Lead Councillor responsible: Richard Lucas (Finance and Property), Julia McShane (Leader)

Email: richard.lucas@guildford.gov.uk

Report Status: Open

Medium Term Financial Plan (MTFP) and Financial Recovery Plan – November Update Report

1. Executive Summary

- 1.1. The Council agreed the 2023-24 budget in February 2023 with a £3.3m shortfall requiring further work to remove this gap, with the fallback position being the deployment of usable reserves.
- 1.2. An updated MTFP position was presented to the Council in July 2023 which set out the key issues and the position in which the Council was now left. In summary this was a remaining in-year deficit of £1.7m and a budget gap of £18.3m over the MTFP period to 2026-27.
- 1.3. A Financial Recovery Plan was presented to Council in August and updated in October. This set out the immediate and medium-term

actions being taken to address both the in-year and medium-term budget gaps.

- 1.4. In October, the Interim s151 officer concluded that sufficient progress had been made to avoid the need for a s114 report to be issued but that significant work was still required to produce a balanced budget for 2024-25 and beyond.
- 1.5. This report updates on the MTFP position, potential funding changes, and progress on the Recovery Plan workstreams.
- 1.6. The report also sets out the outcome of the review of the Capital Programme. If approved, this will remove £96.6m from the Approved and Provisional programmes which will reduce the Council's projected borrowing needs.
- 1.7. Section 9 of the report gives a high-level update on the potential remaining budget gap to be addressed and the actions ongoing to address this. The work to date on the Financial Recovery Plan has reduced the July MTFP gap of £18.3m by £9m to £7.3m.
- 1.8. Although excellent progress has been made, significant further work is still required to produce a balanced budget for 2024-25.

2. Recommendation

The Committee is asked to comment on the following recommendation that will be included in the report on this matter to the Executive on 23 November 2023:

That the Executive:

- 2.1. Notes the updated MTFP position and the further work ongoing to produce a balanced budget for 2024-25.
- 2.2. Recommends to Council (5 December 2023) that the proposed changes to the Approved and Provisional Capital Programmes set out in Appendix 1 be approved.

3. Reason for Recommendation:

- 3.1 To enable the Council to protect the current level of reserves and to set a balanced budget and a robust Medium-Term Financial Plan.

4. Exemption from publication

- 4.1. None

5. Purpose of Report

- 5.1. This report sets out the progress to date in addressing the MTFP budget gap through the workstreams established as part of the Council's Financial Recovery Plan.
- 5.2. The report details the output from the workstream dealing with reviewing the Council's capital programme and recommends a revised programme for approval.

6. Strategic Priorities

- 6.1. The budget underpins the Council's strategic framework and delivery of the Corporate Plan.

7. Background

- 7.1. The Council agreed the MTFP in February 2023 but with further work required at that stage to remove the need for reserves and balances to be used to close the in-year budget gap.
- 7.2. A number of issues were identified during the audit of the 2020-21 statement of accounts which led to the usable reserves of the Council being restated at a level of around £20 million less than previously reported. Significant due diligence work was undertaken to establish the baseline position and an updated General Fund budget was presented to Council in July 2023. This set out the gravity of the financial position and raised the possibility of the Council issuing a s114 report if insufficient action was taken.
- 7.3. A first issue of the Financial Recovery Plan was endorsed by the Council on 30 August 2023, establishing both immediate actions such

as a freeze on both vacancies and non-essential expenditure to help bring the current year back into balance. It also established a number of workstreams to deal with the MTFP budget gap together with a programme of improvements needed within the finance service.

- 7.4. A second issue of the Financial Recovery Plan was endorsed by Council on 10 October 2023 which detailed the actions to bring the current year's budget back within balance and an update on the other workstreams.
- 7.5. This report provides a further update, reflects upon how this will impact on the MTFP, and the further work still required to produce a balanced budget for 2024-25 which will be set in February.

8. Medium Term Financial Plan Update

- 8.1 The revised budget agreed by the Council on 25 July 2023 showed a projected budget gap over the MTFP period of £18.268m

	2023-24 Approved £'000	2024-25 Forecast £'000	2025-26 Forecast £'000	2026-27 Forecast £'000
Deficit / Surplus in-year	3,100	8,694	5,865	609
Cumulative Deficit	3,100	11,794	17,659	18,268

- 8.2 The funding assumptions used were as follows:

	2023-24 £m	2024-25 £m	2025-26 £m	2026-27 £m
Council Tax	11.253	11.851	12.207	12.575
CT surplus	0.140	0	0	0
Business Rates	3.670	3.211	3.093	3.093
New Homes Bonus	1.283	0	0	0
Services Grant	0.199	0.114	0.114	0.114
Revenue Support Grant	0.134	0	0	0
Funding Guarantee	0	0	0	0
TOTAL	16.161	15.176	15.414	15.782

- 8.3 The Local Government Finance Settlement will confirm funding levels for 2024-25. However, this is not expected to be received until mid-December. The latest assumptions are set out below.

Council Tax

- 8.4 The 2023 finance settlement confirmed that capping rules for District Councils in 2023-24 and 2024-25 would be 2.99%. There is no indication that this is likely to change. For Guildford, 1% on Council Tax equates to around £116,000 of funding.
- 8.5 The mid-year taxbase estimates have been submitted to the Department for Levelling Up, Housing and Communities (DLUHC) and show an increase of around 1.2% from last year. This is a small increase from the 1% assumed in the MTFP estimates.
- 8.6 Work is in train to look at the discretionary council tax policies and compliance in areas such as single person discount to ensure that the Council is receiving the income that it is due.

Business Rates

- 8.7 A reset of the business rates baseline has been anticipated for several years, with the implementation of the Fair Funding Review. It has now been confirmed that this will not take place in the current parliamentary term.
- 8.8 The business rates multiplier for 2024-25 has not been confirmed but should increase with inflation or if not, compensation given to local authorities via s31 grant.

New Homes Bonus (NHB)

- 8.9 A new scheme was due to be introduced two years ago but has still not even reached consultation stage. The notes included in the exercise for collection of the mid-year taxbase would suggest that a further single year of NHB is likely to be received as part of the Finance Settlement.
- 8.10 The value of this depends upon housing growth and empty homes brought back into use. In the current year, a sum of £1.283m has

been received. No NHB is currently factored into the MTFP projections.

Other Non-ringfenced Grants

- 8.11 In the current year, £0.199m of Services Grant and £0.134m of revenue support grant have been received.
- 8.12 In the 2023-24 settlement, a funding guarantee was included which guaranteed all councils a minimum increase of 3% in Core Spending Power.
- 8.13 At present, only a small amount of Services Grant is factored into the MTFP projections. If the funding guarantee is repeated for 2024-25, then losses of NHB and other non-ringfenced grants should be compensated through this mechanism. It is therefore likely that the current funding projection for 2024-25 is too prudent but this will only be confirmed in the December settlement.

Cost Pressures

- 8.14 Inflation remains stubbornly high, with the latest CPI figure (September 2023) unchanged at 6.7%. Whilst down from the October 2022 peak of 11.1%, this still remains well above the Bank of England target of 2%.

Pay Award

- 8.15 The pay award for Guildford is locally negotiated and has not yet been agreed for 2024-25. The MTFP assumptions were based upon an average increase of 3.3% over the MTFP period. Note – an additional 1% on the pay award would add an extra £0.32m to the budget gap.

Contract Inflation

- 8.16 Where possible, service budgets across the Council will be held at 2023-24 levels. However, there are areas of expenditure which we are contractually obliged to increase.
- 8.17 Major areas will include Utilities, Repairs and Maintenance, ICT, Telephony, contracted services, materials etc.

8.18 On utilities, the current contract runs to September 2024 and will be re-tendered. On rates available presently, this could produce a significant saving to the Council. However, with world events, this is a very volatile market so this cannot be secured until nearer the renewal date.

Borrowing Costs

8.19 Around half of the projected £18.3m MTFP gap relates to capital financing costs. This is due partly to the Council's ambitious capital programme and also due to the fact that the cost of borrowing has increased significantly since many of the major schemes in the capital programme were approved.

8.20 The largest capital project is the Weyside Urban Village (WUV) and although that will require significant borrowing during the 10-year project, that is not the driver for the MTFP gap. The interest payments on WUV are being capitalised so they will form part of the overall net project cost and MRP charges will not be made until the scheme is operational (in line with local authority accounting arrangements).

8.21 It is anticipated that total borrowing for the Council could peak at £600m (including HRA debt) prior to land sales on the WUV scheme which will generate capital receipts to repay some of the debt. The actions detailed below are intended to reduce the peak debt to £450m (including HRA debt).

8.22 With this in mind, a full review of the capital programme has been undertaken as part of the Financial Recovery Plan workstreams. This review has identified over £96m of schemes within the Approved and Provisional capital programmes which are now recommended to be removed.

8.23 The full list of proposed amendments to the capital programme are set out in **Appendix 1**, with key items summarised below:

Approved Programme

- Rodboro buildings – delayed due to planning.
- Property acquisitions – removed due to changes in the prudential code £20.823m
- Shaping Guildford's Future – revised approach £4.170m

Provisional Schemes

- Energy efficiency compliance – delayed.
- Westfield/Moorfield Rd resurfacing – brought forward.
- Guildford West Station – moved back to Capital vision £1,000.
- Property acquisitions – removed due to changes in the prudential code £38.292m
- EV for waste vehicles – delayed until new depot available.
- North Downs Housing Ltd / Guildford Borough Council Holdings Ltd – further investment removed £30.1m

8.24 Savings will be made against the £18.3m budget gap due to both a delayed and reduced need for further borrowing.

8.25 It must, however, be noted that only those items within the MTFP period will help to reduce the borrowing costs within the MTFP, and hence contribute towards the £18m budget gap. The other future changes will help reduce the future capital financing needs and hence reduce the extra budget requirements which would need to be dealt with in future years.

8.26 Additionally, a further workstream within the Financial Recovery Plan is looking at the potential for asset disposals. A target sum of £50m of capital receipts is being sought which will help to further reduce the long-term borrowing needs of the Council. These disposal plans will be more fully developed over the next few months, prior to the Council's budget being set in February 2024. This will also have an additional knock-on effect of reducing the revenue costs for the running and maintenance of our assets.

9. Revised MTFP Position

9.1 The table below summarises the indicative impact on the MTFP gap from the Financial Recovery Plan work to date.

	2023-24 Approved £'000	2024-25 Forecast £'000	2025-26 Forecast £'000	2026-27 Forecast £'000
Deficit / Surplus in-year	3,100	8,694	5,865	609
On-going savings in July report	(1,600)			
Reduced borrowing costs – capital programme reduction		(2,250)	(275)	(150)
Reduced borrowing costs – capital receipts. {details not yet identified}			(1,200)	(1,300)
Income reviews	(900)	(1,400)		
Contract renewals		(1,250)	(500)	
Other e.g., grants		(140)		
Potential total to date		(5,040)	(1,975)	(1,450)
Remaining target	600	3,654	3,890	(841)

9.2 Although the 2023-24 in year position is balanced, some of the savings are being delivered through one-off savings such as from the freeze on vacancies and discretionary spend. These therefore need to be replaced by ongoing savings in the 2024-25 budget.

9.3 The sum still required to be identified for 2024-25 is around £4.2m. However, this does not factor in the potential additional funding highlighted in section 8 which is likely to come in the form of either New Homes Bonus or Funding Guarantee. This could be in the order of £1.2 to £1.5m. This would still, however, leave a gap of around £3m to be identified.

9.4 Further work is ongoing to address this, exploring:

- Service delivery options
- Collaboration opportunities
- Policy changes – accounting and discretionary policies
- Full cost recovery / income generation / fees and charges
- Contract and procurement reviews
- Treasury Management
- Grants and subscriptions

9.5 Alongside this, the budget for 2024-25 is being built using a Zero-Based Budgeting approach. This will help to address some of the current issues where historic budgets have been rolled over. It is too early to say whether this will reduce or increase the remaining budget gap, but it will mean that budgets will be accurate going forwards and budget holders can then be held to account for their management of them.

9.6 A further workstream was also agreed as part of the Financial Recovery Plan, to look at the operation of the Finance Service. Significant progress has been made on many issues and the Council now has robust monthly monitoring in place, a budget book published, monitoring and review of debts and establishment control.

10. Consultations

10.1 The Joint Executive Advisory Board will scrutinise the budget proposals at its meeting on 8 January 2024. Any savings plans will need to be reviewed to ensure that the correct public / user consultations are undertaken prior to implementation.

11. Key Risks

11.1 With depleted reserves, the key risk for the Council in the current financial year is that if insufficient action was taken to ensure a balanced end of year position, then any overspend would have to be

met from the remaining reserves. This would further worsen the financial resilience of the Council, making a s114 position more likely.

- 11.2 The projected budget gap over the MTFP period is £18.3m and plans need to be developed to address this so that a balanced and robust budget can be agreed in February 2024.
- 11.3 One off events such as planning appeals and judicial reviews are difficult to predict and therefore not provided for within the base budget.
- 11.4 Recovery of debts is becoming more difficult due to the current cost of living crisis. These therefore need to be dealt with in a timely manner.
- 11.5 The ongoing impact of inflation and interest rates is difficult to predict.
- 11.6 A full risk-based assessment of the financial risks will be presented in the February budget papers, within the Interim S151 Officer's Section 25 report. This will also make a judgement on the adequacy of the Council's reserves.

12. Financial Implications

- 12.1 All decisions made with regard to the Council's budget will impact on the resources available for provision of the Council's services.
- 12.2 Significant further work is still required to remove the budget gap for 2024-25 and beyond. This will continue with engagement both across the wider Council and with councillors.

13. Legal Implications

- 13.1 The Council's legal duty to set a balanced budget is set out in section 31 Local Government Finance Act 1992, which provides that the Council must balance its expenditure with its revenue.
- 13.2 Section 114(3) Local Government Finance Act 1988 requires that:
"The chief finance officer of a relevant authority shall make a report

under this section if it appears to him that the expenditure of the authority incurred (including expenditure it proposes to incur) in a financial year is likely to exceed the resources (including sums borrowed) available to it to meet that expenditure.”

- 13.3 The Council must continue to act lawfully in making decisions on service delivery, regardless of any s114 report. There continues to be a requirement to conduct needs assessments, undertake consultation where appropriate, assess and have regard to equalities implications, and take into account all other relevant considerations to inform their decisions about service delivery.

14. Human Resource Implications

- 14.1 The Council has been required to reduce operational and service delivery costs immediately. The immediate measures set out in the September Financial Recovery Plan halted most recruitment, and this is being kept under review. This is therefore impacting workforce matters, including the recruitment of directly employed staff, as well as contingency workers, i.e., agency staff, interims, and consultants, although the risks of doing so will have to be considered before individual decisions are taken.

- 14.2 Arrangements are in place for the consideration of exceptional cases, for example where there are significant Health and Safety risks, or the risk of statutory requirements not being met.

- 14.3 The Council will ensure careful and consistent communications to staff and unions and has drafted a communications plan to deliver this.

15. Equality and Diversity Implications

- 15.1 There are no direct equality, diversity or inclusion implications resulting from this point. These issues will continue to be considered as further savings options are appraised in due course.

16. Climate Change/Sustainability Implications

16.1 None at this point but will be considered as options are appraised in due course.

17. Summary of Options

17.1 Further Options will be developed through the workstreams set out within the Financial Recovery Plan and brought forward to councillors for decision as appropriate.

18. Conclusion

18.1 The work on the Financial Recovery Plan removed the immediate threat of a Section 114 report in October.

18.2 Progress has been made on reducing the MTFP gap as set out within this paper, but significant work is still required to produce a balanced budget for consideration in February 2024.
