Review of Numerical Allocation of Seats on Committees to Political Groups: 2022-23

Executive Summary

At its meeting on 26 July 2022, the Council agreed a numerical allocation of seats on committees to the political groups on the Council for the remainder of the 2022-23 municipal year (see **Appendix 1**). Since then, councillors will be aware that on 27 September 2022, the proper officer (Democratic Services and Elections Manager) received notice in writing from Councillor Diana Jones that, with immediate effect, she no longer wished to be treated as a member of the Residents for Guildford and Villages group and wished to be regarded as a member of the Green Party.

Therefore, the political balance on the Council is now:

Guildford Liberal Democrats: 16
Residents for Guildford and Villages: 15
Conservatives: 8
Guildford Greenbelt Group: 4
Labour: 2
Green: 1
Independent: 1
Vacancy: 1

Under Council Procedure Rule 23, whenever there is a change in the political constitution of the Council, the Council must, as soon as reasonably practicable, review the allocation of seats on committees to political groups.

Prior to 27 September, Councillor Jones occupied one seat allocated to the Residents for Guildford and Villages Group on the Strategy & Resources EAB.

This report sets out, in **Appendix 2**, the notional calculation of the numerical allocation of seats on committees based on the percentage of seats to which each political group, and to the single Green Party member and independent member, would be entitled when applying the normal rounding up/down rules.

The notional calculation invariably requires refinement in terms of adjustments to

meet the required number of members on committees etc. To that end, **Appendix 3** sets out a proposed calculation of numerical allocation of seats on committees to political groups and to the single Green Party member and independent member, for approval by the Council. Following approval, the relevant political groups will be invited to appoint councillors to any vacant seats, or make any other adjustments, as appropriate.

Recommendation to Council:

The Council is invited to approve a revised calculation of the numerical allocation of seats on committees to each political group on the Council, and to the single Green Party member and independent member independent member, pending a further review at the 6 December Council meeting following the outcome of the Tillingbourne ward by-election.

Reason for Recommendation:

To enable the Council to comply with Council Procedure Rule 23 in respect of the appointment of committees and with its obligations under the Local Government and Housing Act 1989 in respect of the political proportionality on its committees.

1. Purpose of report

- 1.1 The Council is asked to review the numerical allocation of seats on committees to political groups in the light of the resignation, on 27 September 2022, of Councillor Diana Jones as a member of the Residents for Guildford and Villages group and her wish to be regarded as a Green Party member.

2. Background

- 2.1 Under Council Procedure Rule 23, the Council is required to review the allocation of seats on committees to political groups at its annual Selection meeting and as soon as reasonably practicable following any change in the political constitution of the Council or as otherwise required by statute. Wherever such a review is required, the Democratic Services and Elections Manager will submit a report to the Council showing what allocation of seats would best meet, as far as reasonably practicable, the requirements for political balance.

3. Main Considerations

Requirement for political balance and numerical allocation of seats on committees

- 3.1 Section 15 of the Local Government and Housing Act 1989 sets out how committees must be constituted when the Council is divided into one or more political groups. The Council must give effect, *as far as reasonably practicable*, to the following four principles in constituting its committees or sub-committees:
 - (a) that not all of the seats on any committee are allocated to the same political group;

- (b) that if a political group has a majority on the Council, it must have a majority of seats on all committees;
- (c) that, subject to (a) and (b) above, the number of seats allocated to a political group across all the committees must reflect their proportion of the authority's membership; and
- (d) that, subject to (a) to (c) above, the number of seats allocated to a political group on each committee is as far as possible in proportion to the group's membership of the authority.

3.2 The Local Government (Committees and Political Groups) Regulations 1990 (as amended) make provision for securing the political balance on councils and their committees and for determining the voting rights of members of certain committees.

3.3 Details of the current numerical allocation of seats on the committees to the political groups, which were approved by the Council at its meeting on 26 July 2022, are shown in **Appendix 1** to this report.

3.4 In light of Councillor Jones's resignation from the Residents for Guildford and Villages group and her wish to be regarded as a Green Party member, the political complexion of the Council is now as follows:

Guildford Liberal Democrats:	16
Residents for Guildford and Villages:	15
Conservatives:	8
Guildford Greenbelt Group:	4
Labour:	2
Green:	1
Independent:	1
Vacancy:	1

3.5 The first stage of the review is to make a *notional* calculation of the numerical allocation of seats based on the percentage of seats to which each political group would be entitled when applying the normal rounding up/down rules. This notional calculation is set out in **Appendix 2**.

3.6 The **notional calculation** shows that the following adjustments are necessary:

- To increase the allocation of seats on the Corporate Governance and Standards Committee by one
- To increase the allocation of seats on the Guildford Joint Committee by one
- To reduce the allocation of seats to the Conservative group by two as that group is only entitled to sixteen seats overall
- To increase the allocation of seats to the Guildford Liberal Democrat group by one as that group is entitled to thirty-two seats overall
- To reduce the allocation of seats to the Residents for Guildford and Villages group by one as that group is now entitled to thirty seats overall
- To reduce the allocation of seats to the Labour group by one as that group is only entitled to four seats overall
- To make provision for the allocation of two seats to the Green Party member
- To make provision for the allocation of two seats to the independent member

3.7 Taking all this into account, the second stage of the review is to agree a numerical allocation of seats to political groups on committees that meets, as far as reasonably practicable, the requirements for political balance. Options for addressing the adjustments referred to in paragraph 3.6 above are set out in the table below:

	Adjustment to notional allocation	Options
1	To increase the allocation of seats on the Corporate Governance and Standards Committee by one.	To allocate the 7 th seat on the Committee to the Labour group. This would reflect the current allocation on this Committee.
2	To increase the allocation of seats on the Guildford Joint Committee by one.	To allocate the 10 th seat on the Guildford Joint Committee to the independent member. This would reflect the current allocation on this Committee.
3	To reduce the allocation of seats to the Conservative group by two as that group is entitled to sixteen seats overall (NB. Under the notional calculation, the Conservative group is entitled to a total of 16.17 seats)	To reduce the number of seats allocated to the Conservative group on the Licensing Committee by one. This would reflect the current allocation on this Committee. This would leave the total number of seats allocated to the Conservative group at 17, one more than they are notionally entitled.
4	To increase the allocation of seats to the Guildford Liberal Democrat group by one as that group is entitled to thirty-two seats overall (NB. Under the notional calculation, the Liberal Democrat group is entitled to a total of 32.34 seats)	To allocate an additional seat on the Licensing Committee to the Guildford Liberal Democrat group, bringing their total allocation up to 32. This would reflect the current allocation on this Committee.
5	To reduce the allocation of seats to the Residents for Guildford and Villages group by one as that group is entitled to thirty seats overall (NB. Under the notional calculation, the Residents for Guildford and Villages group is entitled to a total of 30.31 seats)	To reduce the number of seats allocated to the Residents for Guildford and Villages group on the Strategy & Resources EAB by one.

	Adjustment to notional allocation	Options
6	To reduce the allocation of seats to the Labour group by one as that group is only entitled to four seats overall	To allocate one seat to the Labour group on each of the following committees: <ul style="list-style-type: none"> • Corporate Governance & Standards • Strategy & Resources EAB • Overview & Scrutiny • Planning <p>This would reflect their current allocation.</p>
7	To make provision for the allocation of two seats to the independent member	To allocate the 10 th seat on the Guildford Joint Committee and a seat on the Licensing Committee to the independent member. <p>This would reflect the current allocation of seats to the independent member.</p>
8	To make provision for the allocation of two seats to the Green Party member	To allocate a seat on each EAB to the Green Party member.

3.8 Following consultation with political group leaders, a proposal for consideration that addresses, as far as practicable, the required adjustments referred to above, is set out in **Appendix 3**. Councillors will note that this proposal makes no changes to the current allocation of seats to the Liberal Democrat group, Conservative group, the Guildford Greenbelt Group, and the Labour group.

3.9 At the Council meeting, the Leader of the Council will propose a motion setting out for debate a draft calculation of the numerical allocation of seats on committees pending a further review at the Council meeting on 6 December 2022 following the outcome of the Tillingbourne ward by-election.

4. Legal implications

4.1 As the Council's membership is divided into political groups, it is required by sections 15 and 16 of the Local Government and Housing Act 1989 and related regulations, to ensure that appointments to fill seats on committees are allocated in the same proportion as that in which the Council as a whole is divided, and to give effect, *as far as reasonably practicable*, to the four principles referred to in paragraph 3.1 above.

4.2 There is also a duty to review annually the allocation of seats on committees to political groups or following any change in the political constitution of the Council.

5. Financial Implications

5.1 There are no financial implications arising from this report.

6. Human resource Implications

6.1 There are no human resource implications arising from this report.
