
(93,449)	Net Liability arising from Defined Benefit Obligation	(90,217)

Reconciliation of Present Value of the Scheme Liabilities (Defined Benefit Obligation)

2016-17		2017-18
£000		£000
152,372	Opening fair value of the scheme assets	180,159
5,332	Interest income	4,737
	Remeasurement gain	
22,306	Return on plan assets excluding amounts included in net interest	(1,603)
5,548	Contributions from employer	9,863
1,464	Contributions from employees into the scheme	1,477
(6,863)	Benefits paid	(6,976)
180,159	Closing Fair Value of Scheme Assets	187,657

2016-17		2017-18
£000		£000
228,722	Opening fair value of the scheme liabilities	273,608
5,329	Current service cost	7,789
7,999	Interest cost	7,141
1,464	Contributions from scheme participants	1,477
	Remeasurement gain	
(3,149)	Actuarial losses arising from changes in demographic assumptions	-
42,153	Actuarial (gains)/losses arising from changes in financial assumptions	(5,302)
(2,075)	Other	(50)
28	Past Service Cost	187
(6,863)	Benefits paid	(6,976)
273,608	Closing Fair Value of Scheme Liabilities	277,874

Basis for Estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumption about mortality rates, salary levels etc. The County Council fund liabilities have been assessed by Hymans Robertson LLP, an independent firm of actuaries. The Actuary has prepared the figures by applying a 'roll-forward' approach to the last formal valuation, which was as at 31 March 2016.

Agenda item number: 4
GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The main financial assumptions used in their calculation have been:

2016-17	2017-18
Mortality assumptions:	
Longevity at 65 for current pensioners:	
22.5 years Men	22.5 years
24.6 years Women	24.6 years
Longevity at 65 for future pensioners:	
24.1 years Men	24.1 years
26.4 years Women	26.4 years
2.4% Rate of Inflation (CPI)	2.4%
2.7% Rate of increase in salaries*	2.7%
2.4% Rate of increase in pensions	2.4%
2.6% Rate for discounting scheme liabilities	2.7%

*** Salary increases are assumed to be 1.5% until March 2017, reverting to the long term assumption shown thereafter.**

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in 2016-17.

Change in Assumptions at 31 March 2018	Approximate % increase to Employer	Approximate monetary amount (£000)
0.5% decrease in Real Discount rate	10%	27,622
0.5% increase in the Salary Increase Rate	1%	3,724
0.5% increase in the Pension Increase Rate	8%	23,571

The principal demographic assumption is the longevity assumption (i.e. member life expectancy). For sensitivity purposes, the Actuary has estimated that a one-year increase in life expectancy would approximately increase the Employer's Defined Benefit Obligation by around 3% to 5%. In practice the actual cost of a one-year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages)

Impact on the Council's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. Funding levels are monitored on an annual basis. The next triennial valuation is due to be completed on 31 March 2019.

The scheme will need to take account of the national changes to the scheme under the Public Pensions Services Act 2013. Under the Act, the Local Government Pension Scheme in England and Wales and the other main existing public service pension schemes may not

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

provide benefits in relation to service after 31 March 2014 (or service after 31 March 2015 for other main existing public service pension schemes in England and Wales). The Act provides for scheme regulations to be made within a common framework, to establish new career average revalued earnings schemes to pay pensions and other benefits.

The Council anticipates paying £5,216,000 contributions to the scheme in 2018-19.

The weighted average duration of the defined benefit obligation for scheme members is 17.8 years.

The liabilities show the underlying commitments that the Council has in the long run to pay retirement benefits. The total liability of £90.2 million has a substantial impact on the net worth of the Council as recorded in the balance sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Council remains healthy; the deficit will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary.

28. Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed as a note to the accounts.

Municipal Mutual Insurance Limited may claim an amount of up to £517,000 in relation to the company's liability for asbestos induced mesothelioma claims arising on the Council's liability account. During 2012-13 the directors of Municipal Mutual Insurance Limited triggered the scheme of arrangement, with an initial levy rate of 15%. A further levy of 10% was raised in 2015-16. The Council has paid both of them. There may be further levies at some time in the future, but there is no indication of when or how much.

29. Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed as a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

The council had no contingent assets.

30. Financial Instruments

A financial instrument (asset or liability) is a contract that gives rise to a financial asset of one entity and a financial liability or equity investment of another entity. They are held in the balance sheet date at their carrying value.

For each class of financial assets and financial liabilities, the Council is required to disclose the fair value of that class of assets and liabilities compared with the carrying amount (amortised cost).

Fair value is defined as the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

The fair value of a financial asset is the price that would be received if it were sold.

The fair value of a financial liability is the price that would be paid to transfer it to another participant of equal credit standing.

Fair values are detailed below, split by their level in the fair value hierarchy:

- level 1 – fair value is only derived from quoted prices in active markets for identical assets or liabilities, for example, bond prices. Listed investments are shown at bid prices. The bid value is based on the market quotation of the relevant stock exchange.
- level 2 – where market prices are not available, for example where an instrument is traded in a market that is not considered to be active or where valuation techniques are used to determine fair value, the fair value is calculated from inputs other than quoted prices that are observable for the asset or liability, for example, interest rates or yields for similar instruments
- level 3 – fair value is determined using unobservable inputs, for example, non-market data such as cash flow forecasts or estimated creditworthiness

Financial Liabilities

A financial liability is an obligation to transfer economic benefits controlled by the Council. It can be a contractual obligation to deliver cash, financial assets or an obligation to exchange financial assets and liabilities with another entity that are potentially unfavourable to the Council. They are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions.

They are initially measured at fair value and are subsequently measured and carried on the Balance Sheet at their amortised cost.

Annual charges to the Financing and Investment Income and Expenditure (FIIE) line in the CIES for interest payable are based on the carrying amount of the liability, multiplied by the effective interest rate for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

Financial liabilities held at the balance sheet date consist of long-term loans with the Public Works Loan Board (PWLB), loans from other local authorities, bank overdraft and trade payables for goods and services received. For the Councils loans, the amount presented in the Balance Sheet is the outstanding principle repayable (plus accrued interest); and interest charged to the CIES is the amount payable for the year according to the loan agreement.

The financial liabilities disclosed in the balance sheet are analysed across the following categories:

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

FINANCIAL LIABILITIES	Long-term		Short-term	
	31 March 2018	31 March 2017	31 March 2018	31 March 2017
	£000	£000	£000	£000
Borrowing				
<u>Loans at amortised cost</u>				
- Principal sum borrowed	192,895	198,125	48,730	35,230
- Accrued interest	-	-	226	217
- Internal charities	-	-	9	14
Total Borrowing	192,895	198,125	48,965	35,461
<u>Loans at amortised cost</u>				
- Bank overdraft	-	-	-	615
Total Cash Overdrawn	-	-	-	615
Trade payables (Creditors)	-	-	3,371	3,035
TOTAL FINANCIAL LIABILITIES	192,895	198,125	52,336	39,111

The total short-term borrowing includes £230,000 (£230,000 in 2016-17) representing the short-term portion of long-term borrowing (repayable within 1 year).

The short-term creditors line on the balance sheet include £19.876 million (£19.877 million in 2016-17) short-term creditors that do not meet the definition of a financial liability.

All non-derivative financial liabilities are carried in the balance sheet at amortised cost. Their fair values have been estimated by calculating the net present value of the remaining contractual cash flows at 31 March 2018, using the following methods and assumptions:

- loans borrowed by the Council have been valued by discounting the contractual cash flows over the whole life of the instrument at the appropriate market rate for local authority loans
- the fair values of other long-term loans have been discounted at the market rates for similar instruments with similar remaining terms to maturity on 31 March 2018
- no early repayment or impairment is recognised for any financial instrument
- the fair value of short-term instruments, including trade payables, is assumed to approximate to the carrying amount.

Financial Liabilities	Fair value level	Balance sheet 31 March 2017 £'000	Fair value 31 March 2017 £'000	Balance sheet 31 March 2018 £'000	Fair value 31 March 2018 £'000
<i>Financial liabilities held at amortised cost:</i>					
Long-term loans from PWLB	2	193,125	219,403	192,895	213,012
Other long-term loans	2	5,000	5,149	-	-
Lease payables	3	-	-	-	-
Guarantees issued	3	-	-	-	-
TOTAL		198,125	224,553	192,895	213,012
Liabilities for which fair value is not disclosed		131,945		142,553	
TOTAL FINANCIAL LIABILITIES		330,070		335,448	
<i>Recorded on balance sheet as:</i>					
Long-term creditors		-		-	
Long-term borrowing		198,125		192,895	
Other long-term liabilities		93,449		90,217	
Short-term creditors		3,035		3,371	
Short-term borrowing		35,461		48,965	
TOTAL FINANCIAL LIABILITIES		330,070		335,448	

The liabilities for which fair value is not disclosed comprise of short-term financial liabilities that are assumed to be approximate to the carrying amount, including both short-term borrowing and trade payables. Other long-term liabilities relates to the pension scheme liability.

We have judged that it is appropriate to calculate the fair value of PWLB loans by reference to rates from the local authority bonds market as adjusted for interest rate swap rates available from Bloomberg.

The fair value of long-term PWLB loans held at amortised cost is higher than their balance sheet carrying amount because the Council's portfolio of loans includes a number of loans where the interest rate payable is higher than the current rates available for similar loans at the balance sheet date. The reverse is true of other long-terms loans payable.

Financial Assets

A financial asset is a right to future economic benefits controlled by the Council that is represented by cash or other instruments or a contractual right to receive cash or another financial asset.

There are four classifications for financial assets under the Code of Practice

- loans and receivables
- available for sale
- fair value through profit and loss
- unquoted equity investments held at cost because it is impracticable to determine fair value.

Loans and Receivables (fixed or determinable payments and are not quoted in an active market)

These are recognised on the Balance Sheet when the Council enters a contractual provision of a financial instrument. They are initially measured at fair value, and subsequently measured at their amortised cost.

These comprise:

- cash in hand
- bank current and deposit accounts with HSBC Bank PLC
- fixed term deposits with banks and building societies (valuation is their carrying value, as these assets cannot be sold and hence there is no market valuation)
- loans to other local authorities
- trade receivables for goods and services delivered.

Annual credits to the FIIE line in the CIES for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument.

The Councils investments are presented in the balance sheet as the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the investment agreement.

Where assets are identified as impaired, because of a likelihood that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service (for receivables specific to that service) or the FIIE line in the CIES. The impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Any gains or losses that arise on de-recognition of an asset are taken to the FIIE line in the CIES.

Available for sale financial assets (those that are quoted in an active market and do not have fixed or determinable payments)

These are recognised on the balance sheet when the Council enters a contractual provision of a financial instrument and are initially measured and carried on the balance sheet at fair value.

Where the asset has fixed or determinable payments, annual credits to the FIIE line in the CIES for interest receivable are based on the amortised cost of the asset multiplied by the effective interest rate for the instrument. Where there are no fixed or determinable payments, income (for example dividends) is credited to the CIES when it becomes receivable by the Council.

Assets are shown on the balance sheet at fair value. Values are based on the following principles:

- instruments with quoted market prices- the market price
- other instruments with fixed and determinable payments – discounted cash flow analysis
- equity shares with no quoted market prices – independent appraisal of company valuations.

Changes in fair value are balanced by an entry in the available for sale reserve and the gain or loss is recognised in the surplus or deficit on revaluation of available for sale financial assets. The exception is where we have incurred impairment losses – these are charged to the FIIE line in the CIES, along with any net gain or loss accumulated in the available for sale reserve.

Where assets are identified as impaired because of a likelihood that payments due under the contract will not be made (fixed or determinable payments), the asset is written down and a charge made to the FIIE line of the CIES.

If the asset has fixed or determinable payments, the impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the assets original effective interest rate. Otherwise, the impairment loss is measured as any shortfall of fair value against the acquisition cost of the instrument (net of any principal repayment and amortisation).

Any gains and losses that arise on the de-recognition of the asset are credited or debited to the FIIE line in the CIES, along with any accumulated gains or losses previously recognised in the available for sale reserve.

Where fair value cannot be measured reliably, the instrument is carried at cost (less any impairment losses).

These financial assets comprise:

- money market funds and other collective investment schemes
- certificates of deposit and covered bonds issued by banks and building societies
- treasury bills and gilts issued by the UK Government
- bonds issued by multilateral development banks and UK companies
- pooled funds

Agenda item number: 4
GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The Council's investments, at the balance sheet date, consisted of money market funds, corporate bonds, covered bonds, certificates of deposit, and pooled funds, including:

- Payden & Rygel Global Limited Sterling Reserve Fund
- CCLA Investment Management Limited Property Fund
- M&G international Investments Limited
- Schroders PLC
- City Financials Limited
- UBS Limited
- Funding Circle Ltd

Balances in money market funds and call accounts at the end of the year are shown under 'cash and cash equivalents' in the balance sheet, as they represent highly liquid investments that are readily convertible to known amounts of cash, with an insignificant risk of a change in value.

The Council did not have any investments required to be measured at 'fair value through profit or loss', or any unquoted equity investments.

The financial assets disclosed in the balance sheet are analysed across the following categories:

FINANCIAL ASSETS	Long-term		Short-term	
	31 March 2018 £000	31 March 2017 £000	31 March 2018 £000	31 March 2017 £000
Investments				
<u>Loans and Receivables</u>				
- Principal sum at amortised cost	19,298	17,990	49,044	50,186
- Accrued interest	-	-	521	393
<u>Available-for-sale investments</u>				
- Principal sum	14,992	27,707	44,383	30,799
- Accrued interest	45	52	127	328
- Fair value adjustments	-	-	-	-
Total Investments	34,335	45,749	94,075	81,706
Cash and Cash Equivalents				
<u>Loans and Receivables</u>				
- Cash	-	-	286	6
- Cash equivalents at amortised cost	-	-	436	475
- Accrued interest	-	-	-	-
<u>Available-for-sale investments</u>				
- Cash equivalents at fair value	-	-	8,324	1,319
- Accrued interest	-	-	4	3
Total Cash and Cash Equivalents	-	-	9,050	1,803
Trade receivables (Debtors)	-	-	9,060	7,439
TOTAL FINANCIAL ASSETS	34,335	45,749	112,185	90,948

The short-term debtors line in the balance sheet includes £6.709 million (£4.541 million in 2016-17) short-term debtors that do not meet the definition of a financial asset.

Financial assets classified as available for sale are carried in the balance sheet at Fair Value. For most assets, including bonds, treasury bills, and shares in money market funds and other pooled funds, the fair value is taken from the market price (level 2 in the table below). The fair values of other instruments have been estimated using the net present

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

value of the remaining contractual cash flows as at 31 March 2018, using the following methods and assumptions:

- certificates of deposit and forward loan contracts have been discounted at market interest rates for instruments of similar credit quality and remaining term to maturity
- shares in Surrey Save credit union have been valued from the company's balance sheet net assets and adding expected future profits, discounted at a suitable market rate for similar equity investments (level 3 in the table below)

Financial assets classified as loans and receivables are carried in the balance sheet at amortised cost. Their fair values have been estimated by calculating the net present value of the remaining contractual cash flows at 31 March 2018, using the following methods and assumptions:

- the fair values of other long-term investments have been discounted at the market rates for similar instruments with similar remaining terms to maturity on 31 March 2018
- no early repayment or impairment is recognised for any financial instrument
- the fair value of short-term instruments, including trade receivables, is assumed to approximate to the carrying amount.

Financial assets	Fair value level	Balance sheet 31 March 2017 £'000	Fair value 31 March 2017 £'000	Balance sheet 31 March 2018 £'000	Fair value 31 March 2018 £'000
<i>Financial assets held at fair value:</i>					
Money market funds	1	1,322	1,322	8,328	8,328
Bond, equity and property funds	1	19,917	21,550	19,826	21,550
Corporate, covered and government bonds	2	35,116	34,971	36,712	34,971
Shares in unlisted companies	3	50	50	100	100
Forward contracts in the Council's favour	2	-	-	-	-
<i>Financial assets held at amortised cost:</i>					
Long-term bank deposits	2	-	-	-	-
Long-term loans to local authorities	2	17,990	17,214	19,298	17,214
Long-term loans to companies	3	1,447	1,447	2,698	2,698
Lease receivables	3	-	-	-	-
TOTAL		75,842	76,554	86,962	84,861
Assets for which fair value is not disclosed		62,042		62,012	
TOTAL FINANCIAL ASSETS		137,884		148,974	
<i>Recorded on balance sheet as:</i>					
Long-term debtors		1,802		2,454	
Long-term investments		45,749		34,335	
Short-term debtors		7,439		9,060	
Short-term investments		81,706		94,075	
Cash and Cash Equivalents		1,188		9,050	
TOTAL FINANCIAL ASSETS		137,884		148,974	

The fair value of short-term financial assets including trade receivables (debtors), and short-term investments as loans and receivables, is assumed to approximate to the carrying amount.

The fair value of financial assets held at amortised costs is higher than their balance sheet carrying amount because the interest rate on similar investments is now lower than that obtained when the investment was originally made.

The £2.698 million in the table relates to a loan to our newly formed wholly owned company, North Downs Housing Limited. The company started trading during March 2017, so the fair value has been calculated using the value of the loans made to the company plus accrued interest on the loan.

Offsetting Financial Assets and Liabilities

Financial assets and liabilities are set off against each other where the Council has a legally enforceable right to sell off and it intends to either settle on a net basis or to realise the asset and settle the liability simultaneously. The only item offset on the balance sheet is the bank overdraft, which is shown within cash and cash equivalents. The Council had no other financial assets or liabilities subject to an enforceable master netting arrangement or similar agreement.

Gains and Losses

The gains and losses recognised in the CIES in relation to financial instruments consist of the following items:

Income, Expense, Gains and Losses 2016-17				2017-18			
Financial Liabilities (amortised cost) £000	Financial Assets: Loans and receivables £000	Financial Assets: Available for sale £000	Total £000	Financial Liabilities (amortised cost) £000	Financial Assets: Loans and receivables £000	Financial Assets: Available for sale £000	Total £000
5,310	-	-	5,310	5,261	-	-	5,261
5,310	-	-	5,310	5,261	-	-	5,261
-	(626)	(1,166)	(1,792)	-	(729)	(1,124)	(1,853)
-	(626)	(1,166)	(1,792)	-	(729)	(1,124)	(1,853)
-	-	(809)	(809)	-	-	108	108
-	-	(809)	(809)	-	-	108	108
5,310	(626)	(1,975)	2,709	5,261	(729)	(1,016)	3,516

Transaction Costs

Measurement at amortised cost permits transaction costs relating to financial instruments to be attached to the loan or investment and charged to the CIES over the life of the instrument. Where these costs are considered to be immaterial, they can be charged in full to the CIES in the financial year in which they are incurred. The Council adopted this latter approach in 2017-18.

31. Nature And Extent Of Risks Arising From Financial Instruments

The Council has adopted CIPFA's Code of Practice on Treasury Management (and subsequent amendments) and complies with the Prudential Code for Capital Finance in Local Authorities (both revised in December 2017).

As part of the adoption of the Treasury Management Code, the Council approves a treasury management strategy (TMSS) before the commencement of each financial year. The strategy sets out the parameters for the management of risks associated with financial instruments. The Council also produces treasury management practices specifying the practical arrangements to follow to manage these risks.

The TMSS includes an Annual Investment Strategy in compliance with the CLG Guidance

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

on Local Government Investments. This Guidance emphasises that priority is given to security and liquidity, rather than yield. The Council's TMSS, together with its treasury management practices are based on seeking the highest rate of return consistent with the proper levels of security and liquidity.

The council's activities expose it to a variety of financial risks:

- credit risk – the possibility that other parties might fail to pay amounts due to the Council
- liquidity risk – the possibility that the Council might not have cash available to contracted payments on time
- market risk – the possibility that an unplanned financial loss might arise as a result of changes in market variables such as interest rates or equity prices.

Credit risk: Investments

The Council manages credit risk by ensuring that investments are placed with organisations of high credit quality and in line with the approved TMSS (the definition of high credit quality is set in the TMSS). These include commercial entities with a minimum long-term credit rating of A-, the UK government, other local authorities, and organisations without credit ratings, or with a credit rating of below A-, where the Council has received independent investment advice. We have set our high credit quality criteria as A-, however we do have allowance in our TMSS to invest in counterparties below this.

Recognising that credit ratings are imperfect predictors of default, the Council has regard to other measures including credit default swaps and equity prices when selecting commercial entities for investment.

The TMSS also imposes a maximum sum the Council can invest with a financial institution or group other than the UK government. This is £10 million maximum, of which only £6 million may be on unsecured investments. The Council sets limits on investments in certain sectors. A maximum sum for long-term investments (greater than 364 days) is also set.

All investments in 2017-18 were in line with the Council's approved TMSS.

The Council's maximum exposure to credit risk in relation to its investments in banks and building societies cannot be assessed generally as the risk of any institution failing to make interest payments or repay the principal sum will be specific to each individual institution. Recent experience has shown that it is rare for such entities to be unable to meet their commitments. A risk of non-recovery applies to all of the Council's deposits, but there was no evidence at the balance sheet date that this was likely to materialise.

The credit quality of £14.99 million of the Council's long-time investments is enhanced by collateral held. This is entirely in the form of covered bonds collateralised by residential mortgages. This collateral significantly reduces the likelihood of the Council suffering a loss on these investments.

The table below summarises the credit risk exposures of the Council's investment portfolio by credit rating:

Investment type	Credit rating	Long term		Short term	
		31 Mar 18 £000	31 Mar 17 £000	31 Mar 18 £000	31 Mar 17 £000
Investments	AAA	15,037	27,575	15,797	-
	AA+	16,498	16,727	10,298	22,365
	AA	-	-	-	-
	AA-	-	-	10,022	-
	A+	-	-	-	7,531
	A	-	-	33,497	23,626
	A-	-	-	3,001	3,001
	BBB+	-	-	-	1,597
Housing Company	n/a	2,700	1,447	89	-
Surrey Save Shares	n/a	100	50	-	-
Unrated building societies	n/a	-	-	1,001	1,024

Call Accounts	AA-	-	-	436	475
Investment Funds	n/a	-	-	20,370	22,563
Total Investments		34,335	45,799	102,839	83,503

Trade Receivables

The Council does not generally allow credit for customers. Of the total debt outstanding £3 million relating to services that the Council has invoiced for is past its due date for payment. The past due amount can be analysed by age as follows:

Debtors

	<u>£'000</u>
Less than six months	2,362
Six months to one year	108
More than one year	533
	<u>3,003</u>

The Council's credit risk on lease receivables is mitigated by its legal ownership of the assets leased, which can be repossessed if the debtor defaults on the lease contract.

Liquidity risk

The Council has a comprehensive cash flow management system that seeks to ensure that cash is available as needed. The Council has access to borrowing facilities via the Public Works Loans Board (PWLB) and other local authorities and at higher rates from banks and building societies. There is no perceived risk that the Council will be unable to raise finance to meet its commitments.

The Council is exposed to the risk that it will need to refinance a significant proportion of its borrowing at the time of unfavourable interest rates. The Council's strategy is to plan carefully when new loans are taken out and making early repayments where financially advantageous. The risk is also managed by maintaining a spread of fixed rate loans ensuring loans mature at different times.

The Council would only borrow in advance of need where there is a clear business case for doing so.

The maturity analysis of the principal sums borrowed is as follows:

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

31 March 2017		31 March 2018
£'000		£'000
	Short Term Borrowing	
35,230	Less than one year	48,730
	Long Term Borrowing	
5,230	Over 1 but not over 2 years	230
45,460	Over 2 but not over 5 years	55,230
40,000	Over 5 but not over 10 years	80,000
50,000	Over 10 but not over 15 years	25,000
25,000	Over 15 but not over 20 years	32,435
32,435	Over 20 but not over 30 years	0
233,355	Total Borrowings	241,625

All trade and other payables are due to be paid in less than one year.

Market risk: Interest rate risk

The Council is exposed to risks arising from movements in interest rates on its borrowing and investments. Movement in interest rates have a complex impact on the Council. For instance, a rise in interest rates would have the following effects:

- borrowings at variable rates – the interest expense will rise
- borrowings at fixed rates – the fair value of the borrowings will fall
- investments at variable rates – the interest income credited will rise
- investments at fixed rates – the fair value of the investments will fall.

Investments classed as “loans and receivables” and loans borrowed are not carried at fair value, so changes in their fair value will have no impact on the CIES.

Changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services. Movements in fair value of fixed rate investments classed as “available for sale” are reflected in Other Comprehensive Income and Expenditure.

The Treasury Management Strategy aims to mitigate these risks by setting upper limits for fixed and variable interest rate exposures.

If interest rates had been 1% higher (all other variables being constant) the financial effect across the whole portfolio would be an increase in interest received of approximately £1.5 million, and an increase in interest payable on loans of approximately £2.35 million.

Market Risks: Price Risk

The market prices of the Council’s fixed bond investments and its units in pooled bond funds are governed by prevailing interest rates and the market risk associated with these instruments is managed alongside interest rate risk.

The Council’s investment in a pooled property fund is subject to the risk of falling commercial property prices. We limit our exposure to pooled property funds to help mitigate this risk. If commercial property prices fall, it would not impact on the GF until the investment was sold.

The Council’s investment in a pooled equity fund is subject to the risk of falling share prices. If share prices fall, there would be no impact on the GF until the investment was sold.

32. Critical Judgements In Applying Accounting Policies

In applying the accounting policies, the Council has had to make certain judgements about

complex transactions or those involving uncertainty about future events.

Although there is a degree of uncertainty about future levels of funding for local government the Council has determined that this uncertainty does not indicate that the assets of the Council might be impaired. The factors taken into account in concluding that the Council continues to be a going concern include our level of reserves, level of committed funding, budget and cash for the coming years, and the lack of proposed local government reorganisation.

The value of PPE on the Balance Sheet includes the value of certain land and buildings that were not formally revalued during the year under the Council's rolling programme of revaluations. The Council uses critical judgement to determine by how much the value of other land and buildings (OLB) within PPE on the Balance Sheet would have to be understated or overstated to mislead a user of the accounts and therefore to require these assets to be formally revalued.

Critical judgement has been used in identifying how assets are classified on the balance sheet. In particular, some assets that we hold to earn rental income are also held for economic development and regeneration purposes. However, as they are not used in the direct delivery of services they have been classified as investment property.

Also, some assets that are held for their historical interest are classified as PPE rather than heritage assets because they are also used to provide a particular service.

Critical judgement is also used in classifying our leases as either operating or finance leases.

The Council has determined that a materiality level of £1 million is appropriate for inclusion of accounting policies and disclosure notes in the Statement of Accounts.

33. **Assumptions Made About The Future And Other Major Sources Of Estimation Uncertainty**

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the Council's Balance Sheet at 31 March 2018 for which there is a risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Business Rates	<p>Since the introduction of the Business Rates Retention Scheme effective from 1 April 2013, local authorities are liable for successful appeals against business rates charged to businesses in 2017-18 and earlier years, in their proportionate share.</p> <p>A provision of £15.005 million, of which the Council's share is £6 million, has been recognised for the best estimate of the amount</p>	<p>If the level of successful appeals varies by 1%, it would increase or decrease the appeals provision by £100,100, which in turn would increase or decrease the deficit on the Collection Fund by £100,100. The Council's share of the increase or decrease would be £40,040, which would increase or decrease the surplus on provision of services in the CIES.</p>

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
	<p>that businesses have been overcharged up to 31 March 2018. The provision has been calculated using the Valuation Office ratings list of appeals and the analysis of successful appeals to date.</p> <p>Due to an ongoing court case, we have included an amount of £7.4 million for NHS mandatory relief backdated to 2010 within the appeals provision. If the case is won in favour of local government, this amount is not required.</p>	
<p>Property, Plant and Equipment (PPE) and Investment property</p>	<p>PPE and investment property are included in the balance sheet at fair value of £739 million and £147 million respectively. Chartered surveyors are engaged to provide expert advice in the assumptions to be applied when carrying out the valuations.</p> <p>Individual items of PPE are depreciated over estimated useful lives that are partly dependent upon assumptions about the level of repairs and maintenance that will take place.</p> <p>If the Council were not able to sustain its level of spending on the repair and maintenance of its assets in the long term the estimated useful life assigned to individual assets would need to be reduced.</p>	<p>If the valuations were changed by 1%, it would increase or decrease the value of net assets on the balance sheet by £7.2 million.</p> <p>If the useful life of assets is reduced, depreciation increases and the carrying amount of the assets falls.</p> <p>Depreciation costs do not affect the Council's overall financial position as they form part of the adjustment between accounting basis and funding basis under regulations.</p>
<p>Pensions Liability</p>	<p>Estimation of the net liability to pay pensions of £90 million depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets. A firm of consulting actuaries is engaged to provide the Council with expert advice about the assumptions to be applied.</p>	<p>The effects on the net pension liability of changes in individual assumptions can be measured. For instance, a 0.5% decrease in the discount rate assumption would result in an increase in the pension liability of £27.622 million. A 0.5% increase in the salary increase rate would result in an increase in the pension liability of £3.724 million and a 0.5% increase in the Pensions increase rate would result in an increase in the pension liability of £23.571 million.</p> <p>During 2017-18, the Council's Actuary advised that the net pension's liability had decreased by £3.23 million. This is as a result of an increase in the net discount rate (much lower discount rate, net of slightly higher inflation) over this period.</p>

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Debtors	At 31 March 2017, the Council was owed approximately £11 million. A review of significant balances suggested that an allowance for doubtful debts of £4.9 million was appropriate. However, in the current economic climate it is not certain that such an allowance would be sufficient.	If collection rates were to deteriorate, a doubling of the amount of doubtful debts would require an additional £1.1 million to set aside as an allowance.

34. Accounting Standards that have been issued but not yet adopted

The Code of Practice on Local Authority Accounting in the United Kingdom (the Code) requires the disclosure of information relating to the expected impact of an accounting change that will be required by a new standard that has been issued but not yet adopted.

IFRS 9 Financial Instruments – this standard introduces extensive changes to the classification and measurement of financial assets, and a new “expected credit loss” model for impairing financial assets. The impact will be to reclassify assets currently classified as available for sale assets into either amortised cost (fair value through profit or loss) or fair value through other comprehensive income. Upon transition to IFRS 9 on 1 April 2018, and in accordance with paragraphs 5.7.5 and 7.2.8(b) of IFRS 9 the Council will make an irrevocable election to present in other comprehensive income changes in fair value on the CCLA Local Authorities Property Fund, and any other such property funds the Council may hold in future. All other external funds held by the Council will be reclassified as amortised cost.

IRFS 15 Revenue from contracts with customers – introduces new requirements for the recognition of revenue, based on a control-based revenue recognition model.

IAS 12 Income Taxes: Recognition of Deferred Tax Assets for Unrealised Losses – applies to deferred tax assets related to debt instruments measured at fair value. The council does not have these types of debt instruments.

IAS 7 Statement of Cash Flows (Disclosure initiative) – this may require additional analysis of Cash Flows from Financing Activities in future years.

IFRS 16 Leases - this standard removes the classification of operating and finance leases for lessees under IAS 17. It requires lessees to recognise leases, with a term of more than 12 months unless the underlying asset is of low value, as right-of-use assets with corresponding lease liabilities.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Housing Revenue Account (HRA) Income And Expenditure Statement

2016-17 £000		NOTE	2017-18 £000
Income			
	Gross Rent Income	1	
30,065	Dwellings		29,786
872	Non-dwellings		900
1,341	Charges for Services and Facilities		1,245
346	Supporting People Grant		316
32,624	Total Income		32,247
Expenditure			
5,089	Repairs and Maintenance		5,524

2,648	Revaluation (gain)/loss		(72)
147	Debt Management Expenses		165
18	Other Expenditure		658
19,951	Total Expenditure		16,942
	(12,673) Net Income of HRA Services per Comprehensive Income & Expenditure Statement		(15,305)
260	HRA Share of Corporate & Democratic Core		264
(12,413)	Net Income of HRA Services		(15,041)
(612)	(Gain) / Loss on sale of HRA fixed assets		134
(508)	HRA Investment Income		(385)
5,022	Interest payable		5,004
0	Capital grants and contributions		-
(8,511)	Surplus for year on HRA services		(10,288)

The HRA income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. The Council charges rent to cover expenditure in accordance with the legislative framework; this is different from the accounting cost. The increase or decrease in the year, on the basis on which rents are raised, is shown in the Movement on the HRA Statement.

Movement On The Housing Revenue Account Statement

2016-17			2017-18

-	Increase in year on the HRA		-
2,500	Balance on the HRA at the end of the current year		2,500

Notes To The Housing Revenue Account

1. Gross Rent Income

This is the total rent income due for the year after allowance is made for voids etc. During the year, voids amounted to £482,313.46 or 1.63% of gross rent income from dwellings (£539,497 or 1.81% for 2016-17). Average rents were £111.26 per week in 2017-18, a decrease of £0.85 over the previous year.

2. Rent Arrears

At 31 March 2018, rent arrears were £1,238,824 (including £485,501.56 former tenant arrears) or 4.19% of gross rent income. The comparable figures for 2016-17 were £1,224,816 (including £480,644 former tenant arrears) or 4.09% of gross rent income.

The provision for bad debts at 31 March 2018 was £929,855. The comparable figure for 2016-17 was £781,572.

Amounts written off in the year amounted to £126,717.71 (£61,541 in 2016-17).

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

3. Housing Stock

The Council was responsible for managing on average 5,213 dwellings in 2017-18, analysed below:

2016-17 Average	2017-18
2,635 Houses	2,630
2,276 Flats	2,264
319 Bungalows	319
5,230	5,213

2016-17	2017-18
5,245 Stock at 1 April	5,214
(30) Less Sales	(18)
(1) Other Adjustments	16
5,214 Stock at 31 March	5,212

4. Stock Valuation – Balance Sheet Basis

The basis for the balance sheet valuation of the Council’s housing stock is Existing Use Value – Social Housing (EUV – SH) as defined by the Royal Institution of Chartered Surveyors Appraisal and Valuation Manual. The EUV – SH is broadly based on the vacant possession value of the properties, adjusted to reflect the occupation by a secure tenant. The valuation was carried out by Bruton Knowles, Chartered Surveyors. The date of the valuation was January 2018.

The balance sheet value increases where new dwellings and properties are built or acquired and when capital works that improve or significantly enhance the value of the assets are carried out. The balance sheet value reduces when assets are sold and are written out of the accounts. Depreciation is charged on assets and this also reduced the balance sheet valuation.

Valuations for HRA assets are:

31 March 2017	31 March 2018
£000	£000
501,149 Dwellings (valued at EUV - SH)	498,216
4,135 Other Operational Land and Buildings (valued at MV - EU)	5,895
20 Vehicles, plant, furniture and equipment	36
69 Infrastructure	63
148 Community Assets (historic cost)	139
2,357 Assets under construction	10,827
507,878 Total HRA Assets	515,176

Other operational land and buildings are valued at open market value in existing use.

5. Stock Valuation – Vacant Possession Value

Valuation of dwelling stock at Vacant Possession Value within the HRA at January 2018 was £1.391 billion. The vacant possession value and the balance sheet value of dwellings within the HRA show the economic cost to Government of providing council housing at less than open market rent.

6. Major Repairs Reserve (MRR)

The MRR is a reserve established by the Government as part of the resources accounting system in the HRA. Movements in the MRR during the year were:

2016-17		2017-18
£000		£000
3,536	Opening Balance at 1 April	6,396
6,703	Depreciation transferred from the HRA	5,529
(3,843)	Capital Expenditure on HRA assets financed from the Major Repairs Reserve	(3,934)
6,396	Closing Balance at 31 March	7,991

7. Capital Expenditure and Financing

The table below shows the total amount of capital expenditure incurred in the year together with the resources that have been used to finance it. Where capital expenditure has not been financed in the year, it results in an increase in the Capital Financing Requirement.

2016-17		2017-18
£'000		£'000
196,664	Opening Capital Financing Requirement	196,664
	<u>Capital Investment</u>	
4,070	Council dwellings	4,187
2,335	Assets under construction	4,415
67	Intangible assets	35
25	Revenue Expenditure Funded from Capital under Statute	627
	<u>Sources of finance</u>	
-	Specific Capital Grants	
(2,654)	Capital Receipts	(4,330)
(3,843)	Major Repairs Reserve	(3,934)
-	Voluntary revenue provision	(640)
196,664	Closing Capital Financing Requirement	197,024

Total capital receipts from disposals of land, houses and other property within the HRA during the financial year amounted to £5.408 million.

8. Depreciation

The charges for depreciation for the houses and other property within the HRA for the year are as follows:

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

2016-17		2017-18
£000		£000
6,634	Dwellings	5,444
58	Other Operational Land and Buildings	110
3	Vehicles, plant, furniture and equipment	4
7	Infrastructure	7
6,702	Total HRA Assets	5,565

The depreciation amount has been calculated by the straight-line method and has not been charged on investment properties or on non-operational housing assets.

9. Contributions to/from the Pensions Reserve

The HRA share of the contributions to the Pensions reserve is as follows:

2016-17		2017-18
£000		£000
227	Reversal of items relating to retirement benefits debited to the HRA	51
(348)	Employer's pensions contributions and direct payments to pensioners payable in the year	(360)
(121)	Contribution to the Pensions Reserve	(309)

Notes To The Collection Fund

1. General

These accounts represent the transactions of the Collection Fund, which is a statutory fund separate from the main accounts of the Council. The accounts are prepared on an accruals basis, and they are consolidated with the other accounts of the Council on an agency basis.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

The overall balance on Fund as at 31 March 2018 was a deficit of £12.817 million, made up of a Council Tax deficit of £0.713 million and a deficit in relation to business rates of £12.104 million.

The year-end Collection Fund surplus in relation to council tax is distributed between billing (the Council) and precepting (Surrey County Council and Surrey Police and Crime Commissioner) authorities on the basis of estimates of the year-end balance made on 15 January.

The year-end Collection Fund deficit in relation to business rates is distributed between billing and precepting (central government and Surrey County Council) authorities on the basis of year-end estimates made on 31 January.

2. Income from Business Rates

The Council collects non-domestic rates for its area. These rates are based on local rateable values (£221,157,930 as at 30 March 2018) multiplied by a uniform rate (47.9p standard and 46.6p small business rate in 2017-18). Local authorities retain a proportion of the total collectable rates due. For Guildford, this share is 40%. The remainder is distributed to central government (50%) and Surrey County Council (10%).

3. Income from Council Tax

The Council's tax base, that is the number of chargeable dwellings in each valuation band (adjusted for dwellings where discounts apply) converted to an equivalent number of band D dwellings, was calculated as follows:

Band	Estimated number of taxable properties after effect of discounts	Ratio	Band D equivalent dwellings
Dis A	1.50	5/9	0.83
A	661.24	6/9	440.83
B	1,937.44	7/9	1,506.90
C	8,502.77	8/9	7,558.02
D	13,063.00	9/9	13,063.00
E	8,784.87	11/9	10,737.06
F	6,014.60	13/9	8,687.76
G	6,931.97	15/9	11,553.28
H	1,610.26	18/9	3,220.52
	47,507.65		56,768.20

Plus adjustment for MoD properties and collection rates offset by anticipated changes during the year for successful appeals against valuation banding, new properties, demolitions, disabled person's relief, exempt properties and the Local Council Tax Scheme

(133.66)

56,634.54

4. Collection Fund Provisions

The movement of the council tax bad debt provision during the year was as follows:

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**Annual Governance Statement 2017-18****SCOPE OF RESPONSIBILITY**

- 1.1. Guildford Borough Council is responsible for ensuring that it conducts its business in accordance with the law and proper standards and that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
- 1.2. In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs to facilitate the effective exercise of its functions, including arrangements for the management of risk.
- 1.3. The Council has considered the principles of the CIPFA/SOLACE framework Delivering Good Governance in Local Government 2016, including compliance with the CIPFA Statement on the role of the Chief Financial Officer in Local Government (2016) in the preparation of this statement.
- 1.4. This statement explains how the Council has complied with the code and meets the requirements of regulation 4 of the Accounts and Audit Regulations 2015 in relation to internal control.

THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 2.1 The governance framework comprises the systems, processes, culture and values by which the authority is directed and controlled and the activities through which it accounts to, engages with and leads the community. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood and impact should those risks be realised and to manage those risks efficiently, effectively and economically.
- 2.3 The governance framework has been in place for the year ended 31 March 2018 and up to the date of approval of the statement of accounts.

GOVERNANCE FRAMEWORK

- 3.1 The Council is a complex organisation with an appropriately comprehensive governance framework that works in a dynamic environment and keeps its processes under constant review. A description of how the Council puts the principles of good governance, set out in the CIPFA/SOLACE code into practice is set out in the following table along with recent achievements, developments and areas for improvement.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Principles of Good Governance	Arrangements the Council has for delivering good governance	Recent <i>achievements, developments</i> and areas for improvement
<p>A. GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

	<ul style="list-style-type: none"> • Councillor development steering group in place which develops and implements an active programme of Councillor training • Achievement of the South East Charter accreditation for Elected Member Development • Recognition of the importance of and active engagement in key strategic partnerships such as Guildford Surrey Board, Health and Wellbeing Board, Local Enterprise Partnership (EM3) and service specific partnerships 	
<p>F. Managing Risks and performance through robust internal control and strong public financial management</p>	<ul style="list-style-type: none"> • Risk management strategy and protocol in place approved by corporate governance and standards committee • Internal audit work programme informed by risks • Internal audit is fully resourced and effective • Compliance the CIPFA code on managing the risk of fraud and corruption • Corporate risk register regularly monitored by corporate management team • The Council uses IDEA software to interrogate data systems for audit and risk management purposes • Role of the overview and scrutiny committee is clearly set out in the constitution and its work programme is developed by the chairperson and officers. Agendas and minutes are published on line. • Regular MO and CFO meetings in place to address statutory responsibilities • Officer corporate governance group oversees key governance, data protection and risk management information and receives reports from the health and safety group • Role of the Corporate Governance and Standards Committee (CG&SC) is clearly set out in the constitution and has an active work programme informed by the officer corporate governance group and agreed by the chairperson. Agendas and minutes are published on line. • A summary of internal and external audit reports are reported to CG&SC 	<p>The Council has not recently reviewed the role and performance of the CG&SC against CIPFA best practice <i>although previous reviews in relation to the old Audit Committee found the committee were compliant with best practice</i></p> <p>Corporate Management Team does not regularly monitor corporate KPIs. However, the data is collected and monitored by Surrey Chief Executives Group quarterly.</p> <p><i>Data protection policies and procedures are currently being reviewed in line with the General Data Protection Regulations (GDPR). The Council has made significant progress in implementing GDPR. Including mandatory</i></p>

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

	<ul style="list-style-type: none"> • Progress against audit plan and individual audit recommendations are monitored and reported to CG&SC • Council has comprehensive data protection policies and a designated data protection officer who monitors compliance with legislation • Information security risk group, led by the Senior Information Risk Owner in place which reviews the Council’s information governance procedures and any necessary improvements • CG&SC receive regular financial monitoring reports 	<p><i>training for all staff and Councillors.</i></p> <p><i>CG&SC are actively monitoring GDPR compliance</i></p>
<p>G. Implementing good practices in transparency, reporting and audit to deliver effective accountability</p>	<ul style="list-style-type: none"> • The Council published significant information on its website • ‘Style guide’ in place to encourage officers to write reports in plain English • Annual financial statements includes a narrative summary on the Council’s performance during the year as well as reporting the financial position • Effective internal audit function in place which complies with public sector audit standards and the CIPFA statement on the Role of the Head of Internal Audit • Community engagement strategy in place 	<p>The council does not currently produce a formal annual report however, the CFO’s Narrative Statement in the Council’s Statement of Accounts reports the majority of information that an annual report would be expected to cover</p> <p><i>The Council has significantly improved its compliance with the transparency code following an internal audit giving limited assurance in 2016-17</i></p>

Agenda item number: 4
Appendix 1

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

REVIEW OF EFFECTIVENESS

- 4.1. The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework, including the system of internal control. The review of effectiveness is informed by the work of the senior managers within the authority who have responsibility for the development and maintenance of the governance environment, the Head of Internal Audit’s annual report, and by comments made by the external auditors and other review agencies and inspectorates.
- 4.2. Internal Audit has conducted an ongoing review of the Council’s Corporate Governance processes and carried out audits according to the annual Audit Plan, which was approved by the Corporate Management Team, and the Corporate Governance and Standards Committee (CG&SC). We base the Audit Plan on a risk assessment that provides guidance as to the frequency of audits. It covers four main themes (Financial Control, Asset Management, Management Control and ICT) specifically to address the main concerns of corporate governance.
- 4.3. Internal Audit has produced an annual report on Corporate Governance, which is an assessment of corporate governance against CIPFA guidelines. They also review standards of internal control including risk and performance management. The overall conclusion is that the Council’s systems of governance, risk management and Internal Control for the period to 31 March 2018 were generally sound and operates consistently across departments.
- 4.4. We have used all of this activity to inform the Annual Governance Statement.

INTERNAL AUDIT STATEMENT

- 5.1 In 2017-18 there were 45 planned audits, including service and lean reviews and some contingency work. Over the year we have completed or are working on 42 audits which represents 93 per cent of the audit plan. The work carried out so far shows that there is no indication of any material or significant issues arising from this work that affect this statement. The results of the work carried out in the year to 31 March 2018 are shown below:

Assurance Rating	Number of Audits	
Substantial	8	18%
Reasonable	15	33%
Limited	7	16%
No Assurance	0	0%
No Opinion (one-off projects)	6	13%
In progress(Inc. fundamental service reviews)	6	13%
Deferred to 2018-19	3	7%

- 5.2 Where appropriate the audit report provides management recommendations designed to address weaknesses in the system of internal control. We report the outcomes of these audits to the CG&SC every six months giving councillors an opportunity to understand the council’s compliance with key controls and to discuss any areas of concern with the auditors. We also update councillors on the progress of recommendations. In 2017-18, there was evidence of sound controls and substantial assurance over our major financial systems. All of the main financial systems that feed into the council’s financial statements have good controls in place and have been given satisfactory assurance following the audit reviews. There were no control weaknesses found in the audits which represent a significant or material risk to the council.

- 5.3 There are no material governance, or internal control issues of which internal audit have been made aware during the year, which cause any qualification of the above opinion. The main issue and priority from an audit perspective, as recognised by management, is that the council sustains and completes the programme of transformational change and embeds improvement across the council whilst maintaining service delivery and the effective operation of key controls. The work over the year identified some governance areas where there were a number of medium risks and the resulting recommendations will be subject follow-up reviews in 2018-19.

6. SIGNIFICANT GOVERNANCE ISSUES AND ACTION PLAN

- 6.1. This year has been a period of change and there have been ongoing financial pressures. Despite this challenging environment, there have been significant achievements and continuing improvement in the Council's overall governance arrangements as described in section 3. Where we have identified areas for further improvement we will take the necessary action to implement changes that will further develop our governance framework.
- 6.2. In 2016-17 we reported that an internal audit review of the Council's compliance with the requirements under the Local Government Transparency Code 2015 for the publication of data, which the code mandates 'must be published' has given limited assurance that the Council was compliant.
- 6.3. As of December 2017, the Council believes is it now largely compliant with the transparency code 2015 although the results of the follow up audit will confirm this in due course.
- 6.4. The Council's legal services team reported proposals to Council in summer 2017 regarding revised arrangements the Council needed to put into place to meet its obligations as a sole trustee of a number of charitable trusts and as shareholder of a wholly owned company. As a result, the Executive Trustee and Shareholder sub-Committee was established and is now responsible for making decisions where the Council is acting as sole trustee or shareholder.
- 6.5. The Council has an ambitious programme of major projects. We have introduced programme management software, which is used to monitor progress for both the major projects, the Corporate Plan as well as service projects. There are regular reports to the Corporate Management Team and the Major Projects Board.
- 6.6. As reported in Section 4, the Council is now making significant progress on data quality, following the limited assurance found during an audit in 2016-17. The Council is making significant progress against the implementation of General Data Protection Regulations (GDPR). The progress against GDPR is monitored by the officer Corporate Governance Group and the Corporate Governance and Standards Committee.
- 6.7. The Openness of Local Government Bodies Regulations, adopted in August 2014, and The Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012 place a requirement on Councils to publish on its website and make available to the public for inspection, reports on certain decisions taken under authority delegated to Officers or Councillors. During 2017-18 the Council introduced reporting such decisions on its website through ModernGov. However, a summary of the decisions is not currently reported to a committee of the Council.

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

Governance Issues arising in 2017-18

6.8. The significant governance issues arising in 2017-18 are listed in the table below:

CYBER SECURITY		
Recommendations	Actions Agreed	Implementation Date
The council must migrate all its devices onto operating systems that are supported by the developer. Where this is not possible, the devices running unsupported operating systems must be isolated from the council's IT network.	The on-going remediation work includes the retirement of a number of legacy systems. The residual risk will be managed via the use of hardware based security measures to isolate any unsupported systems which cannot be decommissioned prior to the full refresh programme.	April 2018
There should be a defined ICT patch management procedure in place.	Work was already underway prior to the audit to address this in a proportionate manner and whilst this is not fully automated significant improvements have been made in assessing and applying patches. The ICT refresh programme fully addresses patch management.	March 2018
Fire Risk Assessments (FRA)		
Recommendations	Actions Agreed	Implementation Date
A procedure should be established to review the FRAs annually, in line with the requirements of the corporate fire safety policy. All residential properties should be identified and managed. The list should include the date of the latest FRA and the next assessment due date for each property. The listing should be kept up to date to reflect the status of the FRA for each property.	The new fire safety group has been tasked with ensuring the council has up to date fire risk assessments which will be reviewed annually in accordance with the recommendations in the council's corporate fire safety policy.	31 May 2018
Following the completion of a FRA, management should develop an action plan to ensure that all recommendations raised are rag-rated and prioritised. The action plan should be kept up to date to reflect the status of recommendations.	An action plan is being developed to ensure the council can clearly identify and sign off what actions need to be undertaken in accordance with the latest fire risk assessments. Outstanding actions will be reviewed by the fire safety group.	31 May 2018
Asbestos and Legionella		
Recommendations	Actions Agreed	Implementation Date
The council should ensure there is an up-to-date register, which clearly details all properties owned by the council where asbestos containing materials (ACM) are present	An up-to-date asbestos register is being developed which will identify all properties where asbestos containing materials have been detected. This will provide a clear record identifying what actions need to be undertaken in accordance with the latest asbestos management surveys and will allow re-inspections to be dated and signed.	30 April 2018
The council should ensure that accountability for asbestos management and appropriate responsibilities are assigned to a named individual within the council. The council should establish a corporate asbestos management group – with individual working groups feeding into it, whereby responsibility of asbestos is clearly assigned.	A new asbestos management group is being established with representatives from service areas. The group will agree terms of reference as well as reviewing and updating the corporate asbestos policy. In addition they will ensure that corporate processes, procedures and training are put in place to provide full and safe management of asbestos. There is a designated responsible officer who together with the group will review outstanding actions on the asbestos registers. Performance will be monitored by the corporate management team.	30 April 2018
Business Continuity		
Recommendations	Actions Agreed	Implementation Date
CMT considers the findings of the audit	There is now a corporate review to update all	This will go to service

<p>report and decides how it wants to approach business continuity. If the decision is that the council should have a robust and resilient business continuity plan, it is recommended that a new BCP is developed. Appropriate resources should be identified and allocated to drawing up and maintaining a new BCP based on the findings of the audit report.</p>	<p>business continuity plans and revise the current processes and carry out the recommendations of the report</p>	<p>leaders in May 2018 for roll out</p>
---	---	---

ASSURANCE SUMMARY

- 6.9. Good governance is about running things properly. It is the means by which the Council shows it is taking decisions for the good of the people of our area in an equitable and open way. It recognises the standards of behaviour that support good decision-making: collective and individual integrity, openness and honesty. It is the foundation for the delivery of good quality services and fundamental to showing that public money is well spent.
- 6.10. From the review, assessment and monitoring work undertaken and the ongoing work of internal audit we have reached the opinion that overall key systems are operating soundly and that there are no fundamental control weaknesses.
- 6.11. We confirm, to the best of our knowledge and belief, that this statement provides an accurate and fair view.

 Managing Director on behalf of Guildford Borough Council

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18**Glossary**

Accrual – the recording of income and expenditure when it becomes due rather than when the cash is paid or received.

Accruals basis – accounting for income or expenditure when it becomes due rather than when the cash is paid out or received.

Appropriations – amounts transferred to or from revenue or capital reserves.

Balance Sheet – a statement which shows the value of the Council's assets and liabilities on a specific day. The final accounts show the value of the assets and liabilities as at 31 March.

Business Rates Retention Scheme – introduced by the Government in April 2013, the scheme means that each council retains some of the business rates generated in its area. The Government still controls the rateable value of the properties and the rate in the pound to be paid.

Capital commitment – a commitment to make a capital payment under a contract.

Capital expenditure – expenditure to purchase or construct a fixed asset, or expenditure adding to the value of an existing fixed asset. Expenditure that does not enhance an asset, such as repairs and maintenance expenditure, is not capital expenditure.

Capital Financing Requirement (CFR) - the monies required to finance capital expenditure.

Capital Receipt – relates to the money from the sale of a fixed asset. Capital receipts can only be used to pay for new capital expenditure or to repay outstanding loans. Capital receipts cannot be used to finance revenue expenditure.

Cash Equivalents – these are short term, highly liquid investments that are readily convertible into cash. They are subject to an insignificant risk of a change in value.

Cash Flow Statement – this shows the movement in cash and cash equivalents in the year.

Chartered Institute of Public Finance and Accountancy (CIPFA) – this is the professional organisation for accountants working in the public sector.

Code (The) – the Code of Practice on Local Authority Accounting in the United Kingdom. This is the code produced by CIPFA/LASAAC that sets out how councils should show transactions in their accounts and the format of the accounts.

Collection Fund Revenue Account – this shows the transactions relating to national non-domestic rates (NNDR) and council tax. This fund shows on whose behalf Guildford Borough Council collects the amounts due and how these monies are distributed.

Comprehensive Income and Expenditure Statement (CIES) – this shows all the income and expenditure in the year.

Contingency – an amount of money set aside for unforeseen items of expenditure.

Depreciation – a reduction in the balance sheet value of a fixed asset due to either wearing out, consumption, or other reduction in its useful economic life, whether arising from use, passage of time or obsolescence, through technological or other changes.

Earmarked Reserve – money set aside for future use on a specific area of expenditure.

Financial Asset – a right to future economic benefits controlled by the Council.

Financial Liability – an obligation to transfer economic benefits controlled by the Council.

Financial Instrument – a contract that gives rise to a financial asset of one entity and a financial liability or equity investment of another entity.

Financial Year – the year that the accounts relate to. The financial year starts on 1 April and ends on 31 March the following year.

General Fund (GF) – the Council's main revenue fund credited with charges, grants etc. and to which the costs of services are charged. However, separate accounts are maintained for other aspects of council activities, particularly the Collection Fund.

Heritage Assets – assets which are held and maintained principally for their contribution to knowledge and culture. These include monuments such as Guildford Castle, civic regalia at the Guildhall, the art collection at Guildford House Gallery, sculptures and artwork around the Borough and the museum collection at Guildford Museum.

Housing Revenue Account (HRA) – an account used to record the income and expenditure related to council housing. The Housing Revenue Account is ring-fenced from the rest of the General Fund. This is to ensure that the expenditure on managing tenancies and maintaining council houses is funded by rents charged to council tenants.

Housing Revenue Account Income and Expenditure Statement – this shows the income and expenditure relating to the provision of council housing.

Impairment – a reduction in the balance sheet value of a fixed asset.

International Accounting Standard (IAS) – these are the international accounting standards which state how balances, transactions and other events must be calculated and shown in the accounts.

International Financial Reporting Standards (IFRS) - these are the international financial reporting standards which state how balances, transactions and other events must be calculated and shown in the accounts.

Internal Borrowing – Internal borrowing occurs when rather than raising external borrowing to pay for capital expenditure, the Council uses cash, which would otherwise be externally invested.

Investment – a long-term investment is an investment held for use on a continuing basis in the activities of the Council for 365 days or more. A short-term investment relates to the investment of surplus funds for 364 days or fewer.

Investment Property – a property that is used to earn rental income.

LASAAC – Local Authority (Scotland) Accounts Advisory Committee.

Lease – a lease is a contract for the hire of a specified asset. The lessor owns the asset but transfers the right to use the asset to the lessee for an agreed period in return for the payment of specified rentals. A **finance lease** transfers all the risks and rewards of

GUILDFORD BOROUGH COUNCIL STATEMENT OF ACCOUNTS 2017-18

ownership, such as the cost of repairs and maintenance, to the lessee. All other leases are classified as **operating leases**.

Lessee – an organisation to whom a lease is granted.

Lessor – the owner of an asset who leases it to a third party

Local Council Tax Support Scheme (LCTSS) - introduced by the Government in April 2013. Under the LCTSS, council tax payers who previously received a benefit payment, now receive a discounted council tax bill instead.

Long term – a term of 365 days or more.

Minimum Revenue Provision (MRP) – the minimum amount which must be charged each year to the Council’s General Fund revenue account and set aside as provision for credit liabilities. There is no MRP requirement for the Housing Revenue Account (HRA).

Movement In Reserves Statement (MIRS) – this shows the movement in the year on the different reserves held by the Council.

Out-turn – actual income and expenditure.

PPE – Property, Plant and Equipment i.e. tangible assets that are held for use in the production or supply of goods and services, for rental to others, or for administrative purposes, and expected to be used for at least part of the succeeding financial year.

Precept – a charge levied by a council. Precepts are levied by Guildford Borough Council, Surrey County Council, Parish Councils and the Surrey Police and Crime Commissioner.

Provision – an amount, set aside in the accounts, for likely liabilities incurred but where the amounts or dates on which they will arise are uncertain.

Prudential Code – a code produced by CIPFA that Councils are required to follow when deciding upon their programme for capital expenditure.

Revenue expenditure – the day-to-day costs incurred by the Council. This is distinct from capital expenditure.

Right to Buy – the right of council tenants to buy their council houses at a discount.

S106 income – money received from planning obligations under Section 106 of the Town and Country Planning Act 1990 (as amended).

Short term – a term of 364 days or fewer.

Straight line basis – depreciation that is charged on a straight line basis is charged in equal amounts for each year of the useful economic life of the fixed asset.

Trade payables – amounts owed to third parties when goods or services have been received but not yet paid for

Trade receivables – amounts due from third parties where goods or services have been supplied

Unapplied capital receipts – capital receipts which have not been used.

Usable reserves – those that the Council can use to finance expenditure or reduce local taxation.

Unusable reserves – these cannot be used to finance expenditure or reduce local taxation. These include reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts only become available if the assets are sold; and reserves that hold timing differences.

Vacant Possession Adjustment Factor - a vacant possession adjustment factor of 32% means that the Council values its council houses at 32% of their open market value in the Balance Sheet. The percentages used are set by central government. The vacant possession adjustment factor is used to reflect that a council owned property has a lower open market value when it is occupied by a tenant.
