## Housing Revenue Account Final Accounts 2020-21

### **Executive Summary**

The Housing Revenue Account (HRA) records all the income and expenditure associated with the provision and management of Council owned residential dwellings in the Borough. The requirement to maintain a Housing Revenue Account is set out in the Local Government and Housing Act 1989 and the requirements to publish final accounts is set out in the Accounts and Audit Regulations 2003.

This report sets out the actual level of revenue spending on day-to-day services provided to tenants recorded in the HRA in 2020-21.

The operating surplus for the HRA in 2020-21 was £345,000 less than the budgeted surplus of £10.999 million (Section 5). The outturn allows a contribution of £2.5million to the reserve for future capital and a contribution of £8.153million to the New Build reserve. The HRA working balance at year-end remains at £2.5 million.

The Chief Finance Officer, in consultation with the Leader of the Council and Lead Councillor for Community and Lead Councillor for Resources have used their delegated authority to makes the transfers to reserves. This continues the policy adopted in previous years, whereby the year-end surplus is applied to each of the above two reserves.

This report was considered by the Corporate Governance and Standards Committee at its meeting on 29 July 2021. In commending the report to the Executive, the Committee made the following comments:

- (a) With the inclusion of the proposed transfer of £2.5 million, the balance in the reserve for future capital programmes was £38 million at the end of the financial year. The Council had not yet spent anything from that reserve. The Leader of the Council reminded the Committee of the current review of the Housing Strategy which included a review of investment levels in the Council's existing stock, particularly in terms of repairs and maintenance to extend the life of the existing stock. Work in respect of

bringing void properties back into use had been delayed due to the pandemic, but it was hoped that work could progress more speedily on this moving forward.

- (b) The Council had approximately 5,000 HRA properties, which yielded nearly £10m per annum, or £2,000 per property, which was not a huge amount of money to spend on refurbishment per unit.

### **Recommendation to Executive**

That the Executive notes the final outturn position and endorses the decision taken under delegated authority to transfer £2.5 million to the reserve for future capital, and £8.15 million to the new build reserve from the revenue surplus of £10.65 million in 2020-21.

### Reason for Recommendation

To allow the Statutory Statement of Accounts to be finalised and subject to external audit prior to approval by the Council.

### **Is the report (or part of it) exempt from publication? No**

#### **1 Purpose of Report**

- 1.1 This report sets out the final position on the Housing Revenue Account for the 2020-21 financial year. It explains the major variances and reports how the available balance has been used.

#### **2 Strategic Priorities**

- 2.1 The Council is the largest social housing landlord in the borough, our activities contribute to each of the Council's strategic priorities. The Council's Fundamental Theme of 'Place-making' contained in the Corporate Plan 2018-2023 includes a key priority to provide the range of housing that people need, particularly affordable homes. This report helps to achieve this priority.

#### **3 Revised timelines for Certification and Audit of the Accounts – COVID19**

- 3.1 This report sets out the final position on the Housing Revenue Account.

- 3.2 Officers have included the impact of the final position in the statutory statement of accounts, which the Chief Financial Officer will publish on our website once they are available. There has been a delay in publishing the draft Statement of Accounts due to complexities in accounting for the COVID grants and some issues arising from the data migration and configuration of our new finance, HR and payroll system, Business World. The CFO informed the Leader of the Council, Lead Councillor for Resources and notified the auditors that the accounts have been delayed. The CFO has also published a statutory notice advising of the delay to the public inspection period on the Council's website. The public inspection period will commence as soon as practicable after the accounts have been published.

- 3.3 The HRA is an integral part of the Statement of Accounts.

## **4 Background**

- 4.1 The Local Government and Housing Act require the Council to keep a HRA that records all revenue expenditure and income relating to the provision of council residential dwellings and related services. The use of this account is heavily prescribed by statute and the Council is not allowed to fund any expenditure for non-housing related services from this account.
- 4.2 Since April 2012, the HRA has operated independently of the previous national income redistributive system. The Council made a one-off payment to the Government of £192.3 million as part of the settlement, this was funded through a portfolio of loans from the Public Works Loan Board.
- 4.3 The HRA Business Plan seeks to maximise the advantages of the new financial environment and the associated flexibility it offers.
- 4.4 The business plan objectives are set out below.
  - operate a sound, viable housing business in a professional and cost-effective manner
  - provide good quality homes in settled communities for as long as needed by tenants, consistent with our Tenancy Strategy
  - increase the supply of affordable homes, including by direct provision where it is appropriate and viable to do so
  - continue to strengthen communities by making our estates places people value and want to live
  - value and promote tenant involvement in decision making
  - widen the range of housing options open to tenants, ensuring they can make informed choices.

The 2020-21 budget reflected these objectives and priorities.

## **5 Summary**

- 5.1 The operating surplus for the HRA account in 2020-21 is approximately £10.65million. This is different to the £10.2million shown in Appendix 1 due to the reversal of statutory pension (IAS19) costs and capital items which are shown in the transfers to the pensions reserve and the capital adjustment account. The operating surplus is represented by the contributions to the Reserve for Future Capital and the New Build Reserve.
- 5.2 The table below shows the main variances between the budgeted and actual operating surplus for 2020-21 under the key headings.

	<b>£000</b>
<b>Budgeted HRA outturn (surplus) / deficit 2020-21</b> <i>Represented by the <u>budgeted</u> contribution to the Reserve for Future Capital and the New Build reserve [£2.500m + £8.43m]</i>	<b>(10,999)</b>
<b>Variance from budgeted position (major variances)</b>	
Employee related [incl. write out of added years and pension strain costs]	(419)
Investment Income and Interest charge payable	347

Capital adjustments (depreciation, revaluation, REFCUS)	80
Premises (Repairs & maintenance, utilities, cleaning etc)	295
Supplies and Services and other variances	110
Rental income	(68)
<b>Total</b>	<b>345</b>
<b>Operating (surplus)/deficit available to transfer to reserve in 2020-21</b>	<b>(10,654)</b>
<i>Represented by the proposed contribution to the Reserve for Future Capital and the New Build reserve (£2.500m + £8.153m)</i>	

- 5.4 Officers propose to transfer £2.5 million to the reserve for future capital, with the balance of £8.153 million transferred to the new build reserve.

## 6 Outturn position and major variances

### **Revenue**

- 6.1 Gross expenditure on services was 102.13% of the budgeted level, whilst income receivable totalled 99.91% of the budgeted level. The reasons for this are set out in paragraphs 6.4 to 6.10 below and summarised in **Appendix 1**.
- 6.2 The operating surplus for the HRA account in 2020-21 is approximately £10.65 million, which is significantly better than would have been the case under the previous redistributive regime. This surplus, however, makes no provision for the repayment of debt principal; in line with the approach set out in the HRA business plan approved by the Executive.
- 6.3 The HRA would still have an operating surplus if we had made provision to repay the debt over the 30-year plan period. To repay the debt over the 30-year plan period a sum in the region of £6.4 million would need to be set aside from the operating surplus each year, reducing the level of available capital to invest to a figure in the region of £3.8 million. This is an overly simplistic representation designed to highlight the underlying surplus. It ignores the impact of any premium and discounts arising on the early redemption of debt, and more significantly the impact inflation would have on the debt, which is fixed in cash terms and would erode in real terms as the result of inflation.
- 6.4 Rental income from dwellings was £32,295,620 (0.09%) below the estimate (Appendix 1). The service has seen rent loss due to voids but rent collection levels on occupied property remains good.
- 6.5 Employee related expenditure was £419,000 lower than estimated and includes the in-year benefit of writing out accrued added years and pension strain costs.
- 6.6 Each year the Ministry of Housing, Communities and Local Government (MHCLG) sets a formula rent for each Council to apply to its housing stock along with a guideline rent increase/decrease. When our rents are higher than the prescribed "limit rent" then rent rebate subsidy limitation (RRSL) applies. RRSL is a mechanism that ensures that councils do not simply increase rents above the guideline level in the knowledge that the cost of doing so would fall on the Department of Work and Pensions (DWP) in higher

housing benefit costs. The actual average rent for 2020-21 was below the prescribed limit rent; consequently, no RRSL charge has been applied to the HRA.

- 6.7 Expenditure on repairs & maintenance exceeded the budget by £295,000 or 4.89%. The budget provides for both planned and responsive repairs, so an element of demand driven cost is inherent in the expenditure. The service has seen expenditure on void properties increase in 2020-21. Void units typically incur additional repair and improvement expenditure in order to prepare them for reletting and these costs are often significant.
- 6.8 Total investment in the stock, including both revenue and capital funded maintenance and improvement works was £9.993 million.
- 6.9 Rent arrears remain at consistent levels, in contrast to the overall housing sector, which is experiencing an increase in the level of arrears. Although a number of welfare reform changes have now taken effect, migration delay in the roll out of universal credit has deferred any potential impact on arrears levels. As a result, a contribution of £66,700 has been made to the provision for bad debt in 2020-21. The budgeted contribution for 2020-21 was £300,000. This approach equates to a provision coverage ratio of 75%.
- 6.10 The table below sets out the outturn for the headline categories across the HRA.

<b>Account</b>	<b>Budget</b> £	<b>Draft Actual</b> £	<b>Variance</b> £
Employee related	3,113,920	3,167,840	53,920
Premises related	6,034,690	6,329,730	295,040
Supplies and services	1,199,820	1,275,934	76,114
Support services	1,392,960	1,417,581	24,621
Transport related	75,930	57,647	(18,283)
<b>Expenditure</b>	<b>11,817,320</b>	<b>12,248,732</b>	<b>431,412</b>
Income (including recharges)	(33,142,260)	(33,209,844)	(67,584)
<b>Net Expenditure/(Income)</b>	<b>(21,324,940)</b>	<b>(20,961,112)</b>	<b>363,828</b>

**Comparison to net cost of services in Appendix 1**

Depreciation	5,525,000	5,686,291	161,291
Recharge to general fund for Housing Advice service	256,800	284,690	27,890
IAS 19 pension adjustment	-		-
			-
Revaluation and other capital items	-	(143,347)	(143,347)
<b>Sub Total - Net Cost of Services</b>	<b>(15,543,140)</b>	<b>(15,133,479)</b>	<b>409,661</b>

**Comparison to budgeted reserve contribution variance**

Investment income	-598,260	-11,546	586,714
Interest payable	5,142,230	4,902,208	-240,022
Transfer from reserve: Revaluation	0	143,347	143,347
Transfer from reserve: REFCUS	0		0
Transfer from reserve: Pension contribution	0	-473,168.06	-473,168
Transfer from reserve: Intangible assets	0		0
Transfer from reserve: Income from sale of assets	0	-64,567	-64,567
Revenue funded from capital (REFCUS – specific item)	65,666	-16,050	-81,716
<b>Total Operating Surplus</b>	<b>(10,933,504)</b>	<b>(10,653,254)</b>	<b>280,250</b>

**Appendix 1** sets out the position across the main service areas in detail.

- 6.11 **Right to Buy (RTB) sales and one-for-one receipts:** Under the Government's one-for-one homes replacement scheme, the Council is able to retain an element of the RTB capital receipt to invest in the provision of new dwellings (the amount retained in 2020-21 is shown in the table in paragraph 6.16).
- 6.12 A maximum of 30% of the overall cost of new home provision could be funded from the one-for-one receipts reserve before March 2021 (40% from 1 April 2021). If the Council is unable to deliver new homes within the timeframe set by Government, the receipt must be returned with interest. As a result, the first source of funding for new homes provision will be the one-for-one receipt reserve, with the balance (70%) being funded from the new build reserve or the reserve for future capital.
- 6.13 9 properties were sold under RTB in 2020-21. In relation to the number of properties held by the HRA, this is not a material number. However, a continuation or acceleration in RTB sales, without the addition of new stock replacing RTB losses is cause for concern. Over a sustained period, net stock losses will increase the fixed overhead costs attributable to each unit of stock. This would reduce our ability to generate operating surpluses to support our development programme.
- 6.14 Councillors will be aware that the expenditure on the provision of new homes has been less than it should have been in the past and as such, we have had to previously repay the Government 141 RTB receipts. This money has been recycled by the Government to others who have been able to spend the capital money. A summary of RTB for 2020-21 is in the table below

	£
Receipts in year	1,749,729.58
Admin costs	-11,700.00
<b>Gross receipts</b>	<b>1,738,029.58</b>
Pooled in year	-689,475.52
<b>Net receipts before 141 repay</b>	<b>1,048,554.06</b>
141 repaid to Govt	0
Total retained in 2020-21	<b>1,048,554.06</b>

Based on us selling 20 properties each year and spending £18.2 million by March 2025 we will not start having to repay 141 receipts until 2028-29.

- 6.15 **Reserves:** The HRA holds a number of reserves each for a specific purpose. They allow the Council to fund peaks in future years projected expenditure and will be a key funding source for the Council's development programme.
- 6.16 The table below shows the balance on each reserve at the start of 2020-21, along with the expenditure financed in year and the proposed transfers arising from the appropriation of the revenue surplus in 2020-21.

	Balance 1 April 20	Transfer in 20-21	Used in 20-21	Balance 31 March 2021	Proposed tfr from revenue surplus 20-21	Closing balance 20-21
	£000	£000	£000	£000	£000	£000
Reserve for future capital	35,828	-	-	35,828	2,500	38,328
New build reserve	56,113	-	- 4,817	51,296		51,296
Major repairs reserve	9,852	5,686	- 3,661	11,877	-	11,877
<b>Total Earmarked Reserves</b>	<b>101,793</b>	<b>5,686</b>	<b>- 8,478</b>	<b>99,001</b>	<b>2,500</b>	<b>101,501</b>

	Balance 1 April 20	Transfer in 20-21	Used in 20-21	Balance 31 March 2021	Proposed tfr from revenue surplus 20-21	Closing balance 20-21
	£000	£000	£000	£000	£000	£000
Usable capital receipts (HRA debt)	4,216			4,216		4,216
Usable capital receipts (141 receipts)	6,004			6,004		6,004
Usable capital receipts (housing & regen) pre 2013-14	3,618	-	- 3,618	-	-	-
Usable capital receipts (housing & regen statutory) post 2013-14	-			-		-
<b>Total capital receipts reserves</b>	<b>13,838</b>	<b>-</b>	<b>- 3,618</b>	<b>10,220</b>	<b>-</b>	<b>10,220</b>
<b>Total of all Housing reserves</b>						

- 6.17 **Use of operating surplus:** An operating balance of £2.5 million will be retained. This is a prudent approach and provides a degree of in-year flexibility.
- 6.18 The Council has clearly stated its ambition to increase the number of affordable homes in the borough and work is underway to bring forward a number of development opportunities. A combination of useable one-for-one receipts, and capital receipts have been used to finance capital expenditure on the new build programme which in 2020-21.
- 6.19 With this in mind, officers are proposing that £8.153 million is transferred to the new build reserve.
- 6.20 It is critical that we properly maintain our asset base to secure future income streams. A depreciation charge based on the value of the housing assets employed is made in the HRA. The 2020-21 depreciation charge was £5.686 million and the cost of maintaining the stock £3.661 million. We would normally expect to fully utilise this depreciation charge in the year with an additional contribution from the reserve for future capital to

fund the difference, but in 2020-21, we used £2.025 million less than the calculated charge, leaving a balance of £11.877 million in the major repairs reserve, as shown in the table in paragraph 6.16. The major repairs reserve (MRR) is ring fenced for improvements to existing stock.

- 6.21 The outcome of recent stock condition surveys indicates, in the short term, the level of depreciation charge will significantly exceed the level of investment required in the existing stock. This will result in an increased balance on the MRR, which could be used to repay debt. Any recommendation to repay debt would be considered in the context of an updated HRA business plan, as well as by treasury management considerations at that time.
- 6.22 As a result of changes in the legislative and regulatory framework particularly in connection to the housing stock and the health and safety of residents the Council is reviewing the impact of these changes and it is expected that as a result of these there will need to change to the current programme of work to reflect these issues. These will however be reported through the normal budgetary reporting framework.

## **7 Financial implications**

- 7.1 The report covers the financial implications.

## **8 Legal implications**

- 8.1 The Accounts and Audit (England) Regulations 2015 state that the Council must prepare, in accordance with proper practices in relation to accounts, a statement of accounts for each year, which must include such of the following accounting statements as are relevant to the functions of the relevant body:
  - Housing Revenue Account
  - Collection Fund
  - any other statements relating to each and every other fund in relation to which the body is required by any statutory provision to keep a separate account
- 8.2 The proper practice referred to above is the Code of Practice on Local Authority Accounting in the United Kingdom: a Statement of Recommended Practice (the Code).
- 8.3 The Code is based on International Financial Reporting Standards (IFRSs) and has been developed by the CIPFA/Local Authority Scotland Accounts Advisory Committee (LASAAC) Code Board under the oversight of the Financial Reporting Advisory Board (FRAB). It constitutes a proper accounting practice under the terms of section 21(2) of the Local Government Act 2003.
- 8.4 The Chief Finance Officer will sign the Statement of Accounts on or before 31 August. Our external auditors, Grant Thornton will then audit the accounts before they are presented to the Corporate Governance and Standards Committee for consideration and approval on 23 September 2021. Specifically the role of the committee is to “review the annual statement of accounts with specific emphasis on whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statements or from the audit that need to be brought to the attention of the Council”.
- 8.5 The Accounts and Audit (England) Regulations 2015 require the Chief Financial Officer to re-certify the accounts before approval and for the person presiding at the meeting (i.e.

the chairman of Corporate Governance and Standards Committee) to sign and date them after approval. We must then publish the Statement of Accounts, together with any certificate, opinion or report issued by the external auditor.

## **9 Human Resource Implications**

- 9.1 There are no human resource implications.

## **10 Summary of Options**

- 10.1 As the treatment of the year-end balance has been decided under delegated authority, there are no options to consider.

## **11 Conclusion**

- 11.1 The HRA delivered an operating surplus of £10.6 million. No provision for the repayment of debt principal is included in this figure.
- 11.2 The HRA is better placed under the new financial regime than it was under the old national redistributive system.
- 11.3 The outturn is broadly in line with the assumptions set out in the approved 2015-45 HRA Business Plan. The HRA can support the initial development programme outlined in the development strategy and has the capacity to support material contributions to both the new build reserve and the reserve for future capital programmes.

## **12 Background Papers**
