Date: 24 March 2022

Financial Monitoring Report (April 2021- January 2022)

Executive Summary

The report summarises the projected outturn position for the Council's general fund revenue account, based on actual and accrued data for the period April 2021 to 31 January 2022.

Officers are projecting an underspend on the general fund revenue account of around £229,000. This figure includes the final element of the in-year savings plan to redeem our holding in the M&G Global Dividend Fund as investment income (£1.306 million). However, there is still expected to be shortfalls around expectations of budgeted income.

The direct expenditure incurred by the Council on COVID 19 in the current financial year stands at £334,454. The Council has received a non-specific Covid-19 grant of £622,690 to finance direct Covid-19 costs for 2021-22.

The indirect costs of Covid-19, particularly the loss of income is reflected in the services' forecasting. The Council has made a claim for some of the income loss for the months of April to June, under the Sales, Fees and Charges (SFC) compensation scheme totalling £1.45 million. This is currently included within the projection. Officers are currently projecting a loss of income for the full year of around £4.2 million. The Government does not have any plans to extend the scheme further.

The Council is currently forecasting to have £51.6 million in reserves at the end of the year of which £10.64 million is usable.

A surplus on the Housing Revenue Account will enable a projected transfer of £8.4 million to the new build reserve and meet the forecasted £2.5 million to the reserve for future capital at year-end.

Progress against significant capital projects on the approved programme as outlined in section 7 is underway. The Council expects to spend £59.74 million on its capital schemes by the end of the financial year.

The Council's underlying need to borrow to finance the capital programme is expected to be £28.98 million by 31 March 2022, against an estimated position of £94.59 million. The lower underlying need to borrow is a result of slippage on both the approved and provisional capital programme as detailed in paragraphs 7.3 to 7.6 of the report.

The Council held £212 million of investments and £332 million of external borrowing on 31 January, which includes £193 million of HRA loans. Officers confirm that the Council has complied with its Prudential indicators in the period, which were set in February 2021 as part of the Council's Capital and Investment Strategy.

Recommendation to Committee:

That the Committee notes the results of the Council's financial monitoring for the period April 2021 to 31 January 2022 and makes any comments it feels appropriate.

Reason for Recommendation:

To allow the Committee to undertake its role in relation to scrutinising the Council's finances.

Is the report (or part of it) exempt from publication? No

1. Purpose of Report

- 1.1 The terms of reference of this Committee include consideration of financial monitoring reports which, in effect, provide support to the overview and scrutiny function through ongoing scrutiny of financial matters.
- 1.2 This report covers the period April 2021 to 31 January 2022.

2. Strategic Priorities

- 2.1 Councillors have reviewed and adopted a corporate plan for the period 2021-2025. The plan includes significant projects and aspirations that will continue to challenge the Council moving forward. Monitoring of our financial position during the financial year is a crucial part managing the resources that will ultimately support the delivery of the corporate plan.

3 Background

- 3.1 The Council undertakes regular financial monitoring in the following ways:
 - a. Reporting to the Corporate Management Team (CMT) on a monthly basis, the General Fund and Housing Revenue Account position projected for the full year based on actual expenditure in the reporting periods.

- b. Reporting to the Corporate Governance and Scrutiny Committee, the General Fund and Housing Revenue Account position projected for the full year based on actual expenditure in the reporting periods on a bimonthly basis [periods 3, 4, 6, 8 and 10]. This report covers the period to 31 January 2022 [period 10].
 - c. Bi-monthly monitoring of the capital programme
 - d. monthly and quarterly monitoring of its treasury management activity
- 3.2 The CMT, Chief Finance Officer and deputy, and officer capital programme monitoring group review monitoring reports. Financial monitoring for all services is reported to this Committee on a regular basis.
- 3.3 This report sets out the financial monitoring and covers:
- (a) general fund revenue monitoring (section 4)
 - (b) housing revenue account monitoring (section 5)
 - (c) treasury management (section 6)
 - (d) capital programmes (section 7)

4 General Fund Revenue Account monitoring

- 4.1 The total underspend on the general fund is projected to be around £229,000. This is broken down into a variance on directorates (services), interest and MRP. Officers are projecting an increase in net expenditure on directorates (services), net of reserve transfers of £2.4million.
- 4.2 **Appendix 1** shows the summary monitoring report for the general fund revenue account which is further summarised in the table below. Officers have prepared the projected outturn on ten months' actual and accrued data.

Directorate	Revised Budget, £	Projected Outturn, £	Variance, £
Resources	6,644,127	6,635,572	(8,555)
Services	15,542,230	19,286,930	3,744,700
Strategy	1,483,321	(534,580)	(2,017,901)
Depreciation	(8,791,000)	(8,213,830)	577,170
Total Directorate variance	14,878,678	17,174,092	2,295,414
Reserve transfers (incl. RCCO)	(20,529,144)	(20,417,709)	111,435
Directorate variance (excl. reserve transfers)	(5,650,466)	(3,243,617)	2,406,849
Interest (incl. HRA)	(201,026)	(2,658,441)	(2,457,415)
MRP	1,534,915	1,356,818	(178,097)
Business rates, grants, parish precepts and council tax	17,629,403	17,629,403	0
Total General Fund	13,312,826	13,084,163	(228,663)

- 4.3 Net external interest receivable is currently estimated to be £2.4million more than budgeted. This is due, in the main, to crystallising the final element of the in-year savings plan. As agreed by Executive in November 2021, officers have traded in

the M&G Global dividend fund to realise capital growth of £1.3 million as investment income this year. The original £2 million investment will be re-invested into a similar fund which yields a similar income return. Our treasury advisers have suggested a replacement fund. The remainder of the increase in interest is due to lower interest payable of £300,000 as a result of not taking out planned external loans to finance capital expenditure, and additional investment income of £390,000 from North Downs Housing Ltd. The interest amount given to the HRA on its investment balances is in line with 2020-21 interest rates and has reduced by £461,700.

- 4.4 The Minimum Revenue Provision (MRP) based on the Capital Financing Requirement (CFR) on 31 March 2021 for the purposes of this report is shown as £1.356 million. This is £178,097 lower than originally estimated. The reduction is due to slippage in the capital programme experienced during 2020-21.
- 4.5 **Appendix 2** provides detailed information on variances at service level, the main variances which contribute towards the position on directorates (that are not offset by transfers from reserves) are:

Service Area	Reason	Amount Over / (Under) spent £000
ICT	lower than predicted expenditure forecasts.	(286.9)
Finance	Additional temporary staff were employed to assist the 2020-21 closure of accounts and support the transfer of data as a result of the ICT refresh programme	360.3
Countryside and Parks	income shortfall and asset budgets which will be moved at the year end, along with additional supplies and services due to skate park improvements.	603.6
Case Services	Underspends within salary costs	(226.9)
Crematorium	some budgets such as depreciation looking to be over budget are being investigated.	419.7
Planning and Development control	additional expenditure on agency staff and consultants to support major planning applications (partially offset by income from planning performance agreements) and loss of income due to suspending the pre-application advice service to deal with an increase in planning application volumes	840.5
Environmental Health	Team assimilation and income ahead of projections.	(704.5)

Service Area	Reason	Amount Over / (Under) spent £000
Family & refugee programme	Increased grant income	(394.8)
Leisure Management contract	loss of income from the contract because of Covid-19 and a lower management fee income on extension of the contract	742.8
Guildford House	Additional building work and specialist consultancy costs	468.7
Homelessness Support	Increased grant income	(217.6)
On & Off Parking	loss of parking fee income projected due to Covid-19 and an expectation that income levels will not fully recover to pre-covid levels this financial year	3,500.3
Industrial Estates	Review of rental income being more positive than previous forecasts.	(520.6)
Corporate Property management	underspend reflecting the £300,000 identified in the officer action plan at P6 to bring down the corporate overspend	(1,100.6)
Planning Policy	Projections on expenditure below budget.	(216.5)
Miscellaneous income	Additional £1.45m income from SFC grant and central income contingency budget which partially offsets the income losses in each service area above.	(231.7)
TOTAL Directorate variance explained		£3.0million
Other directorate level movements		(£0.6million)
TOTAL directorate variance excl. reserve transfers (as per paragraph 4.2)		£2.4million

- 4.6 As stated in paragraph 4.1, Officers are reporting an underspend position at the end of January 2022 of around £0.229 million, this is a £11,000 increase in the underspend of £0.217 million reported to the Committee in January 2022 (for period 8).
- 4.7 The majority of Covid-19 grants now have specific projects and conditions attached to them. The non-specific grant income we received from Government of £622,690 is to cover expenditure not specifically covered by other grants.

- 4.8 The direct costs associated with the Covid-19 pandemic in the current financial year are £334,455 and are included in the forecast for the Resources Directorate. The breakdown of the direct costs to date are shown in the table below.

Description	Actual £
Additional staffing costs	39,695
Equipment & Materials	3,028
Agile working expenditure	5,202
Security costs	19,387
Leisure costs	267,142
Gross Expenditure	334,455

- 4.9 The tables below show the supplementary estimates and virements approved to date.

Supplementary Estimates 2021-22

Service/Description	Approval Date	Committee	Value £
Nil			
TOTAL			NIL

Virement Record 2021-22

Service/Description	Nature of Virement	Approved by	Date of Approval	Value £
Homicide review	Revenue	CFO	23-04-2021	12,000
Stoney Castle	Revenue	MD	21-06-2021	180,000
TOTAL				192,000

Use of Reserves

- 4.10 The revised budget for 2021-22 anticipates that £21.066 million would be transferred from earmarked reserves during the year and a contribution of £537,000 be made to the capital programme. It is currently projected that £22.4 million will be transferred from reserves and a £1.98 million contribution will be made to the capital programme. Major movements anticipated at this point in the year are explained in the table below.

Reserve	Variance (£000)	Explanation
On Street Parking Reserve	260	Surplus income not expected
Car Park Maintenance	(1,217)	Revenue contributions to capital spending.
IT Renewals	(831)	Contribution towards IT expenditure to be transferred to capital programme

Reserve	Variance (£'000)	Explanation
New Homes Bonus	(207)	Ripley Village Hall offset by less expenditure expected on the Town Centre masterplan.
Spectrum Reserve	(436)	Capital financing costs
Other Reserves	1,105	To finance SPA site maintenance
Net movement	(1,326)	Movement from reserve

- 4.11 The forecast level of reserves as at 31 March 2022 is shown below. The forecast assumes that the underspend currently projected would be added to the General Fund Reserve; however, a decision as to the treatment of the underspend will be made by the Chief Finance Officer in consultation with the Lead Councillor for Resources as part of the year end closedown process.

Forecast Level of Reserves 31 March 2022	Balance 31.3.21, £'000	Net Movement 2021-22, £'000	Expected Balance 31.3.22, £'000	Usable amount, £'000
Business Rates equalisation	24,040	(16,181)	7,859	4,359
Car Parks Maintenance	3,566	(1,154)	2,412	0
Interest Rate Movements	1,197	0	1,197	0
New Homes Bonus	747	(505)	242	242
Insurance	976	0	976	0
IT Renewals	544	(288)	256	0
Invest to Save	2,420	(2,328)	92	92
Spectrum	2,012	(243)	1,768	0
COVID grants	11,582	0	11,582	0
SPA Reserves	10,194	1,314	11,508	0
Other reserves	8,292	180	8,472	709
TOTAL Earmarked Reserves	65,569	(19,206)	46,364	5,402
General Fund Reserves	3,748	229	3,977	3,977
TOTAL GENERAL FUND RESERVES	69,317	(18,977)	50,340	9,378

4.12 As part of the budget report to Council in February 2021, the Chief Finance Officer advised that based on a risk analysis of the Council's budget, the Council should seek to hold a minimum level of reserves of £12 million. The Council is forecast to have £50.3 million in total reserves for the general fund at the end of this financial year. However, £11.5 million of those reserves relate to SPA sites where the Council needs to hold the reserve 'in perpetuity' to fund site maintenance and £28.5 million of reserves are held to offset future expenditure which we are committed to under various contracts, legislation or grant determinations meaning that those reserves would need to be replaced to meet the commitments if they were used. This leaves a balance of usable reserves of £9.4 million.

5 Housing Revenue Account

HRA Budget	2021-22 Estimate, £	2021-22 Projection, £	Variance, £
Income	(33,732,537)	(33,718,202)	14,335
Expenditure on Housing Services	17,710,972	17,691,413	(19,559)
HRA Share of CDC	256,800	256,800	0
Net Interest	5,142,230	5,142,230	0
Net reserves transfer	11,220,795	11,226,019	5224
Net HRA Budget	598,260	598,260	0

5.1 Appendix 3 shows the budget monitoring report for the Housing Revenue Account (HRA) for the period to 31 January 2022. The report shows that HRA gross service expenditure, projected outturn is 99% of the budgeted level arising from a likely underspend in repairs due to access restrictions because of Covid 19, whilst income is projected to be 99% of the budgeted level, with a likelihood of increased bad debt provision. The projected outturn would enable a transfer of around £8.4 million to the new build reserve and £2.5 million to the reserve for future capital expenditure.

- The rental income estimates for 2021-22 included a revised prudent allowance for Right to Buy (RTB) sales and the re-commissioning of new units. Rental income from dwellings is currently projected to be £30.5 million.
- Emphasis continues to be on planned rather than responsive maintenance, supported by the benefits accruing from past levels of expenditure on planned capital and revenue maintenance works. Looking at last year's out-turn we are forecasting a modest increase in budget but slightly below last year's expenditure on repairs.
- The tenant services underspend is due to the economic impact of Covid-19.
- Apart from receipts from RTB sales, the estimates for the year do not provide for any repayment of HRA debt principal or for setting aside any amounts towards the repayment of debt. This is consistent with the HRA Business

Plan, which prioritised the provision of additional housing. This approach will be subject to regular review and an updated business plan will be submitted reflecting constraints placed on the HRA by the prevailing legislation.

- 5.2 Tenancy arrears remain stable and are consistent with the assumptions contained in the business plan. Particular attention is paid to introductory tenancies (tenants of less than 12 months), as they often have no previous experience of managing a household budget or of renting a property.

6 Treasury Management

- 6.1 The Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice on Treasury Management ("the Code") recommends that Councillors are informed of treasury management activities at least twice a year. This report therefore ensures the Council is embracing best practice in accordance with CIPFA's recommendations by reporting quarterly to Councillors.

Debt management

- 6.2 We have a substantial long-term PWLB debt portfolio for the HRA totalling £193 million. Currently, the general fund is only borrowing short-term for cash flow purposes. There is no cost of carry on our short-term borrowing. The Council held £139 million short term loans and making total borrowing at 31 January 2022 £332 million. **Appendix 13** shows the schedule of loans.

Aged debt analysis

- 6.3 Total Sundry invoice Debt

Period	not yet due	< 30 days from due date	between 31 and 60 days	between 61 and 90 days	> 3 months from due date	Debt outstanding
2021-22 P10	£751,438.01	£339,012.97	£237,347.01	£517,492.79	£5,472,161.59	£7,317,452.37

The outstanding debt remains abnormally high as we continue to see the effects of our decision to stop actively chasing debt through the national lockdown and implementation of our new financial system where we are now only just benefitting from its full package of debt collection tools.

Of the total £7.3m outstanding debt £2.43m (33%) of it is currently set up to be paid under a payment plan agreed with the customer and service. When breaking down the debt by service, the top 5 services account for 78.4% of the total outstanding debt:

	Service	Total Amount	Amount with Payment plan
1	Asset Management	£2,527,729.28	£1,442,221.24

	Service	Total Amount	Amount with Payment plan
2	Housing Benefit	£1,861,486.31	£839,831.07
3	Financial Services	£644,574.87	£90,852.83
4	Parking	£399,562.19	£0.00
5	Crematorium	£301,719.11	£0.00
Top 5 Total		£5,735,071.76	£2,372,905.14

Investment activity

- 6.4 During the period, we have continued with the diversification of our in-house investment portfolio into secure instruments such as bonds and secure bank deposits (not subject to bail-in) in line with our Treasury Management Strategy. The Council held £20 million of strategic investments and £192 million of in-house investments as at 31 January 2022. **Appendix 14** shows the schedule of investments.

Prudential Indicators

- 6.5 Officers confirm that the Council has complied with its Prudential indicators in the period, which were set in February 2021 as part of the Council's Treasury Management Strategy Statement.
- 6.6 *Authorised limit and Operational Boundary for External Debt*
The Local Government Act 2003 requires the Council to set an Affordable Borrowing Limit, irrespective of their indebted status. This is a statutory limit, which we should not breach.
- 6.7 The Council's authorised borrowing limit was set at £531 million for 2021-22.
- 6.8 The Operational Boundary is based on the same estimates as the Authorised Limit but reflects the most likely, prudent but not worst-case scenario without the additional headroom included in the Authorised Limit.
- 6.9 The operational boundary was set at £477 million for 2021-22.
- 6.10 The Chief Finance Officer confirms that there have been no breaches to the authorised limit and operational boundary during the year.

7 Capital Programmes

- 7.1 **Appendices 4 to 9** of this report set out the following for each scheme on the Council's capital programme
- the gross estimate for the scheme approved by the Executive
 - the cumulative expenditure to 31 March 2022 for each scheme

- the estimate for 2021-22 as approved by Council in February 2021
 - the 2021-22 revised estimate which considers the approved estimate, any project under spends up to 31 March 2021, and any virement or supplementary estimates
 - 2021-22 current expenditure
 - 2021-22 projected expenditure estimated by the project officer
- 7.2 The table below summarises the current position on the various strands of the Council's capital programme. A detailed explanation is provided in paragraphs 7.3 to 7.11 below.

CAPITAL EXPENDITURE SUMMARY	2021-22 Approved £000	2021-22 Revised £000	2021-22 Outturn £000	2021-22 Variance £000
General Fund Capital Expenditure				
- Main Programme	92,790	88,176	46,563	(41,613)
- Provisional schemes	53,533	53,681	(0)	(53,681)
- Schemes funded by reserves	1,975	4,008	2,348	(1,660)
- S106 Projects	0	252	88	(165)
Total Expenditure	148,298	146,117	48,998	(97,119)
Housing Revenue Account Capital Expenditure				
Approved programme	27,046	33,994	16,247	(17,748)
Provisional programme	25,059	25,309	0	(25,309)
Total Expenditure	52,105	59,303	16,247	(43,057)

Approved (main) programme (Appendix 4)

- 7.3 Expenditure is expected to be £46.56 million representing a £41.61 million variance to the revised estimate of £88.18 million. If a project is on the approved programme, it is an indicator that the project has started or is near to start following the approval of a final business case by Executive. Whilst actual expenditure for the period of £30 million may seem low, several significant projects are in progress and delivery of the corporate projects and programmes is progressing. These include:
- OP6 – Vehicles, Plant & Equipment Replacement (£1.4 million) – to include the replacement of minibuses and sweepers.
 - P5 – Walnut Bridge replacement (£1.65 million) – works are progressing and the timeframe for completion by 31 March 2022. This project is part grant funded from the Enterprise M3 Local Enterprise Partnership (LEP). As part of the grant funding agreement there are specific milestones that must be met in the delivery of the project and any slippage in delivery of the programme to the milestones may result in the loss of grant funding. The Major Projects Portfolio Board is monitoring the progress of this project and at the moment the project is on track to deliver by the completion date.
 - P21 – Ash Road Bridge (£8.19 million) – work is progressing on this scheme. This project is part grant funded from Homes England Housing

Infrastructure Fund (HIF). As part of the grant funding agreement there are specific milestones that have to be met in the delivery of the project and any slippage in delivery of the programme to the milestones may result in the loss of grant funding. Officers complete regular monitoring reports to Homes England (HE) and the Major Projects Portfolio Board. The project status is currently rated as Amber-Green on the MPPB monitoring report due to delays being caused by network rail.

- ED6 – WUV (£17.46 million) and (New GBC Depot (£2.4 million) - work is progressing on the detailed design, pre-planning and site investigation work for this scheme to inform the final business case. Funds have now been moved from the provisional to the approved programme and reprofiled as detailed in the September 2021 Executive report. This project is also part grant funded from Homes England Housing Infrastructure Fund (HIF). As part of the grant funding agreement there are specific milestones that have to be met in the delivery of the project and any slippage in delivery of the programme to the milestones may result in the loss of grant funding. Officers complete regular monitoring reports to Homes England, the WUV programme Board and the Major Projects Portfolio Board on the progress of the project. The project status is currently rated Amber-Red on the MPPB monitoring report due to planning delays with the TW sewage treatment plant and the allotments site. Depending on the outcome of the planning process, milestone dates may need to be re-negotiated with Homes England.
 - North Downs Housing (£2.97 million) and Guildford Borough Council Holdings Ltd (£1.98 million) – target to purchase further properties this financial year.
 - ED49 – Midleton Industrial Estate redevelopment (£4 million) – Phase 4 due to go out to tender, report to be prepared to move remaining budget from provisional programme.
 - P16 – A331 Hotspots (£1.49 million) – scheme is being delivered by SCC and amounts will be payable upon request from SCC. This project is part grant funded from the Enterprise M3 Local Enterprise Partnership (LEP). As part of the grant funding agreement there are specific milestones that have to be met in the delivery of the project and any slippage in delivery of the programme to the milestones may result in the loss of grant funding. The project is monitored through the MPPB and is currently showing a status of green as the scheme is very near to completion.
 - P22 – Guildford Economic Regeneration Programme - (£1.1 million).
- 7.4 In addition to the schemes outlined above, the re-profiling of the following significant amounts that were due to be spent on schemes or projects in 2021-22 will now be carried forward into 2022-23 or future years:
- Sustainable Movement Corridor (£2.5 million) – Currently estimated spend in 2021-22 is £300,000, this scheme is currently being reprofiled, this project is part grant funded from the Enterprise M3 Local Enterprise Partnership (LEP). As part of the grant funding agreement there are specific milestones that have to be met in the delivery of the project and any slippage in delivery of the programme to the milestones may result in

- the loss of grant funding. Phases 1 and 2a of the project are complete and have been delivered to timescale. Phase 2b is on track however Phase 3 has unfortunately been put on hold due to lack of agreement with the landowners and as a result it is highly likely the Council will have to repay some grant monies to the LEP.
- P12 – Strategic Property Acquisitions (£25.2 million). The majority of this budget (24.99million) has been moved into later years due to a lack of investment opportunity in the market and the government tightening rules around property acquisition for commercial purposes.
 - North Downs Housing (£1.073 million) and Guildford Holding Ltd (£710,000) – reprofiled to 22-23. Original budget for 2021-22 was NDH £4.038 million and GHL £2.687 million but due to slowdown in property purchases spend has been reduced and remaining budget reprofiled to 2022-23.
 - FS1 – Capital Contingency Fund – (£4.955 million)
 - P21 – Ash Road Bridge (£2.8 million) – work is progressing on this scheme, current estimated spend in 2021-22 is £8.18 million from original budget of £10.5 million due to a revision of project milestones with Homes England for 2021-22. The latest monitoring report for the project shows its status to be Amber-green as described above.

Provisional programme (Appendix 5)

- 7.5 Expenditure on the provisional programme is expected to be £0 million, against the revised estimate of £53.68 million, representing a variance of £53.68 million. These projects are still at feasibility stage and will be subject to Executive approval of a business case before they are transferred to the approved capital programme. It is only once the business case is approved that the capital works can begin. Monitoring the progress of these projects is key to identifying project timescales.

The re-profiling of schemes has resulted in a lower level of expenditure than planned in 2021-22.

- 7.6 A number of projects, that were also anticipated to start in 2021-22 have been re-profiled into future years including:

- PL21(p) - Ash Road Footbridge (£4.5 million)
- P12(p) – Strategic Property Acquisitions (£28.3 million)
- North Street/ Bus Station relocation (£1 million)
- North Downs Housing (£5.5 million)
- Guildford Borough Council Holdings Ltd (£3.7 million)
- Guildford West (PB) Station (£1 million)
- Midleton Industrial Estate Redevelopment (£5.6 million)

S106 (Appendix 6)

- 7.7 Capital schemes funded from s106 developer contributions are expected to total £88,000. Developer contributions are time limited and if they are not used within the timescales to fund a capital project then they will need to be repaid to the

developer. As a result, it is important that the Council closely monitors the S106 funds it has and puts plans in place to spend the contributions within the required timescales.

Reserves (Appendix 7)

- 7.8 Some capital schemes are funded from the Council's specific reserves. The outturn is anticipated to be £2.35 million. The main projects are:
- expenditure on car parks £875,000. Original spend estimate was £2.016m but number of scheme have been reprofiled into future years.
 - ICT renewals and infrastructure improvements £831,000

Capital resources (Appendix 8)

- 7.9 When the Council approved the budget in February 2021, the estimated underlying need to borrow for 2021-22 was £94.6 million. The current estimated underlying need to borrow is £28.98 million. The reduction is due to slippage in the programme where schemes have been re-profiled into future years.

Housing Investment Programme Approval Capital (Appendix 9)

- 7.10 The HRA approved capital programme is expected to outturn at £16.2 million against a revised estimate of £33.9 million. Several projects are in progress. These include:
- Guildford Park – (£784,000) this scheme is awaiting decision regarding progression of works and submission of a new planning application for approval. The complete budget for this scheme has been moved to the HRA capital programme, a significant amount of the cost of this project is still on the provisional capital programme awaiting final business case approval. (£3 million has been reprofiled to future year). The status of the project is currently Amber on the MPPB monitoring report due to budget risks.
 - Various small site projects – (£241,000) there is slippage on these projects. (£5.4 million has been reprofiled to future years)
 - Acquisitions of Land and Buildings – (£5.6 million) spend is dependent on availability of sites, we are currently actively purchasing suitable properties to mitigate slippage on building projects.
 - Major Repairs & Improvements – (£9 million) outturn is expected to be on budget as works delayed due to COVID can now be progressed.

The Guildford Park, Bright Hill and various small site new build projects and acquisition of land and buildings into the HRA is partially funded by receipts generated through Right to Buy (RTB) Sales of Council Houses. With the recent changes on Right to Buy Pooling the council now has 5 years in which it can spend RTB receipts and can fund 40% of the cost of replacement housing from the RTB receipts. Should the Council not spend enough money on its Housing Investment Programme in order to utilise its RTB receipts within the timescales

then they will need to be repaid to government with interest at base rate plus 4%. The RTB schedule below details:

- the amount of expenditure required to avoid repayment, based on actual spend to date and assumption of 20 RTB sales per year, and
- A forecast of expenditure to be incurred as detailed on the approved housing capital programme.

Based on this scenario there is no current risk of repayment, however, should the capital programme be subject to delay and slippage this risk will increase. It is noted that the status of two of the bigger projects, Guildford Park and Bright Hill are currently amber and amber-red on the MPPB monitoring report (Appendix 12).

Reconciliation of Spend to RTB	2021-22 £000	2022-23 £000	2023-24 £000	2024-25 £000	2025-26 £000	2026-27 £000
Value of receipts that will need surrendering if no further spend			0	1,463	708	3,539
HIP Expenditure required to avoid RTB repayments	0	0	0	3,656	1,771	8,848
Forecast HIP Expenditure from the Approved Capital programme	1,476	15,648	12,107	400	400	0
Cumulative Expenditure forecast	7,148	22,797	34,904	35,304	35,704	35,704
Forecast additional receipts that will be used (c x 40%)	591	6,259	4,843	160	160	0
Cumulative additional receipts that will be used ((cumulative e) + a)	591	6,850	11,693	10,390	9,842	6,303
Revised value of receipts that might need to be surrendered			0	0	0	0

Housing Investment Programme Provisional Capital (Appendix 10)

7.11 The provisional programme revised estimate is £34.4 million with no expenditure anticipated this financial year to date. The reprofiling of schemes will result in a lower level of expenditure in 2021-22.

- Guildford Park – (£19.1 million) - this scheme is awaiting decision regarding progression of works and submission of a new planning application for approval. (£14.5m has been reprofiled to future years)
- Bright Hill & Redevelopment Bids – (£16.2 million) - reprofiled to future years. Project is currently rated Amber-Red on the MPPB monitoring report.

The projects above are partially funded by RTB receipts, there is a significant risk that repayment of RTB receipts will be necessary in future years if project delivery falls significantly behind schedule.

Housing Revenue Account Resources (Appendix 11)

7.12 Appendix 11 shows how the HRA capital programme is financed and the projected balances on reserves at the end of the financial year.

Summary of Housing Revenue Account Capital Expenditure and Financing (Appendix 12)

- 7.13 The summary shows the overall expenditure and financing of the Housing Investment Programme and the Overall HRA Capital programme for the current financial year and how the projected expenditure on the Housing Investment Programme relates to what is required to be spent as per the RTB model to avoid repayment of RTB receipts.

8 Consultations

- 8.1 The finance specialists prepare the budget monitoring in consultation with the relevant service managers.

9 Equality and Diversity Implications

- 9.1 There are no direct equality and diversity implications as a result of this report. Each service manager will consider these issues when providing their services and monitoring their budgets.

10 Financial Implications

- 10.1 The financial implications are contained throughout the report.

11 Legal Implications

- 11.1 The Local Government Act 1972, Section 151 states that each local authority has a statutory duty to make arrangements for the proper administration of their financial affairs. In addition, the Accounts and Audit Regulations 2015 impose an explicit duty on the Council to ensure that financial management is adequate and effective and that they have a sound system of internal control, including arrangements for the management of risk.

- 11.2 Proper administration is not statutorily defined; however, there is guidance, issued by the Chartered Institute of Public Finance and Accountancy (CIPFA) on the responsibilities of the Chief Finance Officer (CFO). This states that local authorities have a corporate responsibility to operate within available resources and the CFO should support the effective governance of the authority through development of corporate governance arrangements, risk management and reporting framework. Regular monitoring of the Council's actual expenditure to budget and forecasting of the expenditure for the full year is part of the proper administration and governance of the Council.

- 11.3 There are no further direct legal implications because of this report.

12 Human Resource Implications

- 12.1 There are no human resource implications arising from this report.

13 Summary of Options

- 13.1 This report outlines the anticipated outturn position for the 2021-22 financial year based on three months actual data. There are no specific recommendations and therefore no options to consider.

14 Conclusions

- 14.1 The report summarises the financial monitoring position for the period April 2021 to 31 January 2022 for the 2021-22 financial year.
- 14.2 Officers are currently projecting a decrease in expenditure of £1,488,967 on the general fund revenue account. However, with the introduction of the Government's Plan B this is likely to worsen during the coming months particularly around expectations for the collection of income.
- 14.3 The Chief Finance Officer in consultation with the Lead Councillor for Resources will determine the treatment of any overspend as part of closing the 2021-22 accounts.
- 14.4 The surplus on the Housing Revenue Account will enable a transfer of £8.4 million to the new build reserve and £2.5 million to the reserve for future capital at year-end.
- 14.5 Actual expenditure incurred on our general fund capital programme for the period has been comparatively low against the programme envisaged at the 1 April 2021. Officers are making progress against significant capital projects on the approved programme as outlined in section 7. The Council expects to spend £49 million on its capital schemes by the end of the financial year.
- 14.6 It is anticipated that the Council's underlying need to borrow to finance the capital programme will be £28.98 million by 31 March 2022. The Council has complied with Prudential Indicators during the period.
- 14.7 At the end of January 2022, the Council had £212 million of investment balances, and £332 million borrowing.

15 Background Papers
