Date: 21 September 2017

Financial Monitoring 2017-18

Executive Summary

The report summarises the projected outturn position for the Council's general fund revenue account, based on actual and accrued data for the period April to June 2017, with the outcome of budget monitoring on our key services for the period April to July 2017 overlaid to form a hybrid report.

Officers are projecting a reduction in net expenditure on the general fund revenue account of £560,823 (representing 1.26% of its original net budget). This is the result of a combination of factors, which include a reduction in employee expenditure across all services, higher than assumed levels of grant support and a reduction in the statutory Minimum Revenue Provision (MRP) charge to the general fund to make provision for the repayment of past capital debt. This lower than budgeted MRP charge reflects a re-profiling of capital schemes, which has also had a positive impact on the level of our cash balances and assumed external borrowing costs, which have combined to produce higher than budgeted net interest receipts.

A surplus on the Housing Revenue Account (HRA), due to lower staffing and repairs and maintenance costs will enable a projected transfer of £8.76 million to the new build reserve and reserve for future capital at year-end. The transfer is £537,128 higher than budgeted.

Officers are making progress against significant capital projects on the approved programme as outlined in section 7. The Council expects to spend £76.1 million on its capital schemes by the end of the financial year. The expenditure is higher than it has been for many years and demonstrates substantial progress in delivering the Council's capital programme.

The Council's underlying need to borrow to finance the capital programme is expected to be £52 million by 31 March 2018, against an estimated position of £87.7 million. The lower underlying need to borrow is a result of slippage on both the approved and provisional capital programme as detailed in paragraphs 7.3 to 7.6 of this report. The Council held £144.1 million of investments and £250.3 million of external borrowing

at 30 June 2017, which includes £193 million of HRA loans. Officers confirm that the Council has complied with its Prudential indicators in the period, which were set in February 2017 as part of the approval of the Council's Treasury Management Strategy.

Recommendation to Committee

The Committee is asked to note the results of the Council's financial monitoring for the period April to June 2017 and the update on key services for the period April to July 2017 and to make any comments it feels appropriate.

Reason for Recommendation:

To allow the Committee to undertake its role in relation to scrutinising the Council's finances.

1. Purpose of Report

- 1.1 Recommendation 8 of the 2015 Council Governance Review was: 'That the importance of the Corporate Governance and Standards Committee to the Council be recognised, particularly in the way in which it supports the overview and scrutiny function through ongoing scrutiny of financial matters, including its proposed expanded remit on the treasury management function and budget monitoring'.
- 1.2 This Committee started its enhanced review of our financial management at its meeting on 24 September 2015. This report covers the period April to June 2017 and includes an update on key services for the period April to July 2017.

2. Strategic Priorities

- 2.1 Councillors have reviewed and adopted an ambitious Corporate Plan for the period 2015-2020. The Plan includes many significant projects and aspirations that will challenge us financially. Monitoring of the financial position during the course of the financial year is a critical part of our management of resources that will ultimately support delivery of the Corporate Plan.

3 Background

- 3.1 The Council regularly undertakes financial monitoring in a number of ways:
 - (a) two types of general fund revenue budget monitoring report; a full monitor for periods 3, 6, 8 and 10 and a shorter monitor for the other periods (except April) covering key service areas (Industrial Estates, Investment Property, Development Control, Major Projects, Planning Policy, Off Street Parking, Refuse and Recycling, Parks and Countryside). This report covers the period to June 2017 (period 3) and covers all Council services, with key services updated to reflect monitoring undertaken at the end of July
 - (b) quarterly monitoring of the capital programme
 - (c) monthly and quarterly monitoring of its treasury management activity
 - (d) monitoring at periods 3,6,8 and 10 of the HRA

- 3.2 The Council's Corporate Management Team (CMT), Chief Finance Officer and deputies, and officer capital programme monitoring group review monitoring reports. Financial monitoring for all services is reported to this Committee on a regular basis.
- 3.3 This report sets out the financial monitoring and covers:
- (a) general fund revenue monitoring (section 4)
 - (b) HRA monitoring (section 5)
 - (c) treasury management (section 6)
 - (d) capital programmes (section 7)

4 General Fund Revenue Account monitoring

- 4.1 **Appendix 1** shows the summary monitoring report for the general fund revenue account. Officers have prepared the projected outturn on a combination of three months' actual and accrued data, adjusting key services to reflect updated data.
- 4.2 **Appendix 2** shows detailed information for each service split between direct expenditure and income and indirect costs. We monitor the projected outturn against the revised (or latest) budget as this takes into account any virements or supplementary estimates approved since the original budget was set in February 2017.
- 4.3 At total service unit level, the projected outturn is £1.54 million higher than the latest estimate. There are items within the contributions to reserves that reverse figures within the service units. When these adjustments are taken into account, the projected outturn is £600,390 lower than the latest estimate.
- 4.4 Following the receipt of dividends for the first quarter, the return on external funds has been re-forecast and net external interest receivable is projected to be £355,694 higher than our original estimate.
- 4.5 The Minimum Revenue Provision (MRP), based on the Capital Financing Requirement (CFR) at 31 March 2017 for the purposes of this report, is shown as £700,000. This is £528,584 lower than estimated. The reduction is due to slippage in the capital programme experienced during 2016-17.
- 4.6 The overall projected position for net expenditure is £560,823 lower than estimate.
- 4.7 The table below shows the supplementary estimates and virements approved to date.

Supplementary Estimates 2017-18

| Service/Description | Approval Date | Committee | Value |
|---|---------------|-----------|-----------------|
| Replacement Cremator | 5 April 2017 | Executive | £211,750 |
| Joint Enforcement Team (receipt of grant) | 21 April 2017 | Executive | (£24,000) |
| Joint Enforcement Team (authority to spend grant) | 21 April 2017 | Executive | £24,000 |
| TOTAL | | | £211,750 |

Virement Record 2017-18

| Service/Description | Approved by | Date of Approval | Value |
|---------------------------|----------------------------|------------------|-----------------|
| Legal Services | Head of Financial Services | 4 April 2017 | £57,280 |
| Joint Enforcement Team | Executive | 21 April 2017 | £86,600 |
| Science and Arts Festival | Head of Financial Services | 3 May 2017 | £20,000 |
| TOTAL | | | £163,880 |

- 4.8 Unlike the old formula grant system, not all of the income and payments relating to the Business Rates Retention Scheme (BRRS) are fixed. The tariff and retained income figures do not change from the budgeted amount, but the levy and s31 grant income do. 2017-18 is the second year we have been in a Business Rates Pool.

We pay 50% of the levy that we would otherwise have had to pay to the government (50% of the estimated retained income above our baseline funding level) to the Pool. Within the budget, we have assumed that we will transfer the other 50% of the levy, which we have saved by being in the Pool, to the Invest to Save Reserve, and that we will transfer the remaining 50% of the estimated income from business rates above our government set baseline funding level to the Business Rates equalisation reserve.

In order to maintain the net effect of the BRRS on the General Fund we have adjusted this contribution as set out below:

| | 2017-18 Estimate (£) | 2017-18 Projection (£) | Variance (£) |
|---------------------------------------|----------------------------|------------------------------|----------------|
| BRRS – tariff | 30,213,400 | 30,213,400 | 0 |
| BRRS – payment to pool re levy | 652,892 | 723,732 | 70,840 |
| Contn to BRRS equalisation reserve | 1,958,675 | 1,919,058 | (39,617) |
| | <hr/> | <hr/> | |
| | 32,824,967 | 32,856,190 | 31,223 |
| BRRS – s31 grant | (633,707) | (664,930) | (31,223) |
| BRRS – retained income | (35,250,674) | (35,250,674) | 0 |
| BRRS – net position | <hr/> (3,059,414) | <hr/> (3,059,414) | <hr/> 0 |

- 4.9 The table above shows an increase in our payment to the Pool and a reduced contribution to the equalisation reserve in order to maintain the overall impact on the general fund.

Major Service Variances

- 4.10 **Appendix 2** provides detailed information on variances at a service level. There are some services with projected larger variances in total net expenditure

and these are summarised in the table below. This table includes only items that have an impact on the bottom line and excludes additional spend financed from a reserve, an approved carry forward or items financed by savings elsewhere in the budget.

| | Higher net cost (£000) | Lower net cost (£000) |
|---|------------------------|-----------------------|
| Community Services | | |
| Day Services – savings arising from vacancies | | (27) |
| Corporate Services | | |
| Public Relations and Marketing – reversing deletion of posts | 49 | |
| Development Directorate | | |
| Industrial Estates – rent reviews | | (92) |
| Major Projects – staffing implications | 54 | |
| Asset Development – savings arising from vacancies | | (120) |
| Environment Directorate | | |
| Cemeteries and Closed Churchyards – works deferred | | (53) |
| Crematorium – implications of cremator works | 40 | |
| Electric Theatre – implications arising from change of operator | 76 | |
| Guildford House – repair and Maintenance | | (40) |
| Guildhall – repair and maintenance | | (45) |
| Guildford Museum – repair and maintenance | 33 | |
| Off street Parking – rescheduling of decoration works/season tickets | | (183) |
| Parks and Countryside – traveller costs/contract arrangements | 120 | |
| Public Conveniences – assessment of maintenance requirements | | (40) |
| Refuse and Recycling – gate fees/recycling credits | | (55) |
| Woking Road Depot – maintenance costs | 25 | |
| Management Directorate | | |
| Internal Audit – savings arising from vacancies | | (25) |
| Resources Directorate | | |
| ICT Business Services Team – savings arising from vacancies | | (61) |
| Climate Change – savings arising from vacancies | | (60) |
| Council Tax – salary savings pending restructure | | (59) |
| Miscellaneous Items – variation in external grant/corporate inflation | | (301) |
| The Village – variation in rental income and expenditure | 625 | |

5 Housing Revenue Account

5.1 **Appendix 3** shows the budget monitoring report for the Housing Revenue Account (HRA) for the period April 2016 to June 2017. The report shows that HRA gross service expenditure is projected to outturn at 99.7% of the budgeted level, whilst income is projected to be 101.4% of the budgeted level. The projected outturn would enable a transfer of around £11.26 million to the new build reserve and the reserve for future capital. The principal variations are:

- The rental income estimate for 2017-18 included a prudent allowance for Right to Buy (RTB) sales and the re-commissioning of units. Rental income is projected to be £476,300 higher than budgeted, which is consistent with the previous year's income after allowing for a 1% reduction in social rents.
- It is projected that employee related expenditure; net of temporary staffing, vacancy credit and redundancy costs will result in a saving against budget of £190,000.
- Focus remains on carrying out planned rather than responsive maintenance, facilitated by the benefits accruing from past levels of expenditure on planned capital and revenue maintenance works. Historically a lower than budgeted level of repair and maintenance expenditure has resulted. At this early stage in the year, we are not assuming a saving against budget.
- In accordance with the last published business plan, with the exception of receipts from RTB sales, the estimates for the year do not provide for any repayment of HRA debt principal or for setting aside any amounts towards the repayment of debt. The priority in the early years of the business plan was the provision of additional housing. However, this will be subject of a review and an updated business plan will be submitted reflecting constraints placed on the HRA by changes in the Housing and Planning, and Welfare Reform and Work Acts.

5.2 Tenancy arrears remain stable and are consistent with the assumptions contained in the business plan. Particular attention is paid to introductory tenancies (of less than 12 months), as those tenants often have no previous experience of managing a household budget or of renting a property. The Money Advisor continues to focus on applicants and new tenants to help them manage their money more effectively, in addition to providing support for tenants moving to Universal Credit.

6 Treasury Management

6.1 The Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice on Treasury Management ("the Code") recommends that councillors are informed of treasury management activities at least twice a year. This report therefore ensures the Council is embracing best practice in accordance with CIPFA's recommendations by reporting quarterly to councillors.

Debt management

6.2 We have a substantial long-term PWLB debt portfolio for the HRA totalling £193 million, and a small amount (£10 million) for the General Fund. During the year so far, due to lower than anticipated expenditure on the capital programme (as outlined in section 7), the Council as a whole is currently only borrowing short-term for cash flow purposes. There is no cost of carry on our short-term borrowing.

6.3 The following table summarises the current borrowing position of the Council and the activity to period 3.

| Loan type | | Balance 01 April 17 £000 | New loans £000 | Loans repaid £000 | Balance 30 June 17 £000 | Weighted average rate of |
|------------------------------|----------|--------------------------------|-------------------|-------------------------|-------------------------------|--------------------------------|
| PWLB | | | | | | 3.09% |
| Variable | | 45,000 | 0 | 0 | 45,000 | |
| Fixed | Maturity | 147,435 | 0 | 0 | 147,435 | |
| | EIP | 920 | 0 | 0 | 920 | |
| Local authorities | | 10,000 | 0 | 0 | 10,000 | 1.35% |
| Total long-term Loans | | 203,355 | 0 | 0 | 203,355 | |
| Temporary Loans | | 30,000 | 29,000 | (12,000) | 47,000 | 0.37% |
| Total Loans | | 233,355 | 29,000 | (12,000) | 250,355 | |

Investment activity

- 6.4 During the period, we have continued with the diversification of our in-house investment portfolio into more secure instruments such as bonds and secure bank deposits (not subject to bail-in) in line with our Treasury Management Strategy.
- 6.5 The Council's budgeted investment income for 2017-18 is £1.36 million, the projected outturn is £1.6 million. The gross cash balances representing the Council's reserves and working balances at 30 June 2017 available for investment were £144 million and net of short-term borrowing £97 million.
- 6.6 The Council's budgeted external interest cost, which relates to short and long-term borrowing, for the year is £6.11 million and the outturn is projected to be £6.06 million.
- 6.7 Net interest receivable was budgeted at £490,000 and is projected to be £846,000 because of higher than anticipated cash balances.
- 6.8 The Council's annualised weighted return on investments for the period to June 2017 was 1.182% against an estimate of 1.713%.
- 6.9 The table below summarises the Council's investment activity for April to June 2017.

| Investment | Balance 01 April 17 £000 | New investments £000 | Investments matured £000 | Change in capital value £000 | Balance 30 June 17 £000 | Weighted average rate of interest |
|-------------------------------|--------------------------------|----------------------------|--------------------------------|---------------------------------------|-------------------------------|--|
| <u>Investment Funds</u> | | | | | | |
| Payden & Rygel | 5,025 | 0 | 0 | (2) | 5,024 | 0.16% |
| CCLA | 6,351 | 0 | 0 | 50 | 6,401 | 1.44% |
| Aberdeen (SWIP) | 1,848 | 0 | 0 | (2) | 1,845 | 0.63% |
| M&G | 2,670 | 0 | 0 | (60) | 2,610 | 1.37% |
| Schroders | 914 | 0 | 0 | (19) | 895 | 1.63% |
| Funding Circle | 870 | 0 | 0 | 6 | 877 | 0.79% |
| UBS | 2,417 | 0 | 0 | 9 | 2,426 | 1.04% |
| City Financial | 2,468 | 0 | 0 | (43) | 2,425 | 1.84% |
| <u>In- House Investments:</u> | | | | | | |
| Call Accounts | 475 | 7,928 | (7,921) | 0 | 482 | 0.15% |
| Money Market Funds | 1,319 | 61,737 | (45,746) | 0 | 17,310 | 0.26% |
| Notice Accounts | 13,000 | 0 | 0 | 0 | 13,000 | 0.52% |
| Temporary Fixed Deposits | 34,000 | 5,000 | (6,000) | 0 | 33,000 | 0.74% |
| Certificates of Deposit | 2,000 | 0 | 0 | 0 | 2,000 | 0.56% |
| Unsecured bonds | 6,824 | 3,803 | (1,500) | 0 | 9,127 | 0.63% |
| Long Term Covered Bonds | 27,736 | 0 | 0 | 0 | 27,736 | 0.96% |
| Long Term Fixed Deposits | 16,500 | 0 | 0 | 0 | 16,500 | 1.54% |
| Revolving Credit Facility | 2,500 | 0 | 0 | 0 | 2,500 | 2.25% |
| Total Investments | 126,917 | 78,468 | (61,167) | (61) | 144,158 | |

6.10 Some of our externally managed funds have seen a fall in their capital values since inception. The falls are indicative of wider financial market movements over the same period. The Council's external investments are held for long-term purposes and are invested to generate an income for the Council over the longer term. Any loss in investment value will not be realised unless the investment is sold and the Council has an earmarked reserve available to utilise in the event of a loss, thus minimising the impact on the general fund. Officers would not normally sell external investments at a loss unless there were very exceptional circumstances. It is anticipated that the value of the external investments will increase in line with the market in the medium term and will generate a positive return for the Council when eventually sold.

Prudential Indicators

6.11 Officers confirm that the Council has complied with its Prudential indicators in the period, which were set in February 2017 as part of the Council's Treasury Management Strategy Statement.

Authorised limit and Operational Boundary for External Debt

6.12 The Local Government Act 2003 requires the Council to set an Affordable Borrowing Limit, irrespective of their indebted status. This is a statutory limit, which we should not breach.

6.13 The Council's authorised borrowing limit was set at £525 million for 2017-18.

6.14 The Operational Boundary is based on the same estimates as the Authorised Limit but reflects the most likely, prudent but not worst case scenario without the additional headroom included in the Authorised Limit.

- 6.15 The operational boundary was set at £475 million for 2017-18.
- 6.16 The Chief Finance Officer confirms that there have been no breaches to the authorised limit and operational boundary during the year. Borrowing, at its peak, was £250 million.

Upper limits for fixed interest rate exposure and variable interest rate exposure

- 6.17 These indicators allow the Council to manage the extent to which it is exposed to changes in interest rates for both borrowing and investments. They are targets rather than absolute limits.
- 6.18 The upper limit for variable rate exposure allows for the use of variable rate debt to offset exposure to changes in short-term rates on our portfolio of investments.
- 6.19 The limit allows for 100% of total debt and total investments to be at a fixed rate, and a smaller percentage to be at a variable rate to minimise the potential volatility of interest rate risk.

| | 2017-18 approved (£000) | 2017-18 actual to date (£000) |
|--|--------------------------------|--------------------------------------|
| Net debt | | |
| Upper limit on fixed interest rates | 267,120 | 132,721 |
| Upper limit on variable interest rates | 1,320 | (33,658) |

Maturity structure of fixed rate borrowing

- 6.20 This indicator is designed to limit large concentrations of fixed rate debt maturing at times of uncertainty over interest rates.

| Time period | Limit | Actual | Variance |
|--------------------|--------------|---------------|-----------------|
| Under 12 months | 30% | 23% | -7% |
| 1 to 2 years | 20% | 0% | -20% |
| 3 to 5 years | 35% | 5% | -30% |
| 6-10 years | 50% | 5% | -45% |
| 11 years and above | 100% | 67% | -33% |

- 6.21 The table shows the split of the principal repayments of the fixed rate loans of the Council.

Total principal sums invested for periods longer than 364 days

- 6.22 This indicator allows the Council to manage risk inherent in investments longer than 364 days. The 2017-18 limit is set at £70 million and we had £50.7 million of longer-term investments as at 30 June, of which £27.6 million was in covered bonds.

7 Capital Programmes

7.1 **Appendices 4 to 9** of this report set out the following for each scheme on the Council's capital programme

- the gross estimate for the scheme approved by the Executive
- the cumulative expenditure to 31 March 2017 for each scheme
- the estimate for 2017-18 as approved by Council in February 2017
- the 2017-18 revised estimate which takes into account the approved estimate, any project underspends up to 31 March 2017, and any virements or supplementary estimates
- 2017-18 current expenditure
- 2017-18 projected expenditure estimated by the project officer

7.2 Officers have provided details of changes to the programme below.

Approved programme (Appendix 4)

7.3 Expenditure is expected to be £48.9 million representing a £3.8 million variance to the revised estimate of £52.7 million. If a project is on the approved programme, it is an indicator that the project has started or is near to starting following the approval of a final business case by Executive. Whilst actual expenditure for the period of £1.9 million may seem low, a number of significant projects are in progress. These include:

- ED30 - Home Farm, provision of traveller pitches (£770,000) - work is progressing on this scheme which is due to complete in 2017-18
- OP6 – vehicle replacement programme of £527,000
- PL11 - Spectrum roof replacement and steel works (£3.853 million) work is progressing on this scheme
- FS1 – capital contingency fund – there is £4.599 million remaining in the fund
- ED25 – Guildford Park infrastructure works (£5.997 million) - this scheme received planning consent in November 2016 and initial works are progressing. A significant amount of the cost of this project is still on the provisional capital programme awaiting final business case approval.
- ED6 – Slyfield Area Regeneration Project (SARP) (£1.767 million) - work is progressing on the detailed design, pre-planning and site investigation work for this scheme to inform the final business case which will be brought forward for approval in 2017-18. The budget for the full scheme is still on the provisional capital programme. Subject to business case approval, the scheme is scheduled for completion in 2026-27.
- P5 – Walnut bridge (£1.834 million) – work is progressing on this scheme which is scheduled to complete in 2018-19
- P9c – Bedford Wharf – (£17.699 million) - this project is currently being reviewed and is likely to be moved back to the provisional programme
- PL9 – Crematorium rebuild (£500,000) – work is progressing on this scheme which is scheduled for completion in 2019-20
- Woodbridge Road Sports Ground (£1.384 million) – work is progressing on this scheme which is scheduled for completion in 2017-18

- 7.4 In addition to the schemes outlined above, the following significant amounts that were due to be spent on schemes or projects in 2017-18 will now be carried forward into 2018-19 or future years:
- PL9 – Crematorium rebuild (£3.292 million) – work is progressing with majority of spend expected in 2018-19.

Provisional programme (Appendix 5)

- 7.5 Expenditure on the provisional programme is expected to be £11.7 million, against the revised estimate of £54 million, representing a variance of £42.3 million. These projects are still at feasibility stage and will be subject to Executive approval of a business case before they are transferred to the approved capital programme. It is only once the business case is approved that the capital works can start. Monitoring progress of these projects is key to identifying project timescales. The significant projects are:

- ED48(p) - Westfield Road/Moorfield Road resurfacing (£3.152 million)
- ED32(p) - Clay Lane Link Road, £1.1 million is expected to be spent on phase 1 in 2017-18, the remaining £9.3 million cost of the scheme will be carried forward into future years

- 7.6 A number of projects, that were anticipated to start in 2017-18 have been re-profiled into future years including:

- ED18(p) - Guildford Museum (£2 million)
- ED16(p) - Slyfield Area Regeneration Project (£15.058 million)
- ED25(p) – Guildford Park new MSCP and infrastructure works (£11.645 million)
- PL16(p) – New burial ground acquisition and development (£2.458 million)
- PR7(p) – Town Centre transport infrastructure package (£4 million)

S106 (Appendix 6)

- 7.7 Capital schemes funded from s106 developer contributions is expected to total £534,000.

Reserves (Appendix 7)

- 7.8 Capital schemes funded from the Council's specific reserves. The outturn is anticipated to be £3.94 million. The main projects are:

- expenditure on car parks £1.94 million
- ICT renewals £854,000

Capital resources (Appendix 8)

- 7.9 When the Council approved the budget, the estimated underlying need to borrow for 2017-18 was £87.7 million. The current estimated underlying need to borrow is £52 million. The reduction is due to slippage in the programme where schemes are re-profiled into 2018-19.

Housing Investment Programme capital (Appendix 9)

- 7.10 The HRA approved capital programme is expected to outturn at £12.9 million against an estimate of £12.9 million.
- 7.11 The provisional programme's budget was £9.07 million with no expenditure anticipated this financial year.

8 Consultations

- 8.1 The accountants prepare the budget monitor in consultation with the relevant service managers.

9 Equality and Diversity Implications

- 9.1 There are no direct equality and diversity implications as a result of this report. Each service manager will consider these issues when providing their services and monitoring their budgets.

10 Financial Implications

- 10.1 The financial implications are contained throughout the report.

11 Legal Implications

- 11.1 The Local Government Act 1972, Section 151 states that each local authority has a statutory duty to make arrangements for the proper administration of their financial affairs. In addition, the Accounts and Audit Regulations 2015 impose an explicit duty on the Council to ensure that financial management is adequate and effective and that they have a sound system of internal control, including arrangements for the management of risk.
- 11.2 Proper administration is not statutorily defined; however, there is guidance, issued by CIPFA on the responsibilities of the Chief Finance Officer (CFO). This states that local authorities have a corporate responsibility to operate within available resources and the CFO should support the effective governance of the authority through development of corporate governance arrangements, risk management and reporting framework. Regular monitoring of the Council's actual expenditure to budget and forecasting of the expenditure for the full year is part of the proper administration and governance of the Council.
- 11.3 There are no further direct legal implications because of this report.

12 Human Resource Implications

- 12.1 There are no human resource implications because of this report.

13 Summary of Options

- 13.1 This report outlines the initial outturn position for the 2017-18 financial year. There are no specific recommendations and therefore no options to consider.

14 Conclusion

- 13.1 The report summarises the financial monitoring position for the period April to June, with the overlay of key services for the period April to July for the 2017-18 financial year.
- 13.2 Officers are currently projecting a reduction in net expenditure of £560,823 on the general fund revenue account. The main reasons for this are set out in the table in paragraph 4.10
- 13.3 The Executive will decide the treatment of any balance when it considers a report on the 2017-18 final accounts in June 2018.
- 13.4 A surplus on the Housing Revenue Account, due to lower staffing and repairs and maintenance costs will enable a transfer of £8.76 million to the new build reserve/reserve for future capital at year-end.
- 13.5 Actual expenditure incurred on our general fund capital programme for the period has been comparatively low against the programme envisaged at the 1 April 2017. Officers are making progress against significant capital projects on the approved programme as outlined in section 7. The Council expects to spend £58.1 million on its capital schemes by the end of the financial year.
- 13.6 It is anticipated that the Council's underlying need to borrow to finance the capital programme will be £52 million by 31 March 2018. The Council has complied with Prudential Indicators during the period with the exception of the upper limit on variable interest rates.
- 13.7 At the end of June 2017, the Council had £144 million of current investment balances.
