L5 ANIMAL ACTIVITY LICENSING POLICY

The Committee received a report from the Senior Specialist for Licensing and Community Safety, Mike Smith. The Committee noted that on 1 October 2018 changes were made to the way in which animal boarding establishments, dog breeding establishments, pet shops and riding establishments were licensed. The Council therefore adopted a Policy on 29 May 2019 for the licensing of activities involving animals. The policy was recommended for review every three years and the Committee was therefore asked to review the updated policy. The updated policy included minor changes which were intended to allow the Council to achieve the RSPCA Gold Paw Print for Animal Licensing. The Committee was asked to recommend the policy for public consultation for a period of twelve weeks with the final policy to be approved by the Committee in early 2023.

The Committee discussed the policy and asked whether a licence was only required for dog breeders who bred litters more than three times a year. That was considered to be a lot of puppies. The Senior Specialist for Licensing and Community Safety, Mike Smith confirmed that a person did require a licence if they bred puppies three or more times a year or advertised a business to breed dogs.

The Committee also sought clarification on the scoring matrix which had a higher risk under the welfare standards for 1 and 2 stars which were the same and was that correct? The Senior

Specialist for Licensing and Community Safety, Mike Smith confirmed that the scoring matrix was set out in the guidance of the regulations. The licence duration was based upon the star rating and the star rating was governed by how compliant the business was.

The Committee having discussed the report;

RESOLVED to approve the draft Animal Welfare Licensing Policy for a 12-week public consultation.

L6 BEST BAR NONE UPDATE

The Committee noted that it was receiving an update in relation to Best Bar None, not Purple Flag which had been listed incorrectly on the agenda.

The Committee received a verbal update from the Senior Specialist for Licensing and Community Safety, Mike Smith regarding Best Bar None. Following a two-year absence due to COVID. On 12 October 2022, delivered by Experience Guildford, the town centre's Business Improvement District, the nationally acclaimed awards celebrated best practice amongst the licensed trade, showcasing the hard work and commitment of Guildford's venues to create and run safe, responsible and inviting town centre evening economy businesses.

The Committee noted their gratitude to Experience Guildford for hosting the event.

L7 LICENSING COMMITTEE WORK PROGRAMME

The Committee noted its work programme and that they would receive an update with regard to Purple Flag at its meeting potentially in January 2023 which was subject to the Council being reaccredited for its Purple Flag status by the AGCM.

Street Trading and Collections Policy was due to be reviewed as part of its three-five year review cycle.

The Pavement Licensing Policy was reviewed in September 2022, as part of the Government's Levelling Up Bill, it was hoped this policy would become a permanent feature of the Council's responsibilities rather than Highways and further updates required then.

Hackney Carriage Policy - the Department for Transport had recently reviewed its Best Practice Guidance which when available would be incorporated into an updated policy for the Committee to review.
