VARIATION

Do you want the proposed variation to have effect as soon as possible? Yes No

Do you want the proposed variation to have effect in relation to the introduction of the late night levy?

Yes No

You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable to the late night levy.

If your proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

Describe Briefly The Nature Of The Proposed Variation

Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.

"The Kings Heads is a vibrant public house, situated at the edge of the town centre and close to the Castle grounds. This application is to vary the terms of Condition F6 which limits the time the management can allow customers to use the outside area to the rear of the premises and to remove Condition G2. The current requirement is to clear the garden at 23:30 and all customers have to move to the indoor area encouraging them to leave by the front door in Quarry Street. The make up of the area has changed greatly over the past two years, with many of the premises in the proximity of the Kings Head being allowed to change from business to residential use. This could mean that customers leaving from the front of the building are more likely, however unwittingly, cause some disturbance to local residents. Whilst there is no application in this variation request to change the general licensed hours of the premises, application is being made to allow the garden area to be used during a longer period of the opening hours. Specifically up to 00:30 Sunday to Thursday and 01:00 Friday & Saturday. These hours are similar to those recently granted to another licensed establishment in the immediate locality to use their outside area. During this period, only low background music would be played in the outside area. This application, if granted, would also encourage customers to leave the premises via the rear entrance which is not in close contact with residential properties. Thus any 'drift off' would cause less problems to the area. The establishment is well managed and no complaints have been recorded against their activities since the last variation application which was early in 2013
