Re: - Application Club Premises Certificate for Shalford Cricket Club

Dear Mr Harrison

In relation to your email dated 28 February regarding the application for the above premises.

I raised a point with the applicant Mr Lidster of our concerns of using glassware outside of the cricket pavilion during matches and that they should consider the use of plastic owing to the cricket pitch being public common and the risk of broken glass being left.

I advised Mr Lidster to contact you to discuss placing a condition around no glass to be used outside the pavilion.

Contact made to applicant 29th January via email.

Yours sincerely

Colin Whitear
